There is presented again the matter of acquisition of lands on Route FAI 104-2-(2) also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcels R12A, 2R12B, R12C1, 3R12C2, 12D 12F, 12G, and 12H, on which an agreement was previously approved in the sum of $503,300.00, American Cyanamid Company. The Title Bureau reports that this property is encumbered by a Judgment open of Record against the American Cyanamid Company in favor of one Mary Alston. This is a compensation Judgment which cannot be paid in full at this time as it is payable in monthly installments. In view of the fact that there are minors involved, the Judgment will be paid in full by the year 1965. The balance due on this Judgment is $5,483.13. It is recommended that authority be granted to accept title to the above indicated parcels subject to this Judgment with the understanding that the Company will indemnify and hold harmless the State of New Jersey against possible execution on the Judgment; and that the Letter of Indemnity be accepted. (Aug. 4, 1959)

Right of Way-Route 37 (1927)

83. There is presented report from the Title Officer together with Deed for conveyance of Parcel X21 on Route 37 (1927) Island Heights to Seaside Heights Bridge over Barnegate Bay and Approaches, from the State of New Jersey to Ryan Enterprises Inc. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on May 13, 1958, under the terms of which Ryan Enterprises Inc. conveyed to the State Parcel 40 (Consideration $1.00 plus State to convey to Ryan Enterprises Inc. Parcel X21 subject to slope rights; Ryan Enterprises Inc. to pay to the State the sum of $280.00). All the other terms of this agreement have bee consummated. It is recommended that this deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel X21 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State Highway. (Aug. 4, 1959)

Right of Way-Route 42 ~~(1927), Route~~ U.S. 322 (1953)

84. There is presented again the matter of acquisition of property on Route 42 (1927) Section 6 Widening, Route U.S. 322 (1953) Weymouth to McKee City, Parcel 2B, William Bater, 2nd and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $1200. Based on additional sales and zoning information our appraisals were subsequently revised upward. Continued negotiations on this basis resulted in the execution of an agreement in the sum of $750. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (Aug. 4, 1959)

No. 29 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - AUGUST 31, 1959

Administrative Items **Federal Aid-Urban Funds**
(Route 29, Section 15A)

1. It is recommended that the attached project agreement in duplicate be approved and executed for construction of State Route 29, Section 15A, from Wilburtha Road to Scudder's Falls, Project U-198(7). The roadway to be performed under this contract consists of grading and paving of the relocated portion of Route 29, including clearing site, demolition of buildings, construction of storm drains and drainage structures; construction of curbs, guard rail, landscaping and other incidental work as provided in the contract. The amount of Federal aid Urban funds obligated is $392,700.00 which is 50% of the estimated cost for Federal participation. (Aug. 26, 1959)

Federal Aid-Interstate Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way: Mulhockaway Creek to Route US-22 at Clinton Farms, Project I-78-2(17)13. The amount of Federal-aid Interstate funds obligated is $796,500.00 which is 90% of the estimated cost for Federal participation. (Aug. 31, 1959)

Accounting-Claims-Settlements

3. Approval is recommended for the payment of $3,000.00 to William Quackenbush and Ella Quackenbush, his wife, for damage caused to their home, well, and contents of the cellar due to storm water diverted through their building by our construction of Route 23, subject to the signing of a release by the above owners. The property is known as Parcel 11, Route 23, Section 15. The owners claim approximates $3,500.00. The Claims Bureau has investigated this claim and has verified data furnished by owners and contractors as to extent of damage and reasonable cost of repairs. (Aug. 25, 1959)

Utilities-Route 17, Section 3

4. To accommodate the construction of an underpass at relocated Century Road and Route 17, Section 3, in the Borough of Paramus, Bergen County, it will be necessary for the Public Service Electric and Gas Company to rearrange their existing electrical facilities. The State is to reimburse the Public Service Electric and Gas Company for this work at an estimated amount of $8,400.00 which includes approximately 10% for contingencies. (August 25, 1959)

Agreement-Roxbury Twp., Route 80, Sec. 2

5. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Township of Roxbury covering understandings in connection with the construction and improvement of Interstate Route 80, Section 2, which work entails the separation and relocation, if necessary, of Landing Road, Shippenport Road, Orben Drive and North Service Road together with Route U.S. 46 in the Township of Roxbury, in order to conform to Interstate standards; and, both parties agree to apportion the jurisdiction, control and maintenance of all effected adjoining roadways and bridges in an equitable manner. (Aug. 25, 1959)

Utilities-Route 80, Section 4C

6. On account of the construction of Freeway Interstate Route 80, Section 4-C located in the Borough of East Paterson, County of Bergen, it is necessary for the New Jersey Bell Telephone Company to rearrange their telephone facilities. Although this section of Route 80 is not scheduled for construction in the immediate future, it is advisable to have the work done in Area "E" (The Boulevard) immediately. The Telephone Company has immediate plans for enlarging their facilities along the Boulevard by installing an additional 900 pair cable overhead. The State can provide for putting the existing and proposed facilities underground to meet Freeway standards to accommodate the highway construction at a saving. The utility company is to be reimbursed for the relocation work that will provide for the existing and proposed facilities in the Boulvard area at an estimated cost of $9,237.00 to which approximately 10% or $923.00 should be added for contingencies bringing the total estimated cost to $10,160.00. The remainder of work in the vicinity will be covered by an Order PUO-16-80-4C. (Aug. 25, 1959)

Utilites-Route 129, Section 1A & Route 29 (1953), Section 15A

7. To accommodate the construction of Freeway Route 129, Section 1-A and Route 29 (1953), Section 15-A, it will be necessary to rearrange the electrical facilities serving the pumping station of the U.S. Naval Air Turbine Test Station owned by the U.S. Department of the Navy. These facilities are located on private property owned by the City of Trenton over which the Navy Department has an easement. The Navy has agreed to let the State act as its agent. The work is to be done by Peifer Electric Company, Inc. (low bidder) in the estimated amount of $13,844.25 to which an amount of $1,380.75 should be added for contingencies, making the total amount to be set up $15,225.00, and further, that it be approved for the Department to pay the electrical contractor (Peifer Electric Company, Inc.) direct, as per the request of the Navy Department. (Aug. 27, 1959)

Utilities-Route 208, Section 3

8. On account of the construction of Route 208, Section 3, it will be necessary for the Public Service Electric and Gas Company to relocate a pole, transformer bank, and underground conduit that supplies electric service to the J. W. Eidschun Company, to accommodate the construction of the entrance from Goffle Road to Ramp "P" on Route 208, Section 3. The pole, transformer bank, and underground conduit are located on the property of the J. W. Eidschun Company, part of which the State is acquiring with the Public Service Electric & Gas Company being responsible for maintaining the facilities and having an easement for the pole location. The Public Service Electric & Gas Company is to be reimbursed for this work in the estimated amount of $1,475.00 to which approximately 10% should be added for contingencies, bringing the total amount that should be allotted to $1,620.00. (Aug. 20, 1959)

Utilities-Route 287, Sections 1C & 2B

9. Approval and execution is recommended of the attached Order No. PUO-10-287-2 issued to the Public Service Electric and Gas Company relative to the construction of Freeway Interstate 287, Section 1C and 2B, in the Township of Franklin, County of Somerset, and in the Township of Piscataway, County of Middlesex, which will necessitate the relocating and reconstructing of certain portions of their existing gas facilities. The State will reimburse the Public Service Electric and Gas Company for the actual cost of this work which including approximately 10% contingencies amounts to $55,100.00. (Aug. 20, 1959)

No Passing Zones

10. In accordance with the provisions of s. 114, c. 23, L. 1951 (c. 39:4-201.1), it is recommended that the attached regulation be adopted establishing "no passing" zones along Route 24, Town of Morristown, Morris Township, Madison Borough and Chatham Borough, Morris County. It is further recommended that Regulation NP-53-2, adopted 11-23-53 and approved 12-28-53, be rescinded. (Aug. 20, 1959)

No Parking Zones

11. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 24, Town of Morristown, Morris County. It is further recommended that the following regulations be rescinded: Regulation RP-56-20, adopted 6-6-56, approved 6-13-56; Regulation RP-57-7, adopted 3-6-57, approved 3-11-57. (Aug.20, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE 30 - 1959

SCHEDULE OF APPROVALS - SEPTEMBER 8, 1959

Administrative Items

General Property Parcel Map-Route 6, Route U.S. 46 (1953)

1. Approval is recommended of the attached print of the General Property Parcel Map for Route 6, Section 36, Route U.S. 46 (1953), Delaware to Belvidere, Showing Existing Right of Way and Parcels to be acquired in the Townships of Knowlton & White, County of Warren, to be filed in Warren County. (September 2, 1959)

Federal Aid-Primary Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route No. 10 (1953), Section 24, to construct an overpass over State Highway Route 10 with necessary approaches at Salem Street, Randolph Township, Project No. F-114(10). The amount of Federal-aid Primary funds obligated is $228,050 which is 50% of the estimated cost for Federal participation. (September 2, 1959)

Federal Aid-Urban Funds

3. It is recommended that the attached project agreement in duplicate be approved and executed for Rights-of-Way: Route 17, Route 4 North to Ridgewood Avenue (Century Road Intersection), Project No. U-102(14). This action was the State's request for authorization and approval to acquire the necessary right of way for construction on Route 17, Route 4 North to Ridgewood Avenue (Century Road Intersection). The amount of Federal-aid Urban funds obligated is $147,500 which is 50% of the estimated cost for Federal participation. (September 2, 1959)

Prequalification of Bidders

4. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (September 2, 1959)

Utilities-Route 15 (1953), Section 1

5. On account of the construction of Route 15 (1953), Section 1, Township of Rockaway and Borough of Wharton, it is necessary for the New Jersey Power & Light Company to raise its electical conductors across the proposed roadway and through private property which the electric company occupies by virtue of an easement. The New Jersey Power & Light Company is to be reimbursed for the actual cost of this work in the amount of $1,150 to which a contingency amount of $100 should be added, making the total amount to be set up $1,250. (September 2, 1959)

Utilities-Route FAI 80, Section 5

6. The design for the construction of Interstate 80, Section 5, in the City of Hackensack, came in conflict with a proposed 30" sanitary sewer between Hudson Street and River Street. A revised plan for the proposed sewer (Scheme"B") would have avoided conflict with the freeway if the freeway design employed a viaduct structure through the area, and the owners of the sewer (Bergen County Sewer Authority) let a contract based on Scheme "B". The Department, awaiting approval for vertical clearance for bridge over the Hackensack River, requested the sewer Authority to hold up construction along Scheme "B" until it was definitely determined whether viaduct or fill would be used. The Department's final decision to use fill over this area required the sewer to be constructed along Scheme "C". Construction of this sewer under Scheme "C" resulted in an overall increased cost to the Sewer Authority and it is, therefore, recommended that the Bergen County Sewer Authority be reimbursed for the actual cost caused by the delay to the sewer construction work and for other contigent costs caused by the freeway design in the estimated amount of $93,313.75. (September 4, 1959).

Through Streets

7. In accordance with the provisions of R.S. 39:4-140 (as amended), it is recommended that the attached regulation be adopted designating as a "Through Street":
Route U.S. 46 (Fifth Street), Palisades Park Borough, Bergen County. (September 1,1959)

Speed Limits

8. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 37 Berkeley Township, Dover Township, Island Heights Borough, Manchester Township & Lakehurst Borough, Ocean County, and that Regulations LS-55-34, adopted July 29, 1955, approved August 11, 1955, and LS-57-6, adopted March 7, 1957, approved March 12, 1957, be rescinded. (September 1, 1959)

Construction Items

Route 130, Section 1

9. Alexander Construction Company, Inc., Contractor for the Widening & Resurfacing on Route 130, Section 1, from South Branch of Newton Creek to Klemm Avenue and from Market Street to Little Timber Creek, in the City of Gloucester, Camden County, have satisfactorily completed the work under their contract as of July 9, 1959. It is recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (September 2, 1959)

Route 35, Section 4B

10. Under date of May 19, 1959, the Commissioner approved of making final payment to M.J. Stavola, Inc., for the construction of Route 35, Section 4B, in the Borough of Eatontown, Monmouth County. However, core drill reports dated July 21, 1959 from the Laboratory showed a deficiency in thickness in the bituminous concrete Type FABC-2 surface and bituminous concrete base course which amounts to $830.18. It is, therefore, recommended that the sum of $830.18 be deducted and further that the contractor furnish a 3 year performance bond in the amount of $4,951.50 representing the total value of the pavement type FABC-2, 3" thick constructed on this project. (September 4, 1959)

SCHEDULE OF APPROVALS - SEPTEMBER 21, 1959

Administrative Items

General Property Parcel Map-Route 29A (1927)

1. Approval is recommended of the attached print of the General Property Parcel Map for Route 29A (1927) Section 5, Route 29 (1953) From One Mile North of Byram to Raven Rock, Showing Existing Right of Way and Parcels to be Acquired in the Townships of Kingwood and Delaware, County of Hunterdon, to be filed in Hunterdon County. (September 17, 1959)

Federal Aid-Urban Funds

2. It is recommended that the revised project agreement in duplicate be approved and executed for Construction. This revision will cancel the Commissioner action of August 12, 1959. Route No. 17, Section 3, Underpass at Century Road, County of Passaic, Project U-102(10). The road work consists of grading, furnishing and placing borrow for embankment; paving ramps and overpass roadway with macadam base and bituminous concrete surface; widening main line pavement with concrete pavement surface, plain; construction of drainage and concrete curbs; and other incidental work as provided in the Contract. Also underpass bridge carrying Century Road over Route 17. The amount of Federal-aid Urban Funds obligated is $265,500.00 which is 50% of the estimated cost for Federal participation. (September 15, 1959)

Services-Engineering

3. Approval and execution is recommended of the attached Agreement between McClave & Fox, Consultants, and the State of New Jersey relative to the furnishing of Engineering Services in connection with pending litigation challenging the propriety of a riparian grant on State Highway Route 3 (formerly Route S-3 Section 1) especially that area embraced between Station 172+0 and 193+0. The Consultant is to prepare the necessary map showing the riparian conditions, examine field notes and furnish expert witnesses at the impending trial. The Consultant is to be paid on a force account basis and on a per diem basis for professional services in accordance with the terms of this agreement. The estimated cost for these services is approximately $5,000.00. (September 19, 1959)

Agreements-Route 129

4. Approval and execution is recommended of the attached Agreement between the Department of Highways of the Commonwealth of Pennsylvania and the State of New Jersey covering understandings in connection with the construction of the Scudders Falls Bridge connecting New Jersey State Highway Route 129 with the Pennsylvania Highway System which construction necessitates the removal of White's Island at the site of the new bridge over the Delaware River in order to restore the channel width. The Commonwealth of Pennsylvania will acquire by agreement or by condemnation, if necessary, title to White's Island and the State of New Jersey agrees to reimburse the commonwealth to the extent of two-thirds of the total cost of said acquisition. (September 4, 1959)

Agreements-Route U.S. 1 (1953), Sections 1D,2D & 3D

5. Approval and execution is recommenddd of the attached agreement between the State of New Jersey and the Pennsylvania Railroad Company and the United New Jersey Railroad and Canal Company covering understandings in connection with the State's resurfacing and widening of Sections 1D, 2D and 3D of Route U.S. 1 (1953), Route 26 (1927), in the Township of South Brunswick, County of Middlesex, across the Kingston Branch track of Railroad which construction will necessitate the reconstruction of the railroad grade crossing and the installation of electric flasher warning signals, which signals will be installed, owned and operated by the Railroad. The total estimated cost including contingencies for the work to be performed by the Railroad is $14,439.00 for which the State will be obligated to pay the Railroad Company 90% of the cost for flasher warning devises and 100% of the ballast costs and the State will be reimbursed for the total cost of the State's share of warning devises by the Federal Bureau of Public Roads as per PPM21-10. This amount will be deducted from the State's share of Federal Aid available for highway projects. (September 14, 1959)

Utilities-Route 287, Section 1B

6. Approval and execution is recommended of the attached Order No. PUO-17-287-1 issued to the Public Service Electric and Gas Company relative to the construction of Freeway Interstate 287, Section 1B, in the Township of Bridgewater, County of Somerset, which will necessitate the relocating and reconstructing of certain portions of their gas facilities. The State will reimburse the Public Service Electric and Gas Company for the actual cost of this work which including approximately 10% for contingencies amounts to $22,200.00. (September 15, 1959)

Utilities-Route 169, Section 1

7. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the New Jersey Bell Telephone Company covering understandings in connection with the Construction of Route 169, Section 1 through a portion of the City of Bayonne and the City of Jersey City, which construction will necessitate the relocation of certain facilities of the Company's existing telephone system. The Company is to be reimbursed for this work which including 10% contingency is estimated at $1,800.00. (September 19, 1959)

Claims-Route 23, Section 15A

8. There is presented herewith report concerning complaint of Mr. Morgan Besson arising out of the construction of Rt. 23, Section 15A, Twp. of Montague, Sussex County. Due to the construction conditions, an abnormal rain storm flooded Mr. Besson's property and caused damages to his yard. Mr. Besson repaired this damage for which he is asking reimbursement in the amount of $50. Authority is therefore recommended in making payment to Mr. Besson in this amount when he submits a release absolving the State from all present or future claims that may have or can be attributed to the storm. (September 19, 1959)

Speed Limits

9. In accordance with the provisions of R.S. 39:4-98 (as amended) it is recommended that the attached regulation be adopted establishing legal speed limits along Route 72, Woodland Township, Burlington County, Union Township, Stafford Township and Ship Bottom Borough, Ocean County and that Regulation LS-56-17, adopted June 6, 1956 and approved June 13, 1956, be rescinded. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing on the premises. Owners are demanding $5,000.00, which is considered excessive. (Sept. 16, 1959)

Right of Way-Route 78

101. There are presented report and appraisal with map and description on Route 78 (1953) Section 2G, Project I 78-2-(17), Mulhockaway Creek to West of Clinton In the Vicinity of Clinton Farms, Parcels 4A & 4B, David S. Cohen. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owner is demanding $80,000 which is considered excessive. (Sept. 16, 1959)

- - - - - - - -

102. There are presented report and appraisal with map and description on Route FAI 80-2-(14), Route U.S. 46 at Netcong to East Side of Landing Road, Parcel R30, Cecelia Francomacaro, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $12,000.00 which is considered excessive. (Sept. 16, 1959)

Right of Way-Route 287

103. There are presented report and appraisal with map and description on Route FAI 104-2-(2) also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcel 2, Edith Bulat and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $45,000 which is considered excessive. (Sept. 14, 1959)

- - - -Right-of Way-Route 80

104. There is presented a Grant of Easement in the name of the New Jersey Power and Light Company on Route FAI 80-2-(14), Route U.S. 46 at Netcong to East Side of Landing Road; Parcel URE47B, The Heirs of Hattie C. King, Consideration $1,000. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power and Light Company, with the understanding that the State will reimburse the Power Company under R.S. 27:7A-7. (Sept. 16, 1959)

Services-Janitorial

105. There is presented again the matter of janitorial services for our field offices located at 231 Fairview Avenue and 239 Fairview Avenue in Bogota. Agreements were previously approved authorizing the Metropolitan Maintenance Company to perform these services at the rate of $70.00 for 239 Fairview Avenue, and $60.00 for 231 Fairview Avenue. In order to minimize accounting details, it is recommended that the attached agreement be approved, covering janitorial services on both of these offices in the total amount of $130.00 per month; and that the previous actions be rescinded. (Sept. 14, 1959)

Sale of Building-Route 78, Section 2G

106. There is presented report of the public auction which was held on September 8, 1959, for the sale of the Brick Tavern building on Route 78, Section 2G, Project 78-2-(17), Mulhockaway Creek to West of Clinton to the Vicinity of Clinton Farms, Parcel 7. A bid in the amount of $250.00 was received from E. Herbert Kiefer, Agent for the Hunterdon Properties, Clinton, New Jersey, with the understanding that he would remove the building, raze the foundation walls to ground level, fill in the cellar with non-deteriorating materials and remove all debris from the site. It is requested that authority be granted to sell this Brick Tavern to Mr. Kiefer on his bid of $250.00; and that he be notified to remove same upon payment of the full purchase price. (Sept. 14, 1959)

Right of Way-Route 26 (1927), U.S. 1 (1953)

107. There is presented again the matter of acquisition of property on Route 26 (1927), Section 2, U.S. 1 (1953), Project F95-(28), D & R Canal to Penns Neck, Parcel 55, Jennie Jerab, widow. Condemnation proceedings were previously authorized because owner's demands were considered excessive. Our Engineering Department has now indicated that lands subsequently acquired from the County of Mercer will be sufficient for our needs at this location, and Parcel 55 will therefore be deleted from the General Property Parcel Map. It is recommended that the previous action covering Parcel 55 be rescinded and that Parcel 55 be not acquired. (Sept. 14, 1959)

NO. 33 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - SEPTEMBER 30, 1959

Administrative Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (September 30, 1959)

Settlement
Claims-(Cancellation)

2. There is presented a claim arising out of an accident occurring on April 22,1959 on Route 1 near Sand Hill, New Jersey, involving a vehicle owned by the New Jersey State Highway Department and operated by Thomas H. MacRorie and a vehicle owned by George C. Wieger and operated by A.J. Gyorfas. As a result of the aforesaid accident the Highway vehicle was damaged and had to be repaired at a cost of $190.15. Investigation of this accident disclosed that the Highway vehicle was traveling on a road that was barricaded and not open to traffic and the accident occurred where traffic entered the roadway at the end of the closed section. Based on these facts the insurance carrier for the outside party turned down our claim. After further discussion with the said insurance carrier the Claims Bureau have prevailed upon them to make an offer to pay 50% of our claim. In view of the foregoing, I feel that the Department would be justified in accepting $95.08 in full settlement of this claim and the remaining like amount be cancelled. (September 21, 1959)

Claims-Settlement

3. The State Highway Department has two claims against Reinauer Transportation Company, one in the amount of $9,290.46 arising out of an accident occurring on November 18, 1957 at the Hackensack River Bridge, Secaucus, and the other in the amount of $39.18 arising out of an accident occurring on April 22, 1958 at the Passaic River Bridge, Belleville, New Jersey. The larger claim arose out of an accident involving a tug owned by Reinauer Transportation Company which was towing a barge which struck the fender system at the Hackensack River Bridge. The smaller claim also involved a tug owned by the Reinauer Company which caused damage to guard railing on the Passaic River Bridge. The tow boat company upon being presented with these bills offered the sum of $7,500 which offer was rejected by this office.
Subsequent negotiations by the Claims Bureau has now resulted in the Reinauer Company offering the sum of $8,414.82. The new offer of settlement represents an overture by the tow boat company of meeting the State Highway Department half-way on the difference between the full amount of the State's claim and their original offer.
Giving due consideration to the cost involved in the event we elected to institute a court action to recover the full amount of these claims, and also considering an allowance towards depreciation on the fender system to which the debtor is legally entitled, we consider the best interests of the State would be served by accepting the sum of $8,414.82 in full settlement of the above mentioned claims and it is our recommendation and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of the Deputy Attorney General that the offer of settlment be approved. (September 28, 1959)

Federal Aid-Urban Funds

4. It is recommended that the attached project (modified) agreement in duplicate be approved and executed for Preliminary Engineering: Route 20, Market Street to Broadway-Paterson, County of Passaic, Project No. U-139(5). Approval is recommended in making award of contract to Ralph Barone & Sons for the Grading & Paving of Green Lane Extension, New Jersey State College at Union, in the Township of Union, Union County, Contract No. 2, at their bid the lowest of nine (9) bids received on September 23, 1959, in the amount of $57,852.40. (September 30, 1959)

Route U.S. 130 (1953), Sections 8A & 9A

27. Approval is recommended in making award of contract go Glasgow, Inc., for Route U.S. 130 (1953), Sections 8A & 9A, from Coopertown Road to Cinnaminson Avenue, Intersection Improvements, Turning Ramps and Island Closings; Willingborough, Edgewater Park, Delran and Cinnaminson Townships, Burlington County, at their bid the lowest of six (6) bids received on August 26, 1959 in the amount of $1,018,821.43. (September 25, 1959)

Route 33, Sections 17A & 18

28. General Paving Corporation, contractor for the construction of Route 33, Sections 17A & 18 from Route 35 to Garden State Parkway in the City of Neptune, Neptune Township, have satisfactorily completed the work under their contract as of October 31, 1958 with the following exceptions on Road Items only:

Laboratory reports covering Bituminous Concrete Type FABC, bottom and top course indicate failure to comply with specifications as listed below:

Item 19 - Pavement Type FABC-2, Top Course - 671.6 Tons @ $10.00 - $ 6,716.00
Item 20 - Pavement Type FABC-2, 3" thick - 5,032 s.y. @ 1.58 - 7,548.00
Total - - - - - $14,264.00

Also, core reports on both Bituminous Concrete Type FABC and Bituminous Gravel base course showed shortage beyond the allowed minimum thickness as follows:

Item 14 - Bituminous Gravel base course, 6" tk. - 950 s.y. @ $ 2.00 - $1,900.00
Item 20 - Pavement Type FABC-2, 3" thick - 347 s.y. @ 1.50 - 520.50
Total - - - - - - $2,420.50

It is, therefore, recommended that the final acceptance be made authorizing final payment upon receipt of the as-built quantities and deducting from Road Items only $2,420.50 representing the deficient pavement thickness asmentioned above and further that the contractor furnish a three-year performance bond in the amount of $14,264 to guarantee performance of pavement under Items 19 & 20 as mentioned above. 100% payment is recommended on all Bridge Items. (September 29, 1959)

Route 37, Section 16

29. Reid Contracting Company, contractor for the construction of Route 37, Section 16, from the Mathis Bridge to Seaside Heights, Ocean County, have finally completed the work under their contract as of December 5, 1958. However, there appears the following deficiencies and exceptions: Material used in Item 24, Pavement, Type SP-1 is reported as not complying with specifications. The tonnage involved is 73.5 tons valued at $1,102.50. There was also reported a deficincy of 6% on 39,000 s.y. of bituminous gravel base course vallued at $4,399.20. There are also claims to the amount of $48,730.19 outstanding against the contract. In addition there should be withheld $6,163 to guarantee satisfactory completion of landscape planting and reseeding. It is, therefore, recommended that this project be finally accepted and semi-final payment authorized on road items only withholding 3.5% of the completed contract amount of road work which amount is considered sufficient to cover all deficiencies, claims, landscape work and As-Built deductions that may occur. It is further recommded that a 3 year performance bond be placed on Item 24 as mentioned above in the amount of $1,102.50. It is also recommended that final payment be made without further Commissioner's Action upon completion of As-Built quantities. 100% payment is recommended on all bridge items. (September 25, 1959)

Route S-41, Section 1D

30. Under date of September 17, 1959 Commissioner Palmer approved for final payment, the Gaskill Construction Company's contract on Route S-41, Section 1-D, Palmyra Bridge Plaza to Route U.S. 130, Federal Project No. U-183(5) in the Borough of Palmyra, Pennsauken Township, Burlington and Camden Counties. It is recommended that this action be rescinded and the following recommended for approval: In accordance with new decisions now in effect wherein a 1/2" tolerance is now considered allowable in the total thickness of the bituminous pavements, the following is the value of deficient thickness of Items 21 & 22 revised: Item 21 - Bituminous gravel base course, 6" thick, 268 s.y. @ 2.30 - $616.40; Item 22 - Pavement Type FABC-2, 3" thick, 802 s.y. @ $1.45 - $1,162.90 - Total - $1,779.30. The three-year performance bond as recommended in the original action will not be required. It is, therefore, recommended that the project be finally accepted and a final estimate issued the contractor deducting the amount of $1,779.30 representing the deficient thickness of the bituminous pavement as listed above. (September 29, 1959)

Right of Way-Route S4B (1927), 208 (1953)

128. There is presented again the matter of acquisition of property on Route S4B (1927), Section 2, Route 208 (1953), Goffle Road to Oakland Avenue, Oakland, Parcel 132, Charles J. Mellendeck and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $12,000. During negotiations the owners strenuously objected to the State's plan to build a driveway about 20 feet in length in front of his property at about Station 416+20. (The cost to the State for the construction of this driveway was estimated at $1,000). After consultation, our Engineering Department prepared a sketch showing the new section of driveway to be constructed by the owners at their own expense. On this basis (which eliminates the original driveway construction) an agreement was executed in the sum of $10,500 with the stipulation that the owners shall construct at their own expense, an alternate driveway leading from the turnaround in front of dwelling to the garage. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (September 21, 1959)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - OCTOBER 16, 1959

Administrative Items

Claims-Settlements

1. In making exploratory borings for Route 78 at the Potterstown-Oldwick Road it was necessary to extend one leg of the tripod through a fence owned by Mrs. John McCatharn, although the actual borings were not being taken on the McCatharn property. As a result of our operations the fence was damaged and a portion had to be replaced by the owner, for which a claim has been presented in the amount of $39.90. Our investigation indicates that the claim is justified and it is recommended that Mrs. McCatharn be paid the sum of $39.90 upon execution of the necessary release. (October 13, 1959)

Reimbursement-Woodbridge Township, Middlesex Co.

2. To accommodate the construction of Route U.S. 1 and 9, Section 1, from Inman Avenue to Greenwood Street, Woodbridge Township, Middlesex County, more particularly in the vicinity of Hyatt Street, it was necessary for the Commissioners of Fire District #5, in the Township of Woodbridge, County of Middlesex to relocate the fire alarm system. The exact amount of this work was $74.00 and it is recommended that the Fire Commissioners be reimbursed in this amount (bill attached). (October 8, 1959)

Agreements-Ocean County

3. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the County of Ocean covering understandings in connection with the construction of drainage facilities in the vicinity of Route U.S. 9 (formerly Route 4, Section 26), Toms River, N.J. This project will be performed as joint endeavor, and the State's share in the cost will be exactly $400.00. (October 8, 1959)

Utilities-Route 18

4. To accommodate the construction of the grade separation structure of Route 18 over Route 9 in Madison Township, Middlesex County, it will be necessary for the Jersey Central Power and Light Company to relocate their 12 KV line by a temporary by-pass and ultimately restore their line back to its original location but on higher poles. However, the Utility Company prefers to eliminate the temporary work by doing some off-site work on Texas Road which will be of future use to the company; also they elected to improve other facilities near the area. This work which the Company proposes to perform is estimated at $4,536.29. It is proposed that we reimburse the Power Company in an amount that will be equivalent to the cost of the minimum theoretical construction necessitated by our project which is estimated at $2,452.55 to which should be added approximately 10% contingencies bringing the total estimated cost to $2,690. which is the amount that should be approved for reimbursement. (October 13, 1959)

- - - - - - - - -

5. To accommodate the construction of the grade separation structure of Route 18 over Route 9 in Madison Township, Middlesex County, it will be necessary for the New Jersey Bell Telephone Company to relocate their telephone facilities. It is recommended that we reimburse the New Jersey Bell Telephone Company for this work in an estimated amount of $230. to which approximately 10% should be added for contingencies bringing the total amount to $250. (October 13, 1959)

Utilities-Route 21, Section 1C

6. Approval and execution is recommended of the attached Order No. PUO-11, Federal Project U-126(14), issued to the New Jersey Bell Telephone Company, relative to the construction of Freeway Route 21, Section 1C, in the Town of Nutley, County of Essex and the City of Clifton, County of Passaic, which will necessitate the relocating and reconstructing of certain portions of their existing telephone facilities. The State will reimburse the New Jersey Bell Telephone Company for the actual cost of this work which including approximately 10% contingencies amounts to $39,300.00. (October 7, 1959)

Utilities-Route 29 Freeway, Sec. 13B

7. Under date of March 20, 1956 Commission Action approved Utility Order #7 issued to the New Jersey Bell Telephone Company for the rearrangement of their facilities to accommodate the construction of Freeway Route 29, Section 13B. The amount set up under this Order was $10,300., however, the actual cost of the rearrangement work amounted to $13,137.41, and it is recommended that the additional amount of $2,837.41 be set up to cover the total cost of the work done under the Utility Order #7. (October 7, 1959)

Reimbursement-Bellmawr, Rt.42,Sec.13

8. During the construction of Freeway Route 42, Section 13, in the Borough of Bellmawr, there resulted a break in the water main on Browning Road caused by the general settlement of roadway fill. The Borough of Bellmawr repaired this break in their water main plus other incidental work at a cost of $631.00. Inasmuch as this breakage occurred due to our Freeway construction, it is recommended that the Borough be reimbursed in the amount of $631.00. (October 15, 1959)

Reimbursement-Denville Twp., Route FAI 80, Sec. 2J

9. Approval and execution is recommended of the attached Agreement between the Township of Denville and the State of New Jersey covering understandings in connection with the relocation of sewer facilities owned and operated by the Township of Denville necessitated by the construction of Interstate 80, Section 2J. The State will make or cause to be made the revisions in its contract for Interstate 80, Section 2J and the State will reimburse the Township on a cost plus basis for any emergency type of work on sewer facilities necessitated on account of said construction. Further the State will reimburse the Township for the engineering charges required by the sewer rearrangement work which charges are estimated to be $750. (October 8, 1959)

Reimbursement-Boro of Warton, Route FAI 80, Sec. 2

10. To accommodate the construction of Freeway Interstate Route 80, Section 2 in the Borough of Wharton, it is necessary for the Borough of Wharton to relocate six (6) water services on North Main Street. The estimated cost of this work is at the rate of $63.73 per service for an estimated total of $382.38. It is recommended that the Borough of Wharton be reimbursed in this estimated amount. (October 13, 1959)

No Parking, Stopping or Standing

11. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking, stopping or standing" zones along Route 37 (Section 6), Hamilton Township, Mercer County. (October 8, 1959)

NO. 35 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - OCTOBER 27, 1959

Administrative Items

Accounting-Claims-Settlements

1. There is presented a claim arising out of an automobile accident which occurred on December 10, 1945 and involved a vehicle owned by Richard Lovelace and operated by Robert Paul Lovelace. As the result of the above mentioned accident which occurred on the Victory Bridge, Perth Amboy, New Jersey, bridge equipment was damaged and subsequently repaired at a cost of $155.90. Investigation by the Claims Bureau reveled that neither Mr. Lovelace or the vehicle which he was operating, was insured for property damage insurance. The road surface was snowy and it was dark at the time the accident occurred. Mr. Lovelace further advised this office that the accident was caused partially by his being confused due to red lights on the traffic gate, green navigation lights on top of the bridge, and other colored lights placed in various locations on the bridge. Subsequently negotions with Mr. Robert Lovelace revealed his willingness to pay this claim in small installments over a period of time. Between December 1945 and October 1959, numerous small payments have been made at various times, all in the amount of $2.00. Continued efforts were made by the Claims Bureau in order to collect this claim and at the present time a balance remains of $58.00. Mr. Lovelace has recently made an offer on the basis of a $30.00 payment in full settlement of the claim. In view of the fact that it has taken Mr. Lovelace 14 years to make the above described payments it is the opinion of the Claims Bureau that the State of New Jersey would be justified in accepting the above offer of settlement. This is in accordance with Mr. Levine's memorandum attached hereto and the recommendation of William J. McCormack, Deputy Attorney General. (October 19, 1959)

Utilities-Route U.S. 9, Section 2

2. To accommodate the construction of Route U.S. 9, Section 2, Cape May Canal Bridge & Approaches, Lower Township, Cape May County, it is necessary for the Township of Lower to rearrange its water distribution system. It is recommended that the Township be reimbursed for this work in the estimated amount of $4,252 plus engineering fees of $410 fixed, making a total of $5,128 which includes approximately 10% contingencies forwhich the Township should be reimbursed.
(October 20, 1959)

Utilities-Route 18, Section 2

3. To accommodate the construction of Route 18, Section 2, in the City of New Brunswick, County of Middlesex, it is necessary for the Public Service Electric & Gas Company to rearrange its existing electrical transmission facilities. It is recommended that the Utility Company be reimbursed for this work which including approximately 10% contingencies is estimated at $6,700. (October 22, 1959)

Utilities-Route 21 Freeway, Section 1C

4. Approval and execution is recommended of the attached Agreement between The Delaware, Lackawanna & Western Railroad Company and the State of New Jersey covering understandings in connection with the construction of Freeway Route 21, Section 1C, in the City of Clifton, Passaic County, which construction will necessitate the rearrangement of the facilities owned by the Railroad Company.
The Western Union Telegraph Company must also rearrange some of its facilities to accommodate the State's construction. The items of work in this Agreement are intended to cover work by both the Railroad and Western Union Telegraph Company, and that payment by the State will be made directly to the Railroad for its portion of the work, and directly to the Western Union Telegraph Company for its portion of the work, providing statements accompanying bills clearly indicate work performed by each company. The total estimated cost for the work to be performed by both utilities is $193,000 which includes approximately 10% contingencies and it is recommended that the Utility Companies be reimbursed in this amount.
(October 21, 1959)

Utilities-Route 208, Section 3

5. It is recommended that the Commissioner's action approved August 20, 1959 in the amount of $1,620 for reimbursement to the Public Service Electric & Gas Company for the rearrangement of their electrical facilities on Route 208, Section 3, be rescinded inasmuch as further investigation established the fact that reimbursement for this work was questionable and the Public Service Electric & Gas Company rather than submit additional proof to verify their claim for reimbursement elected to make the necessary changes at their own expense and make no claim for reimbursement from the State. (October 20, 1959)

Utilities-Route 21 Freeway, Section 1C

6. Approval and execution is recommended of the attached Order No. 10 issued to the Public Service Electric & Gas Company relative to the construction of Freeway Route 21, Section 1C, in the Town of Nutley, County of Essex and City of Clifton, County of Passaic, which will necessitate the relocating andreconstructing of certain portions of their existing electrical facilities. The State will reimburse the Public Service Electric & Gas Company for the actual cost of this work which including approximately 10% for contingencies amounts to $139,000. (October 23, 1959)

Flood Damage-Sussex County

7. There is attached hereto a list of bids received by the County of Sussex for the construction of Sussex County Bridge No. 67 & Approaches, damaged by the flood of August 18 & 19, 1955, in the Township of Hampton, County of Sussex. The recommendation of the County is to make award of contract to Crandon Construction Company, Inc., R.D. 3, Newton, New Jersey, at their low bid of $34,840.68. Approval is recommended in concurring in the award of contract to the extent of $31,356.61, which is the State's share as per approved application and agreement. (October 22, 1959)

- - - - - - - -

8. Approval is recommended of plans and specifications submitted by the County of Sussex and authorization for the County to advertise for bids for the reconstruction of Bridge No. 518 on Broad Street in Branchville Boro, which was damaged by the floods of August 18 & 19, 1955. (October 26, 1959)

No Parking Zones

9. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing legal "no parking" zones along Route 71, Borough of Spring Lakes Heights, Monmouth County. (October 21, 1959)

Right of Way Items

Right of Way-Route 4 (1927)

38. There is presented a sheet of the General Property Parcel Map on Route 4 (1927), Section 3, Hackensack River to Fort Lee, (showing property to be acquired at Culver Street and Irving Avenue); together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessaryin order to conform with the construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $500 and authority is requested to set up this amount from funds available under Item 37, Miscellaneous-Engineering Right of Way & Construction of the 1958-59 Construction Program. (October 22, 1959)

Right of Way-Route 295

39. There is presented a sheet of the General Property Parcel Map on F.I-108-1(12) (also known as 295-1-12), Verga to North-South Freeway. Indicated in green on this map is utility easement required for the relocation of the water main of the Township of West Deptford. The General Property Parcel Map from Route 42 (North-South Freeway) to Verga was heretofore approved. Sufficient funds have been set up to acquire all of the right of way. Authority is requested to negotiate in the name of the Township of West Deptford for the acquisition of such property rights as may be required for the relocation of their water main. In accordance with Statute 27:7A-7 of New Jersey Revised Statutes, the property rights are to be acquired at the expense of the State. (October 22, 1959)

Parkinson & Wife, consideration $4,000 - including down payment of $1,000. Approval is recommended. Authority is requested to dispose of the dwelling either to the road contractor, by public auction or by sealed bids. (October 22, 1959)

Right of Way-Route S4B (1927) 208(1953)

51. There is presented again the matter of acquisition of a slope easement on Route S4B (1927), Section 2, Route 208 (1953), Goffle Road to Oakland Avenue, Oakland, Project F-189-(16); Parcel 2RE98, John C. Durst & Wife. Condemnation proceedings were previously authorized at which time the owner's demands were unknown. At the time the original departmental appraisals were made, construction plans were not available. Following a study of the construction plans, the departmental appraisers determined that the damage sustained by reason of the acquisition of this easement was greater than originally indicated. Negotiations were continued based on revised appraisals. An agreement has now been executed and submitted in the sum of $4,000. It is recommended that this agreement be approved andthat condemnation proceedings previously authorized be discontinued. (October 22, 1959)

Right of Way-Route 17

52. There is presented again the matter of acquisition of property on Route 17, Section 7, Project U-102-(13), Route 17 (1927) to Wearimus Road. An agreement was previously approved with the Paramus Roller Rink, Inc., in the sum of $1,300 covering Parcel 98B. The Title search revealed that a portion of Parcel 98B was not owned by the Paramus Roller Rink, Inc. Negotiations were re-opened and an agreement has now been executed in the sum of $1,150 covering Parcel 98B1. It is recommended that this agreement be approved and that the agreement covering Parcel 98B be rescinded. (October 22, 1959)

Right of Way-Route 80

53. There is presented again the matter of acquisition of property on Route F.I-101-2(7) also known as 80-2-(7), from a Point West of Mount Arlington Road to Union Turnpike, Wharton. An agreement was previously approved with Atlas Powder Company in the sum of $29,200 for conveyance of Parcel 1 (26.24 Acres) together with land-locked remainder on the south (9 Ac.-). Subsequently the title search revealed a deed overlap on the extreme westerly portion of the Atlas property affecting approximately 1.12 acres. Negotiations were re-opened, and an agreement in the sum of $28,375 has now been secured (excluding this 1.12-acre portion), covering parcel 1B containing 25.12 acres together with the land-locked area of approximately 9 acres, and all right, title & interest in Parcel 1A. It is recommended that the agreement covering Parcel 1B be approved, and that the previous agreement covering Parcel 1 be rescinded. (October 21, 1959)

- - - - - - - -

54. There is presented again the matter of condemnation of property on Route F.I 101-4-(3), also known as 80-4-(3), New York Susquehanna & Western Railroad to a Point East of Garden State Parkway, Parcel 11A, William J. Voltzow, single; and Matt Vuolo & Wife, t/a Parkway Fuel Company. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $13,550; the testimony on behalf of the owner was in the sum of $30,200; the commissioners made an award in the sum of $20,000. It is recommended that the award be appealed. (October 22, 1959)

Right of Way-Route 295

55. There is presented again the matter of condemnation of property on Route F.I 108-1-(16), also known as 295-1-(16), Hollywood Avenue to New Jersey Turnpike, Parcel 6, Wilmington Savings Fund Society. At the hearing before condemnation commissioners, the testimony on behalf of the owner was in the sum of $3,000. Our trial Attorney reports that a great deal of this testimony was presented over his objection. While we had an expert present prepared to testify to a figure of $1,400 it was the opinion of our trial Attorney that the State's interest could best be served by holding our witness in reserve for use on appeal. An award was rendered in the sum of $2,500. It is recommended that an appeal be authorized. (October 23, 1959)

Right of Way-Route S4B

56. There is presented again the matter of acquisition of property on Route S4B, Section 1, Route 4 (Rev. 1927) to Goffle Road, Parcel 65, Tessie Sabatello & Husband, on which an agreement was approved on November 18, 1938. The agreement was in the sum of $1,000 plus conveyance of Parcel 66X, which had a value of $280.50. The agreement stipulated that the State was acquiring slope rights for grading the ultimate width of the highway. In the present improvement of this route (now known as Route 208 (1953) it is found necessary to exercise our right under the agreement approved November 18, 1938. The settlement obtained was not, in our opinion, equitable in that no payment was allowed for the value of the dwelling, nor was provision made for its removal in the event it became necessary for the State to exercise its right. Authority is requested to negotiate with the owner on an equitable basis for the value of the dwelling. (October 22, 1959)

Right of Way-Route 1

57. There is presented again the matter of acquisition of property on Route 1, Section 5, Broadway to Communipaw Avenue, together with a report from the Title Officer. An agreement previously approved with the Transport Manufacturing & Equipment Co., Inc. for the conveyance of Parcel 17 at a consideration of $220. was never consummated. Subsequently it was determined that additional property (designated as Parcel W17) would be required at this location. As a result of negotiations conducted with the present owners, Trailmobile, Inc., a Deed has been executed and submitted covering both Parcels 17 & W17 at a consideration of $1,000. It is recommended that this Deed be accepted; that authority be granted to pay the sum of $1,000 therefor; and that theprevious agreement covering Parcel 17 be rescinded. (October 20, 1959)

Right of Way-Route 10 (1953)

58. There are presented report and appraisal with map and description on Route 10 (1953), Section 2, Project F114-(11), Millbrook Avenue to Tabor Road, Parcel 1B, Helen P. Rak & Husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $13,600 which is considered excessive. (October 21, 1959)

Right of Way-Route 28 (1953)

59. There are presented report and appraisal with map and description on Route 28 (1953), Section 1, Coolidge Place to Bridge Street, Project U-125-(4); Parcel 5, Emma Erickson. It is recommended that authority be granted to institute condemnation proceedings for the acquistion of this parcel in fee simple subject to any public utilities existingin the premises. The owner cannot be located. (October 22, 1959)

Right of Way-Route 80

60. There are presented report and appraisal with map and description on Route F.I 80-2-(14), Route U.S. 46 at Netcong to East Side of Landing Road, Parcel 73, Charles Birdsall & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners refused an offer of $3,600 and have not made known their demands. (October 21, 1959)

NO. 36 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - OCTOBER 30, 1959

Administrative Items

Utilities-Route 80, Section 4A

1. Approval and execution is recommended of the attached Order No. 15 issued to the Public Service Electric and Gas Company relative to the construction Freeway Interstate 80, Section 4A, in the Borough of East Paterson, Bergen County, and the City of Paterson, Passaic County, which will necessitate the relocating and reconstructing of certain portions of their existing electrical facilities. The State will reimburse the Public Service Electric and Gas Company for the actual cost of this work which including approximately 10% for contingencies amounts to $52,000. (October 27, 1959)

Utilities-Route 287, Section 1C

2. It was necessary for the Department to acquire property from the Somerset Hills Development Company for the construction of Freeway Interstate 287, Section 1C and 2B, in the Township of Franklin, County of Somerset. Said Company was engaged in the construction of a water distribution system and required a provision to extend the water main across the Freeway. The Department's Bureau of Appraisals and Negotiations considered this claim as being warranted and evaluated same at approximately $6,000.00. After the completion of the water distribution system the Development Company will turn over all of the water main facilities to the Bound Brook Water Company. Because the rights to cross the Freeway at no extra cost to the Development Company had been established, the Department decided to include a 20" steel casing across and under the Freeway in its road contract at an estimated cost of $6,200.00. To assure complete understanding regarding the status of this steel sleeve after being constructed, State desires to enter into an agreement with the Bound Brook Water Company making said Company responsible for ownership and maintenance of the sleeve for the future water main facilities, and approval and execution is recommended of the attached agreement between the State of New Jersey and the Bound Brook Water Company. (October 27, 1959)

Utilities-Route S4B, Section 3A

3. Commission Action dated June 3 1955 approved of making reimbursement to the Borough of Hawthorne in an estimated amount of $6,000. for rearrangement of their facilities to accommodate the construction of Route S4B, Section 3A. Of this amount $1,794.38 has been paid for work already performed in April of 1956, at which time work was stopped because of changes in roadway design. The Borough is now ready to resume work which is to be completed at present contract prices by Joseph Lembo, Contractor, and will amount to $6,060.00 including approximately 10% contingencies. Part of the increase in cost results from a change of plan in utility relocation. There will, therefore, be a deficiency of approximately $1,855.00 in the amount of money set up for the job. It is, therefore, recommended that the additional estimated amount of $1,855.00 for reimbursement to the Borough of Hawthorne be approved. In connection with the above completed work there is a matter of payment to Mr. Robert Schilling of $150.00 for engineering fees on $1,166.23 worth of work. It is recommended that Mr. Schilling be reimbursed for this engineering fee. Further, that the reimbursement to Mr. Schilling be approved for percentage fee of 12% of the cost of the work remaining to be completed which is estimated at $655.00. The remaining construction work is being performed by Joseph Lembo and it is recommended that the contractor, Joseph Lembo and the engineer, Robert Schilling, be paid directly by the State. (October 27, 1959)

Janitorial Services-Cleaning Telephone Booths

4. Approval is recommended of the attached agreements between the State of New Jersey and the New Jersey Bell Telephone Company for the cleaning of the outdoor telephone booths at the following locations: Route 3 Clifton - Nr. Doherty Drive Westbound; Route 3 Allwood - Truck Rest Eastbound; Route 3 Allwood - Truck Rest Westbound; and Route 3 Allwood - Nr. Monastery Eastbound. This cleaning up to be done by the New Jersey Bell Telephone Company at the rate of $10.00 per booth per year. (October 27, 1959)

No Parking Zones

5. In accordance with the provisions of Section 78, Chapter 23, Public Laws 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 38, Moorestown Township, Burlington County. (October 27, 1959)

Construction Items Demolition of Buildings

Palisades Interstate Parkway, N.J. Section IV.

6. Approval is recommended of the plans and specifications and authority to advertise for the Demolition of Buildings on Former Burnett Property, Palisades Interstate Parkway, New Jersey Section IV, in the Borough of Alpine, Bergen County. Bids to be received November 17, 1959. (October 26, 1959)

Route U.S. 1 (1953), Section 8A

7. Approval is recommended of the plans and specifications and authority to advertise after approval has been received for Route U.S. 1 (1953), Section 8A, Island Closings, Turnarounds and Intersection Revisions at Plainfield Avenue and Old Post Road, Edison Township, Middlesex County and Route U.S. 9 (1953), Sections 4A and 25A, Intersection Revision at Ernston Road and Connection to Route 34, Townships of Sayreville and Madison, Middlesex County. Bids to be received November 25, 1959. (October 29, 1959)

Route U.S. 1 & 9 (1953), Sections 6A & 7A

8. Approval is recommended in making award of contract to New Jersey Asphalt & Paving Company for Route U.S. 1 & 9 (1953), Sections 6A and 7A, from Tonnele Avenue Traffic Circle to Fairview Avenue, Resurfacing, Barrier Curb and Turnarounds, Jersey City, Township of North Bergen and Borough of Fairview, Hudson and Bergen Counties, at their bid the lowest of seven (7) bids received on October 21, 1959 in the amount of $635,391.30. (October 29, 1959)

Route U.S. 1, 9 & 46 (1953), Section 1A

9. Approval is recommended in making award of contract to Frapaul Construction Co., Inc. for Route U.S. 1, 9 and 46 (1953), Section 1A, from East Ruby Avenue to Jones Road, Barrier Curb, Boroughs of Palisades Park and Fort Lee, Bergen County, at their bid the lowest of two bids received on October 21, 1959 in the amount of $70,212.25. (October 27, 1959)

Route U.S. 611 (1953), Section 1A

10. Approval is recommended in making award of contract to Peter W. Kero, Inc., for Route U.S. 611 (1953), Section 1A, Delaware Water Gap Slope Excavation, Pahaquarry Township, Warren County, at their bid the lowest of three (3) bids received on October 21, 1959 in the amount of $120,304.00. (October 27, 1959)

Route 33 (1953), Section 1

11. Agabiti Bros. Incorporated, contractors for the Drainage Improvements at Winslow Avenue, Mercerville, Route 33 (1953), Section 1 in the Township of Hamilton, Mercer County, have satisfactorily completed the work under their contract as of September 17, 1959. It is recommended that this project be finally accepted and a final estimate issued the contractor pending receipt of the as-built quantities and after the necessary formalities have been observed and further that final payment be authorized the contractor without further commission action upon receipt of the as-built quantities. (October 30, 1959)

N.J. State Teachers College, Union, Contract No. 1

12. It is recommended that A. J. Cunningham & Sons, contractor for the Grading and Paving of Driveways and Parking Areas, New Jersey State Teachers College at Union, Contract No. 1, Township of Union, Union County, be paid an additional amount of $5,697.42, representing work and additional stone used on the above project. Cunningham's claim was for $18,899.22, however, the amount recommended for payment was arrived at by the Consultants and our District Construction Office after sections were taken over the areas opened to traffic during the winter and early spring. It is, therefore, recommended that the contractor be authorized the payment of $5,697.42 to cover the extra work. (October 30, 1959)

Route 29, Section 11B

13. Under date of August 5, 1959 the above noted project was accepted by the State Highway Commissioner and final payment authorized with the provision that $1,503.20 be deducted as an assessment against the contractor and that a 3 year performance bond, in the amount of $9,228.80 be furnished by the contractor to guarantee performance of the pavement in areas of deficient thickness. In accordance with subsequent decisions wherein a 1/2" tolerance in total pavement thickness is allowed, a reanalysis of the pavement cores has been made. As a result thereof the value of pavement thickness deficiency is now estimated at $356.16. It is, therefore, recommended that the previous Commission Action of August 5, 1959 be rescinded and that this project be finally accepted and final payment authorized, deducting the amount of $356.16 for pavement deficiencies. Right of Way-Route 295

50. There is presented again the matter of acquisition of property on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga. An agreement was previously approved in the sum of $1,000.00 with Wallace Products Inc. for Parcel R-26. Subsequently the search revealed that on October 15, 1954, the Boro of Bellmawr conveyed the premises in question together with other lands to one Samuel Gelfand in which deed they excepted for street purposes a strip of land 30 feet wide, measured at right angles to the middle line of Creek Road. This exception covers all of Parcel R26 and approximatdy 95% of the slope area. As a result of this exception, Parcel R-26 and the adjacent slope easement will be deleted from our plans. As it is not necessary to acquire any lands from Wallace Products, Inc. it is recommended that the agreement previously approved in the sum of 1,000.00 for Parcel R-26 be rescinded; and that the plan be corrected to delete Parcel R-26. (October 26, 1959)

51. There is presented again the matter of condemnation of property on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel R42, Ernest Nicholls and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $4,500.00 and the testimony on behalf of the owner was in the sum of $15,300.00. The commissioners made an award in the sum of $5,300.00. The contractor has not entered upon this property and the owners are still enjoying beneficial use of the parcel of land. It is recommended that this award be approved. (October 26, 1959)

NO. 37 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 9, 1959

Administration Items

Utilities-Route 80, Section 4

1. To accommodate the construction of Freeway Interstate Route 80, Section 4, through the City of Paterson it will be necessary for the Public Service Electric & Gas Company, Electric Department, to replace their Maryland Avenue Substation to a new site situated adjacent to the New York Susquehanna & Western Railroad between East 40th & East 41st Streets, Paterson. Our right of way agreement with the Public Service Electirc & Gas Company dated August 14, 1959 for the purchase of the Maryland Avenue Substation site has provisions for the preparation of the replacement substation site to a condition which would be equivalent to the existing Maryland Avenue site at the State's expense with certain conditions as listed in the attached memorandum. The estimated cost of this work is estimated at $33,200 to which should be added approximately 10% contingencies bringing the total amount that should be allotted to $36,500. It is, therefore, recommended that the Utility Company be reimbursed for the actual cost of preparing an equivalent substation site including the temporary unit substation in accordance with the terms of the right of way agreement and the terms and conditions of the final Order which is to be prepared and to be known as PUO-10-80-4. (November 9, 1959)

Utilities-Route 287, Section 1B

2. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Central Railroad Company of New Jersey covering understandings in connection with the construction and maintenance of bridges, roadways, roadway slopes, storm drains, and other highway appurtenances in the Township of Bridgewater, County of Somerset, New Jersey, for the construction of Freeway Interstate 287, Section 1B. The work involved also affects facilities owned by the Western Union Telegraph Company. Inasmuch as the Railroad will derive no benefit from the proposed construction contemplated by this Agreementit is, therefore, obligated to bear no part of the cost thereof. All items and work in the Agreement are intended to cover work by both the Railroad and the Western Union Telegraph Company and that payment by the State will be made directly to the Railroad for its portioh of the work and directly to the Western Union Telegraph Company for its portion of the work, providing statements accompanying bills clearly indicate work performed by each company. The total estimated cost of the work to be performed by both the Railroad and the Western Union Telegraph Company is estimated at $50,191 which includes approximately 10% contingencies. (November 6, 1959)

NO. 39 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 30, 1959

Administrative Items

Claims-Settlements

1. This claim arises out of a one vehicle accident on April 19, 1959 at the intersection of Rt. 70 and Kings Highway, Camden County, New Jersey, and involved a vehicle owned and operated by Mr. Albert W. Finger. As a result of the above referred to accident, highway signs were damaged and subsequently repaired at a cost of $131.19. Investigation by the Claims Bureau indicated that Mr. Finger was proceeding around the traffic circle when an unknown vehicle cut him off from the right causing him to veer to the left to avoid said vehicle and resulting in the above described damage. Subsequently, contact was made with the Insurance Company reporting Mr. Finger and negotiation resulted in an offer of 50% of the total damage of $131.19, based on the assumption that the other vehicle was partly responsible for his damage. Further contact with the insurance carrier disclosed that the 50% offer was final. Subsequent contacts with them have eventually resulted in an offer of $100.00 in full settlement of this claim. In view of the circumstances under which the accident occurred, and giving due consideration of the cost to the State of New Jersey in the event a suit were started in an attempt to recover the entire amount of the claim, we feel that the department would be justified in accepting this offer of settlement in accordance with Mr. Levine's memorandum attached hereto, and the recommendations of Deputy Attorney General, William McCormick. It is our recommendation that it be approved. (November 23, 1959)

Federal Aid-Primary Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 18 (1953), Section 5, from 800' East of Spring Valley Road to Route U.S. 9, Middlesex County, Project No. F-112(17). The amount of Federal Aid Primary Funds obligated is $249,300.00 which is 50% of the estimated cost for Federal participation. The road work to be performed consists of drainage; removal of waste material; borrow excavation; grading; construction of subbase; macadam base course; bituminous concrete pavement; reinforced concrete pavement; concrete curbs; beam guard rail, landscaping and other incidental work as provided in the contract. (November 20, 1959)

- - - - - - - -

3. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: State Route U.S. 322, Weymouth Road to Route 50, Atlantic County, Project No. F-105(10). The work to be performed under this contract consists of the grading, paving, and dualizing a portion of Route U.S. 322 with bituminous concrete pavement on various bases, widening 2 culverts and 4 bridges, drainage structures, curbs and other incidental work as provided in the contract. The amount of Federal Aid Primary Funds obligated is $560,100.00 which is 50% of the estimated cost for Federal participation. (November 25, 1959)

No Parking Zones

4. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking zones" along both sides of Route 208 (including ramps and connections under the jurisdiction of the State Highway Commissioner) within the corporate limits of the Township of Wyckoff. (November 25, 1959)

Through Streets

5. In accordance with the provisions of R.S. 39:4-140 (as amended), it is recommended that the attached regulation be adopted designating a "through street" along Route U.S. 46 (Little Falls Township), Little Falls Township and West Paterson Borough, Passaic County. This action supersedes all previously adopted orders, regulations, ordinances and resolutions which cover or are inconsistent with the provisions of this regulation. (November 25, 1959)

No Parking, Stopping or Standing Zones

6. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking, stopping or standing" zone along both sides of Route U.S. 22, between Terrill Road and Bonnie Burn Road. (November 25, 1959)

Construction Items

Route 73 (1953), Section 2A

7. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the widening and dualization on Route 73 (1953), Section 2-A, from the South Branch of Pennsauken Creek to Route 38, in the Townships of Pennsauken and Maple Shade, Counties of Burlington and Camden, Federal Project No. U-183(8). (November 23, 1959)

Mullica River Bridge -
Route 167 (1953), Section 1A

8. It is recommended that contract for the Removal of Mullica River Bridge on Route 167 (1953), Section 1-A, in Bass River Township, Burlington County, and Port Republic City, Atlantic County, be awarded to Kyle Maddox, P.O. Box 267, Oak Hall, Virginia, at his bid of $18,750.00, being the lowest of nine bids received on November 17, 1959. (November 19, 1959)

Route 10, Section 4C

9. Under Commission Action dated July 17, 1959, the contractor on the above project, C. [illegible] Winans Company, was required to post a three-year bond in the amount of $61,740.00 to cover some 42,000 square yards of pavement, type FABC-2, deficient in thickness for which he was penalized $4,116.00. A review of the method for assessment of penalty in cases of this kind, in relation to the specification requirements, indicated that instead of the 3" minimum requirement, a 2.5 inch minimum allowable thickness should be used. In the meantime, all deficient cores were recut and the limits of the shortages governed by the allowable 2.5 inches were defined. As a result of this, the deficiencies were found to be negligible and therefore, it is recommended that the Commission Action of July 17, 1959 be rescinded and the contractor relieved of all penalties and bond, and further that he be reimbursed the amount of $4,116.00 which was deducted. (November 25, 1959)

Route U.S. 30 (1953), Section 1

10. Thomas Nicol Company, Incorporated, contractor for Route U.S. 30 (1953), Section 1, Taunton Road to Wellington Avenue, widening and resurfacing, Township of Waterford, Boroughs of Berlin, Clementon, Lindenwold, Laurel Springs and Stratford, Camden County, Federal Project No. DU-41-(4), have satisfactorily completed the work under their contract as of October 2, 1959. It is recommended that this project be finally accepted and a semi-final payment authorized, withholding 1 percent of the completed work or $9,280.50. As the project was open for traffic on August 25, 1959, the contract time of completion will be September 9, 1959 and no liquidated damages will be applied. It is further recommended that final payment be made, without further Commission Action, pending receipt of as-built quantities and after the necessary formalities have been observed. (November 19, 1959)

Route U.S. 30, Section 2

11. Union Paving Company, contractor for the construction of Route U.S. 30, Section 2, widening and resurfacing, from Wellington Avenue to Bell Avenue in the Boroughs of Stratford, Somerdale, Magnolia, Lawnside and Barrington, Camden County, have satisfactorily completed the work under their contract as of September 9, 1959. It is recommended that this project be finally accepted and semi-final payment authorized the contractor, withholding 1% of the completed work pending receipt of the as-built quantities and further that final payment be made to the contractor upon receipt of the as-built without further Commission Action. It is to be noted that this acceptance will be made subject to results of the coring and the analyses of the bituminous pavement which is now in the hands of the Laboratory. (November 25, 1959)

Route U.S. 322 (1953), Route 42 (1927), Section 6C

12. Ole Hansen and Sons, Incorporated, contractors for the construction of Route U.S. 322 (1953), Route 42 (1927), Section 6-C, from Route 50 to McKee City, in Atlantic County, have satisfactorily completed the work under their contract on August 19, 1959 with the exception of some cores taken from the Bituminous Pavement, 3" thick and the Bituminous Gravel Base Course, 6" thick which showed 13 samples deficient in thickness. All bridge items are 100% complete. It is, therefore, recommended that this project be finally accepted and semi-final payment authorized the contractor, withholding 1% of the completed Road Items only pending receipt of as-built quantities; and further deducting the value of deficiencies in the bituminous pavement to be determined by additional cores to be taken. Final payment to be made to the contractor upon receipt of the as-built quantities without further Commission Action. It is, however, recommended that 100% payment be made at this time to the contractor for all bridge items. (November 23, 1959)

Right of Way-Route 21 Freeway

88. There is presented again the matter of acquisition of property on Route 21 Freeway, Section 1, Project U-126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel 51-A, Michael Baumgartner and wife on which an agreement in the sum of $18,100.00 was previously approved. Under the terms of this agreement, a down payment of $4,000.00 has been paid and the owner has vacated the property. Examination of title indicates that Mr. and Mrs. Baumgartner do not have title to Lot 67, Block 322, which lot contains about 1,246 square feet of vacant land and is valued at approximately $750.00. The Attorney for the owner has indicated his intention to institute an action to quiet title covering Lot 67. In view of these circumstances, it is recommended that the sum of $2,000.00 be withheld pending a completion of action to quiet title; and that authority be granted to pay the balance of $12,100.00 on account of the purchase price upon delivery of Deed covering all of the property with the exception of Lot 67. (November 25, 1959)

Abandonment - **Determination & Order, Route 29A, Section 5**

2. Approval and execution is recommended of the attached Determination and Order abandoning a small portion of the existing road as taken over and not needed for the new construction of Route 29A, Section 5, which portion of road is shown in red on the attached plans. (December 2, 1959)

Reimbursement-Borough of Hawthorne

3. In connection with the relocation of four fire hydrants at Grandview Avenue, Goffle Road and Lafayette Avenue, in the Borough of Hawthorne, owned by the Borough, there are extra items of work which were not included in the original letter of agreement approved on June 18, 1959. The additional rock excavation items were not anticipated and the extra fittings were necessitated by a change of plan for one of the hydrant locations. It is, therefore, recommended that the Borough be reimbursed for these extra items which amount to $204.20. (Demcember 4, 1959)

Flood Damage-Sussex County

4. Route U.S. 1, Section 2

12. Kingston Bituminous Products Corporation, contractor for the Widening and Resurfacing of Route U.S. 1 from N.J. Motor Vehicle Inspection Station to 3/4 mile South of Alexander Road; Route U.S. 1, Section 2, Mercer County, have satisfactorily completed the work under their contract as of September 26, 1959, excepting for minor clean-up and repair work. All Bridge Items are 100% complete. It is recommended that this project be finally accepted and semi-final payment authorized the contractor withholding 1% of the completed Road Items only pending receipt of the as-built quantities and that final payment be made to the contractor upon receipt of the As-Builts without further Commissioner's Action. This acceptance is being made subject to the results of the coring and the analyses of the Bituminous Pavement, which data is now in the hands of the Laboratory. 100% payment is recommended on all Bridge Items. (December 1, 1959)

Route U.S. 1, Section 3

13. A.J. Cunningham & Sons, contractor for the widening and resurfacing of Route U.S. 1, Section 3, from 3/4 mile South of Alexander Road to State Police Barracks, West Windsor & Plainsboro Townships, Mercer County & Middlesex County, has satisfactorily completed the work under their contract as of November 25, 1959 with the exception of some minor clean-up and incidental work. There is, however, some uncompleted bridge items. The contract completion date on this job was November 4, 1959, however, due to the fact that the contractor wad delayed by many change orders which greatly interfered with the normal progress of the project, and further he has worked many hours overtime in order to cause the least interference with traffic, it is further recommended that no liquidated damages be applied for the overrun from November 4 to November 25. This project is now ready for final acceptance and semi-final payment withholding 1% of the completed work pending receipt of the as-built quantities. This withholding will be sufficient to cover the uncompleted bridge items. Final payment is to be made to the contractor without further Commissioner's action upon receipt of the as-built quantities. This acceptance is being made subject to the results of the coring and analyses of the bituminous pavement which data is now in the hands of the Laboratory. (December 1, 1959)

Route 6, Section 9D

14. V. Ottilio & Sons, contractor for the Widening & Resurfacing & Shoulder Reconstruction from Union Boulevard to Valley Road, Borough of Totowa, Township of Little Falls, Borough of West Paterson and City of Clifton, Route 6, Section 9D, have satisfactorily completed the work under their contract as of September 5, 1959. It is recommended that this project be finally accepted and semi-final payment authorized withholding 1% of the completed work pending receipt of the as-built quantities; and that final payment be authorized upon receipt of the as-builts without further Commissioner's Action. This acceptance is subject to the results of the analyses of the Bituminous Pavement, which data is now in the hands of the Laboratory. (December 2, 1959)

Route 18, Section 3

15. Manzo Contracting Company, contractor for the grading, drainage and paving on Route 18, Section 3, Pine Street to 800' east of Spring Valley Road, Madison Township, Middlesex County, have satisfactorily completed the work on their contract as of November 15, 1959, except for minor landscape and clean-up work. It is recommended that this contract be finally accepted and a semi-final payment authorized withholding 3% of the completed work. Final payment to be made to the contractor upon receipt of the as-built quantities and without further Commissioner's Action. Further this acceptance is subject to the results of the analyses of the bituminous pavement which data is now in the hands of the Laboratory. (December 1, 1959)

Route 18, Section 4

16. M.J. Stavola, Inc., contractors for the construction of Route 18, Section 4, Old Bridge Circle to Pine Street, Middlesex County, have satisfactorily completed the work under their contract as of November 6, 1959. The contract time for completion, however, was November 1, 1959 making an overrun on this job of 5 calendar days; and we are recommending that the contractor be allowed an extension of time of 5 calendar days due to the delays incurred in securing of certain steel items required in the bridge construction. This extension of time has been approved by the Bridge Division and the Bureau of Public Roads. It is, therefore, recommended that this project be finally accepted and a semi-final payment authorized withholding 1% of the completed road items only pending receipt of the as-built quantities and further that final payment be made to the contractor upon receipt of the as-builts without further Commissioner's Action. This acceptance is being made subject to the results of the coring and the analyses of the bituminous pavement which is now in the hands of the Laboratory. 100% payment is recommended on all bridge items. (December 1, 1959)

Route 23, Section 15A

17. Peter W. Kero, Inc., contractors for the Widening & Realignment on Route 23, Section 15A, Steenykill Lake to Clove Road have satisfactorily completed the work under the contract as of November 25, 1959. It is recommended that this project be finally accepted and semi-final payment authorized withholding 1% of the completed work pending receipt of the As-Built Quantities; and that final payment be authorized upon receipt of the As-Builts without further Commissioner's Action. This acceptance is made subject to the results of the analyses of the Bituminous Pavement which data is now in the hands of the Laboratory. (December 2, 1959)

Route 26, Sections 3C & 4E

18. Kingston Bituminous Products Corporation contractor for the Widening & Resurfacing from State Police Barracks to Stouts Lane, Plainsboro & South Brunswick Township, Middlesex County, Route 26, Section 3C & 4E, have satisfactorily completed the work under their contract as of August 30, 1959, except for minor clean-up and repair work. It is recommended that this project be finally accepted and semi-final payment authorized the contractor withholding 1% of the completed work pending receipt of the as-built quantities, and that final payment be made to the contractor upon receipt of the As-Builts without further Commissioner's Action. This acceptance is being made subject to the results of the analyses of the Bituminous Pavement which data is now in the hands of the Laboratory. (Decemver 1, 1959)

Electrical Items

Route U.S. 1, Sections 1A,2A,3A,4,5,6 & 7

27. Lightning Electric Service Company, contractor for the Electrical Installations for Route U.S. 1, Sections 1A,2A,3A,4,5,6 & 7, Federal Project F-95(41), Trenton Circle to Green Street Circle, Mercer & Middlesex Counties, has completed the work under the contract. However, there appears tobe various mal-functionings in several traffic signal controllers which are a component of the "Service Center Installation." The manufacturer has corrected improper circuit connections, and will on or before January 1, 1960, furnish and replace contact assemblies and timer motor components, which are not acceptable under the specifications. It is therefore recommended that this project be finally accepted subject to the controller revisions, and that semi-final payment be authorized withholding 5% of the completed contract amount, which is considered sufficient to cover any deficiencies. It is also recommended that an extension of time be granted to January 1, 1960, for the controller revisions, and that final acceptance and payment be made without further Commissioner's Action upon the completion of the necessary controller revisions. (December 7, 1959)

Lighting-State Highways, Levittown, Burlington Co.

28. There is presented from the Bureau of Electrical Operations report, agreement and plan covering the installation of semi-actuated traffic signals and multiple lighting at the intersection of Route U.S. 130 and Levittown Parkway, Township of Levittown, Burlington County. The estimated cost for this installation is $13,200. The State's share of the estimated cost will be $9,900 and the Township of Levittown will pay the remaining $3,300. There will be an annual maintenance cost to this department of $300. The Township of Levittown will pay the electric current operating cost. It is respectfully recommended that authorization be given to the Bureau of Electrical Operations to make the installation as outlined in report dated December 2, 1959, and the agreements, which have been approved by the Attorney General be signed by the proper officials of this department. (December 7, 1959)

Maintenance Item

Agreements-Northeast Weather Service

29. There is presented herewith an agreement with the Northeast Weather Service covering the furnishing of weather information for a period of one year from the twenty-first day of November 1959, for the sum of $2,500. (December 2, 1959)

Right of Way-Route FAI 108

48. The State Highway Commissioner on October 3, 1958 authorized the setting up of $250,000 on I-108-2-(1), North-South Freeway to Warwick Road, to place the total estimated cost of Right of Way acquisition for this project to the sum of $1,700,000. At that time, sufficient funds were not available to make the set up and to increase the project agreement with the Bureau of Public Roads. In order to be in a position to voucher for reimbursement of Right of Way claims, it is now requested that authority be granted to transfer the sum of $250,000 from FAI 101-2-(2), Mount Hope-Rockaway Road to Rt. U.S. 46 at Denville to Unprogrammed Interstate Balances. This transfer will save a reduction in the limited funds available under the present reimbursement controls and will permit the increase in the existing project agreement with the Bureau of Public Roads.

70. There are presented report and appraisal with map and description on Route 10 (1953), Section 4, Troy Hills Road, Whippany to Livingston Avenue, Parcel E2, Catherine A. Fieseler, widow. It is recommended that authority be granted to institute condemnation proceedin s for the acquisition of this slope and drainage easement subject to any public utilities existing in the premises. The owner is demanding $15,000. which is considered excessive. (December 4, 1959)

- - - - - - - - -

71. There are presented report and appraisal with map and description on Route 10 (1953), Section 4, Troy Hills Road, Whippany to Livingston Avenue, Parcel E1, Joseph C. Walter, widower. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owner refuses to negotiate on the basis of the easements required in accordance with our construction plans and demands a change of plan to extend the culvert 70 feet into the brook which is not feasible. (December 4, 1959)

Right of Way-Route 78 (1953)

72. There are presented report and appraisal with map and description on Route 78 (1953), Section 2G, Project I 78-2-(17), Mulhockaway Creek to West of Clinton in the Vicinity of Clinton Farms, Parcels 33A and 33B, Clement . Bonnell, Jr. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. Right of Way-Route 287

75. There are presented report and appraisal with map and description on Route FAI-104-2(3), also known as 287-2-(3), Easton Avenue to Stelton Road, Parcel 2-R8, Mary Miller and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquistion of this parcel in fee simple, subject to any public utilities existing in the premises. The owners' demand of $422,500 is considered excessive. (December 4, 1959)

Right of Way-Route S4B, Route 208(1953)

76. There is presented again the matter of condemnation of property on Route S4B (1927), Section 1, Project F-189-(16), Route 208 (1953) Route 4 to Goffle Road, Parcel R-144, Wilcar Investment Corporation. At the hearing before condemnation commissioners, the testimony on behalf of the State ranged from $33,520 to $34,500 and the testimony on behalf of the owner ranged from $71,200 to $74,000. The commissioners made an award in the sum of $42,500 which will carry interest from February 23, 1959, the date of entry by the State. Because of the controversial aspects of the damage claims in this case, it is recommended thatthis award be approved. (December 2, 1959)

Right of Way-Route 10 (1927)

77. There is presented a Resolution from the Essex County Park Commission on Route 10 (Rev. 1927), Section 2, Passaic River to Roosevelt Avenue, granting permission to the State to do certain work on their property including removal of existing headwall, construction and maintenance of a new and larger subsurface drain, headwall and appurtenances designated on our plan as Parcel E26. It is recommended that this Resolution be accepted. (December 4, 1959)

Right of Way-Route 80

78. There is presented Letter of Permission from Harry S. Reiman granting to the State the right to construct and maintain a temporary road across part of Lots 18,20, and 22 (Parcel 23A) for use during construction of Route 80 (1953), Section 4D, Project I 80-4-(4), Glover Avenue to Passaic River; for which the State Highway Department will grade and pave with stone base material a 35'x100' area of land across Lots 15,17,18,21 and 23 on adjacent Parcel 17 adjoining Reed Street, beginning about 10 feet from Maryland Avenue, Paterson. This Letter of Permission shall remain in effect until negotiations are completed for Parcel 23A or until the next contract for construction of the highway to the West is let by the State Highway Commissioner, whereupon Harry Reiman will vacate the 35'x100' strip of land on Parcel 17 upon 30 days written notice. Negotiations for the acquisition of the required land from Mr. Reiman will be instituted as soon as authorization to purchase has been granted and funds have been made available. In the meantime, it is recommended that this Letter of Permission be accepted, with thanks. (December 2, 1959)

Right of Way-Route S-100

79. There is presented a report of the public auction which was held on December 1, 1959 for the sale of that portion of Fanny Street adjacent to Parcel 2B on Route S-100, Section 1, from Route 25 to York Street. Marciann Company, Inc., bid the sum of $600 for this parcel of land. Authority is requested to have this sale confirmed and that the deed of conveyance be delivered upon payment of the full purchase price. (December 4, 1959)

Right of Way-Route 295

80. There is presented a report of the public auction held on December 3, 1959 on Route FAI 108-2-(5), also known as 295-2-(5), Warwick Road to Route 73, Parcels 152A and 152B, formerly owned by Lawrence F. Riley, Sr. A bid inthe amount of $500 was received from James B. Kane of Haddonfield, New Jerseyl Authority is requested to accept the bid submitted by Mr. Kane and that authority be granted to notify the successful bidder to remove the buildings upon payment of the full purchase price. (December 5, 1959)

Right of Way-Route 80

81. There are presented estimates for the demolition of two buildings on Route FAI 101-5-(2) also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcels 186 & 223 as follows:

William M. Young & Company -	$ 900.00
A. Duffy	1,400.00

It is recommended that the bid inthe amount of $900 submitted by William M. Young & Company be accepted and that authority be granted to notify the successful bidder to proceed with the demolition of these buildings. (December 4, 1959)

Right of Way-Route 80

82. There is presented again the matter of sale of the building located on Route FAI 101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 140, formerly owned by H.B. Arvidson. The sale of this building at $1200 to Mr. Paul Delmonico was approved by the State Highway Commissioner on December 3, 1958. Before the building could be removed, Mr. Delmonico died intestate. The attorney representing Mr. Delmonico's estate requests that the State return the $300 check which was deposited in escrow until the terms and conditions of the sale have been complied with. In view of the fact that the Delmonico Estate is not requesting $1200 paid for the building, it is recommended that the $300 escrow check be returned. On November 17, 1959 a public auction was again held for the above building which has been vandalized and a bid in the amount of $150 was received from Mr. Edward Rembish of Clifton, New Jersey. It is recommended that the sale to Mr. Rembish at his bid of $150 be approved; that the previous action authorizing the sale to Mr. Delmonico be rescinded and that the $1200 previously paid be forfeited. Authority is also requested to return the deposit check of $300 to the Estate of Mr. Paul Delmonico upon securing the proper release. (December 4, 1959)

Appraisal Orders

83. There are presented the following Appraisal Orders:

Approval is recommended.

Route 202, Section 3

(20) Thomas Nicol Company, contractor for Dualization from Huyler Road to C.R.R., Branchburg and Bridgewater Townships, Somerset County, has satisfactorily completed the work under their contract as of September 1, 1959, except for minor clean-up and repairs. All Bridge Items are 100% completed. It is recommended that this project be finally accepted and semi-final payment authorized the contractor withholding 1% of the completed Road Items only pending receipt of the As-Built Quantities, and that final payment be authorized upon receipt of the as-builts without further Commissioner's Action. This acceptance is being made subject to the results of the final report on concrete pavement construction, the data for which is now in the hands of the Laboratory. 100% payment is recommended on all Bridge Items. (December 1, 1959)

Respectfully submitted,

Kenneth D Rice

NO. 41 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - DECEMBER 16, 1959

Administrative Items

Claims-Settlements

1. This claim arises out of an accident occurring on October 9, 1955, on Route #1, Newark, New Jersey, involving a vehicle owned and operated by Robert D. McCormick and an unknown vehicle bearing New York registration 9T-972. As a result of the aforesaid accident State Highway Department lighting pole was damaged and had to be repaired at a cost of $171.80. The Police Report in this matter indicates that the unknown New York vehicle struck Mr. McCormick's vehicle in the rear causing Mr. McCormick's vehicle to strike the State Highway pole. Mr. McCormick's insurance carrier turned down our claim on the basis that the New York vehicle was solely responsible for this accident. The Claims Bureau was unsuccessful in locating the owner and operator of the New York owned vehicle. After further negotiation with Mr. McCormick's insurance carrier they have agreed to pay 50% of our claim in this matter, namely $85.90. In view of the foregoing, it is my recommendation that this offer be accepted and the remaining like amount be cancelled. (December 10, 1959)

2. This claim arises out of an incident occurring on October 27, 1958, on Route 17 and Linwood Avenue, Paramus-Ridgewood, when State Highway Department owned traffic signal conduit was damaged as a result of operations being performed by the Tenafly Asphalt Trucking Company. Said damage was repaired by State Highway Department personnel at a cost of $132.68. Upon presenting the contractor involved a billing in this matter, he informed us that their company was not responsible for the entire damage involved in this claim and that the Conti Construction Company was responsible for at least 50% of the damage involved. The Conti Construction Company is presently in a state of bankruptcy. After discussion between the Electrical Bureau and the Claims Bureau, it was concluded that it would be very difficult to prove in court that the Tenafly Asphalt Trucking Company caused all the damage involved in this claim. The Tenafly Asphalt Trucking Company has offered us 50% of our claim namely $66.34 and in view of the foregoing it is my recommendation that this offer be accepted and the remaining like amount be cancelled. (December 10, 1959)

Highway Planning

3. It is recommended that the attached modified project agreement in duplicate revising the date of authorization be approved and executed for Highway Planning. The original project agreement was approved by Commission Action on July 31, 1959. This agreement obligates the necessary funds for operating the Highway Planning Bureau for the current fiscal year. The revision of the date is the only change being made on the original approved schedule. (December 15, 1959)

Route 21 Freeway, Section 1C

4. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 21 Freeway, Section 1-C, Highfield Lane to South Parkway, Counties of Essex and Passaic, Project No. U-126(12). The amount of Federal-aid Urban Funds obligated is $4,024,300.00 which is 50% of the estimated cost for Federal participation. The road work to be performed consists of roadway excavation; channel excavation; wet excavation; demolition of buildings; utility relocation and reconstruction; pavement excavation; construction of drainage and drainage facilities; borrow excavation; construction of subbase; reinforced concrete pavement; macadam base course; penetration macadam; bituminous concrete pavement; special rip-rap; electrical work; and other incidental work as provided in the contract. The bridge work included in this contract consists of the construction of various structures as described in the supplementary specifications and incidental work. (December 15, 1959)

Federal Aid-Primary Funds

Route 208, Goffle Road to Oakland

5. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route 208, Goffle Road to Oakland, Counties of Bergen and Passaic, Project No. F-189(16). The amount of Federal-aid Primary Funds obligated is $397,500.00 which is 50% of the estimated cost for Federal participation. It is requested that this modification be made to include the necessary right of way parcels for the construction of bridges at Summit Avenue, Cedar Hill Avenue and Russell Avenue. This action would increase the parcel acquisitions within the same termini and revise the funds. The construction project F-189(21) will be for the three bridges mentioned and one at Grandview Avenue. (December 15, 1959)

Utilities-Route 38, Section 2A

6. To accommodate the construction of Route 38, Section 2A, in the Township of Moorestown, County of Burlington, it will be necessary for the Township of Moorestown to lower a 12" cast iron water main, including hydrant branch and connection to hydrant. It is recommended that the Township be reimbursed for this work which including contingencies is estimated at $1,100.00. (December 11, 1959)

Utilities-Route 208, Section 3

7. The original plan for the relocation of a gas main was for the main to go under Route 208 and parallel with and to the north of the proposed bridge structure. This was to accommodate the construction of Route 208, Section 3. The estimate for this original plan which was approved for reimbursement by the Commissioner on February 11, 1959 was at the estimated amount of $2,240.84. This plan was not too desirable for both the Utility Company and the Highway Department due to the maintenance problem. Now that the grade separation structure is to be built and only a small portion of the original plan has been completed, it is more desirable to relocate the main through the bridge structure. The amount of the work already performed under the original agreement is $993.78 which when deducted from the original estimated amount leaves a balance of $1,247.06 for completing the work. The estimate for completing the work according to the Change of Plan is $2,083.11, leaving a deficiency of funds allocated of $836.05. It is, therefore, recommended that the Change of Plan be approved and an additional allocation for reimbursement of $920.00 be set up which includes contingencies of 10% added to the amount of $836.05. Therefore, the total amount of money allocated for this job will be $3,160.84 if the additional sum is approved. (December 11, 1959)

Utilities-Route 208, Section 3A

8. To accommodate the construction of Route 208, Section 3A, it will be necessary for the Borough of Hawthorne to relocate its water main in Fourth Avenue at the crossing of Route 208. The plan for this relocation work was made by the Borough Engineer, Robert P. Schilling, who is paid on a fee basis which for this project amounts to 12% of the cost of the work or $510.00. The relocation of the main is estimated at $4,255.00 to which 10% should be added for contingencies, making a total estimated cost for this work $4,680.00 which including $510.00 for the engineering fee brings the total estimated cost to $5,190.00. It is, therefore, recommended that the Borough of Hawthorne be reimbursed for this work in the amount indicated above and that the engineer, Robert P. Schilling, be paid directly by the State in accordance with the Borough's request. (December 11,1959)

No Parking Zones

9. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), the certain parts of State Highway Route 28 described herein below shall be, and hereby are, designated and established as "no parking" zones where parking is prohibited at all times: Route 28, Chilton Street, City of Elizabeth, Union County. (December 10, 1959)

- - - - - - - - -

10. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing legal "no parking" zones along Route 27 and Parker Road, City of Elizabeth, Union County. (December 15, 1959)

No Parking, Stopping or Standing Zones

11. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing legal "no parking, stopping or standing" zones along Route U.S. 202, City of Lambertville and West Amwell Township, Hunterdon County. (December 15, 1959)

Construction Items

Route 102, Section 2D

12. Charles F. Vachris, Inc., contractors for Route 102, Section 2D, Route 28 (1927), Construction of Bridges from Greenwich Church Road Easterly to Relocated Route U.S. 22, Greenwich, Franklin Townships, Borough of Bloomsbury, Warren and Hunterdon Counties, Federal Project No. I-102-2(11), have completed the work of their contract as of December 3, 1959. This contract was substantially complete as of July 31, 1959 and semi-final acceptance of this contract was made on August 27, 1959, retaining $10,000.00 until the entire work of cleaning up was completed. It is, therefore, recommended that this project be accepted and final payment authorized after the necessary formalities have been observed. (December 10, 1959)

Palisades Interstate Parkway, Sections 1U & 2S, Plant

13. Harris Brand, Inc., contractor for the Planting on Palisades Interstate Parkway, Sections 1U and 2S, from Fort Lee Plaza to N. Y. State Line in the Boroughs of Fort Lee, Englewood Cliffs, Tenafly and Alpine, have satisfactorily completed the work under their contract as of November 18, 1959. It is recommended that the project be finally accepted and semi-final payment authorized pending receipt of the As-Built Quantities, and that final payment be made to the contractor upon receipt of the As-Builts without further Commission Action after the necessary formalities have been observed. (December 10, 1959)

Route 208, Section 2

14. Sette Engineering Company, contractors for the Grading, Paving and Bridge on Route 208, Section 2, in the Township of Wyckoff, Borough of Franklin Lakes, Bergen County, have satisfactorily completed the work under their contract as of November 12, 1959. It is recommended that this project be finally accepted and semi-final payment authorized withholding 1% of the completed work on road items only pending receipt of the As-Built Quantities and that final payment be authorized upon receipt of the As-Builts without further Commission Action. This acceptance is subject to the results of the analyses of the bituminous pavement which data is now in the hands of the Laboratory. 100% payment is recommended on all bridge items. (December 15, 1959)

Route 10 (1953), Section 2A, Underpass

15. Approval is recommended of the request of Scaletti-Knowles, Inc., Pompton Lakes, New Jersey, contractor for the construction of Route 10 (1953), Section 2A, Underpass at Salem Street, in the Township of Randolph, Morris County, Federal Project No. F-114(10), to sublet the Painting of Item 66, Structural Steel, in the amount of $675.00, representing 0.165% of the contract amount less specialty items, to Myers Painting Corporation, P.O. Box 87, Hillsdale, N.J. (December 10, 1959)

Route 23 (1953), Section 1, Bridge

16. Approval is recommended of the request of D'Annunzio Bros., Incorporated, 560 Jerusalem Road, Scotch Plains, New Jersey, contractor for the construction of Route 23 (1953), Section 1, construction of Bridge over Peckman Brook and Paving Bridge Approaches, in the Township of Cedar Grove, Essex County, Federal Project No. U-92(17), to sublet Items 2, 7 and 17 of the Proposal, consisting of Pavement Excavation and Pavement Type FA-BC-1 in the amount of $4,534.00, representing 3.289% of the contract amount to Gallo Asphalt Company, 1004 Springfield Avenue, Irvington, N.J. (December 10, 1959)

At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $29,000.00. Over the objection of the State's trial Attorney, the testimony on behalf of the owner was allowed for whatever it was worth. The owner testified to an approximate cost of $1,500.00 to improve each plot and was allowed to speculate that if the smaller Parcel (253A) were changed to a business zone, within one year this parcel would make a good gas station site worth $25,000.00. The only real estate expert did not have a written appraisal but he testified that 50 x 100' plots in the Boro sold for $7,000.00 fully improved. The commissioners made an award in the sum of $31,080.00 which will carry interest from the date of possession, October 10, 1958. It is recommended that this award be approved. (December 16, 1959)

Right of Way-Route FAI 80

72. There is presented again the matter of condemnation of property on Route FAI 101-4-(2), also known as 80-4-(2), Passaic River to New York Susquehanna and Western Railroad, Parcel 63, John Giovatto. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $3,400.00 and the testimony on behalf of the owner was in the sum of $7,000.00. The commissioners made an award in the sum of $4,500.00. It is recommended that this award be approved. (December 15, 1959)

73. There is presented again the matter of condemnation of property on Route FAI 101-4-(2), also known as 80-4-(2), Passaic River to New York Susquehanna and Western Railroad, Parcel 43, John Tomesco and wife. At the trial before a Jury, the testimony on behalf of the owner ranged from $3,100.00 to $3,465.00. Before the State's witnesses were called to testify, the Attorney for the owner indicated his willingness to accept $1,800.00. Consequently, a Consent Judgment was entered in the sum of $1,800.00. It is recommended that this Consent Judgment be approved. (December 16, 1959)

- - - - - - - -

74. There is presented again the matter of condemnation of lands on Route FAI 101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 238, Frank LoBello et als. An appeal was previously authorized from a condemnation commissioner's award in the sum of $26,700.00. After the jury was drawn and before any testimony was presented on either side, the owner indicated his willingness to settle at $25,600.00 A consent judgment was therefore entered in that amount. It is recommended that this Consent Judgment be approved. (December 11, 1959)

Right of Way-Route U.S. 9 (1953)

75. There are presented report and appraisal with map and description on Route U.S. 9 (1953), Section 3, Route 70 to Route 72, Parcel E1B, George Luther Cox and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this drainage easement subject to any public utilities existing in the premises. The owner is demanding $2,400.00 which is considered excessive. (December 16, 1959)

76. There are presented report and appraisal with map and description on Route U.S. 9 (1953), Section 3, Route 70 to Route 72, Parcel RE1A, George Luther Cox and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this drainage easement subject to any public utilities existing in the premises. The owner is demanding $2,400.00 which is considered excessive. (December 16, 1959)

Right of Way-Route FAI 80

77. There is presented again the matter of acquisition of property on Route FAI 101-2-(11), also known as 80-2-(11), between East Side of Landing Road and 3,000 feet West of Mount Arlington Road. Condemnation proceedings were previously authorized for the acquisition of Parcels 16 and 17, Salmon Brothers. Inasmuch as Parcel 17 (comprising Deed overlap) has been eliminated, authority is requested to institute condemnation proceedings for the acquisition of Parcel 16 only in fee simple subject to any public utilities existing in the premises. It is further recommended that the previous action authorizing condemnation on Parcel 17 be rescinded. (December 16, 1959)

Right of Way-Route FAI 295

78. There are presented report and appraisal with map and description on Route FAI 103-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel 2R93, Sophia Yocub Debalski and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $17,000.00 which is considered excessive. (December 16, 1959)

NO. 42 - 1959

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - DECEMBER 31, 1959

Administrative Items

(Parcel)
General Property Key Map-Rt. 25, Sec. 4

1. Approval is recommended for filing of the attached print of sheet S4 on the General Property Key Map on Route 25, Section 4, Cranbury Turnpike to Raritan River Bridge, Middlesex County. (December 18, 1959)

Parcel
General Property Key Map-Rt. 29A (1927), Sec. 5, Rt. 29 (1953)

2. Approval is recommended for filing the attached five (5) prints of the General Property Parcel Map on Route 29A (1927), Section 5, Route 29 (1953), from one mile north of Byram to Raven Rock, Hunterdon County. (December 18, 1959)

Federal Aid-Interstate Funds

3. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route No. 60, Section 109, N.S. Freeway to Warwick Road, Camden County, Project No. I-295-2(1). The amount of Federal-aid Interstate funds obligated is $1,530,000.00 which is 90% of the estimated cost for Federal participation. It is requested that this modification be made to include additional funds for the purchase of right of way. This change is necessary due to increases in costs from the original estimated figures in some parcel acquisitions. This increase of funds is possible by reductions from other projects that are being modified with regard to Federal Funds obligated. (December 24, 1959)

- - - - - - - - -

4. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Clinton By-Pass, Hunterdon County, Project No. I-78-2(4). The amount of Federal-aid Interstate funds obligated is $517,500.00 which is 90% of the estimated cost for Federal participation. It is requested that this modification be made to include reductions in funds for the purchase of right of way. This change is possible, since savings have been accummulated from the original estimated costs. These reductions are being transferred to other projects that are being increased by modified agreements with regard to Federal Funds. (December 24, 1959)

- - - - - - - - -

5. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route No. 101, Section 2, from Mt. Hope Rockaway Road to Vicinity of Denville, Project No. I-80-2(2). The amount of Federal-aid Interstate funds obligated is $1,170,000.00 which is 90% of the estimated cost for Federal participation. It is requested that this modification be made to include reductions in funds for the purchase of right of way. This change is possible, since savings have been accummulated from the original estimated costs. These reductions are being transferred to other projects that are being increased by modified agreements with regard to Federal Funds. (December 24, 1959)

7. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route No. 101, Mt. Arlington Road to Landing Road, Morris County, Project No. I-80-2(11). The amount of Federal-aid Interstate funds obligated is $121,500.00 which is 90% of the estimated cost for Federal participation. It is requested that this modification be made to include reductions in funds for the purchase of right of way. This change is possible, since savings have been accummulated from the original estimated costs. These reductions are being transferred to other projects that are being increased by modified agreements with regard to Federal funds. (December 24, 1959)

Federal Aid-Interstate Funds

8. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route No. 287, Section 2, Route U.S. 22 to Easton Road, Somerset County, Project No. I-287-1(2). The amount of Federal-aid Interstate funds obligated is $1,896,300.00 which is 90% of the estimated cost for Federal participation. It is requested that this modification be made to include additional funds for the purchase of right of way. This change is necessary due to increases in costs from the original estimated figures in some parcel acquisitions. This increase of funds is possible by reductions from other projects that are being modified with regard to Federal Funds obligated. (December 24, 1959)

Building #1, Fernwood Service Station, Trenton

9. Attached hereto is "Pre-Final and Final Acceptance Certificate" for the Highway Commissioner's approval submitted by the Director, Division of Purchase and Property covering the replacing of roofing and flashings, Building #1, Fernwood Service Station, 999 Parkway Avenue, Trenton, N.J. This work has been completed and is satisfactory. This project was initiated by this Department and approval is recommended. (December 18, 1959)

A.A.S.H.O. Road Test (Agreements)

10. Approval and execution is recommended of the attached Supplemental Agreement between the State of New Jersey Highway Department and the National Academy of Sciences (Highway Research Board) increasing New Jersey's contribution toward the A.A.S.H.O. Road Test in Illinois in order to provide additional monies to complete the study. The amount of New Jersey's increased contribution is $83,580.00. (December 23, 1959)

Services-Engineering

11. Approval and execution is recommended of the attached agreement between Edwards and Kelcey, consultant, and the State of New Jersey covering understandings in connection with the performance of engineering services relative to the improvement of Route 10 from the Livingston Traffic Circle eastwardly to the vicinity of Teed Road in Essex County, a distance of about 1.7 miles. The consultant is to be paid on a force account basis but in no event shall the sum total of payments for all services plus all documents be in excess of $70,670.00. (December 18, 1959)

Agreement-Karl Goldstein, Rt. 27, Sec. 3B

12. Approval and execution is recommended of the attached Agreement between Karl Goldstein, owner, and the State of New Jersey, covering understandings in connection with the correction of a drainage condition on the owner's property, located on Route 27, Section 3B, How's Lane to Mile Run, Station 562 - 563+30±. The State is to pay the owner for this work which, including 15% engineering and contingency, amounts to $856.52. (December 29, 1959)

Utilities-Public Service Electric & Gas Company,/ Routes 1 & 9 Truck (1953)

13. Under date of May 13, 1958, Commissioner approved Agreement between the Public Service Electric and Gas Company and the State and the setting up of $2,500.00 for digging of test holes, which information was necessary for the design of the bridge and roadway structures on Route 1 and 9 (Truck - 1953), South Bound Ramp at Raymond Boulevard, Newark. The Public Service Electric and Gas Company engaged the services of the Counties Contracting and Construction Company of Plainfield, New Jersey, for this work and their invoices amounted to a total of $4,300.43 which is $1,800.43 over the original estimate. Inasmuch as there is no question about the necessity for the additional amount of work (the underground utilities in this area were very intricate and the exact location was necessary as a basis for the design), it is recommended that the additional work be approved and the additional amount of $1,800.43 be set up. (December 22, 1959)

Utilities-N.J. Bell Telephone Co., Rt. 17,Sec. 3

14. Approval and execution is recommended of the attached agreement between the State of New Jersey and the New Jersey Bell Telephone Company covering understandings in connection with the construction of a section of Route 17, Section 3, through a portion of the Borough of Paramus in the County of Bergen, which construction will necessitate the relocation of certain facilities of the existing telephone system owned and operated by the Company. The State is to reimburse the New Jersey Bell Telephone Company for the cost of this relocation in the set amount of $2,681.45. (December 30, 1959)

Damages-Route 23, Section 15A

15. There is presented herewith the matter of complaint from Mr. Morgan Besson in the amount of $50.00 for damage done to his property during the construction of Route 23, Section 15A, in the Township of Montague, Sussex County. During the construction considerable material was washed over Mr. Besson's property and shrubbery was damaged by flood water coming from a newly excavated roadway in front and above his home. Mr. Besson cleaned up the yard and replaced gravel and topsoil which the contractor delivered to him. He signed a release in the amount of $50.00 on the assumption that he would receive payment for his labor and incidental work. Inasmuch as this damage is the State's responsibility and we are benefiting by the fact that were we to repair the damage ourselves it would have amounted to considerably more than $50.00, it is, therefore, recommended that a check in the amount of $50.00 be issued in favor of Mr. Morgan Besson. (December 24, 1959)

Utililities-Public Service Electric & Gas Co. Rt. 287, Sec. 1B

16. Approval and execution is recommended of attached Order #UO-18-287-1 issued to the Public Service Electric and Gas Company covering understandings in connection with the relocation of their facilities necessitated on account of the construction of Freeway Interstate Route 287, Section 1B, in the Township of Bridgewater, County of Somerset. The Utility Company is to be reimbursed for this work which includes approximately 10% for contingencies making the total estimated cost $109,200.00. (December 18, 1959)

Services-Engineering

17. Approval and execution is recommended of the attached agreement between John J. Kassner and Company, consultant, and the State of New Jersey, covering understandings in connection with the performance of engineering services relative to the improvement (widening) of State Highway Route 28 beginning at Union Avenue in Middlesex Borough westwardly to Middlesex Borough-Bound Brook boundary line, a distance of about 2.4 miles. The consultant is to be paid on a force account basis for this work but in no event shall the sum total of all payments be in excess of $82,100.00 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (December 31, 1959)

No Parking Zones

18. In accordance with the provisions of S. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 439, City of Elizabeth, Union County. (December 18, 1959)

SCHEDULE OF APPROVALS - JANUARY 15, 1960

Administrative Items

Claims-Settlements

1. This claim arises out of an accident occurring on February 15, 1958 at the Cape May Canal Bridge, Cape May, New Jersey, involving a vehicle owned and operated by Frank J. Moroni. As the result of the aforesaid accident, timber guard railing on the bridge was damaged and had to be repaired at a cost of $469.68, which figure took into consideration the question of depreciation. The insurance carrier for Mr. Moroni upon being presented with our bill claimed that our charges were excessive inasmuch as they had photographs which did not reveal damages sufficient to justify our charges. An offer was made by the insurance company in the amount of $366.60 in full settlement of the Department's claim which offer was promptly rejected by the Claims Bureau. The difference between the amount of the insurance company's offer and the full amount of the Department's claim amounts to $103.38. Subsequent negotiations by the Claims Bureau resulted in the insurance company agreeing to meet us half-way on the difference. We are now in receipt of an offer in the amount of $417.99 in full settlement of this claim. In view of the fact that the debtor is an out-of-State resident and in all probability is still in the United States armed forces, we feel that the best interest of the State would be served if we accept the offer of $417.99 and cancel the balance of this claim in the amount of $51.69. From a monetary standpoint, it would undoubtedly cost the State the sum of $51.69 in order to produce the necessary witnesses should we elect to institute a suit to recover the full amount of our claim. It is therefore our recommendation and in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General Joseph Lipkin that the offer of $417.99 be approved. (January 15, 1960)

Federal Aid-Urban Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way: Route 35 - Smith Street to N. J. Turnpike in Woodbridge, Project U-20(4). The amount of Federal Aid Urban funds obligated is $50,000.00 which is 50% of the estimated cost for Federal participation. (January 15, 1960)

- - - - - - - - -

3. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way: Route U.S. 130 - Haddonfield Road East to Cinnaminson Avenue, Burlington and Camden Counties, Project U-69(21). The amount of Federal Aid Urban funds obligated is $281,500.00 which is 50% of the estimated cost for Federal participation. (January 15, 1960)

Services-Engineering

4. Approval and execution is recommended of the attached Agreement between Louis Berger and Associates, consultant, and the State of New Jersey, relative to the performance of engineering services in connection with the improvement of State Highway Route U.S. 22 at Mountain Avenue Intersection in Bound Brook, namely to build an interchange extending from about Station 65 + 0 to about Station 87 + 0 along the line of Route U.S. 22. The consultant is to be paid on a force account basis limited to a ceiling of $35,000.00 for all work called for under this Agreement, and it is recommended that this amount be set up to cover the cost of the work. (January 13, 1960)

Utilities

Agreements-Town of Morristown

5. Under date of June 8, 1959 State Highway Commissioner approved Agreement #1 with the Town of Morristown for the relocation of their water facilities necessitated on account of the construction of Route 10, Section 2, which was in the amount of $1,100.82. However, incidental to work on Route 10, Section 2, it was found necessary to do certain extra work because of conditions encountered during construction which work was done on construction section Route 10, Section 3A. This extra work would have been included in the original agreement had sufficient definite knowledge of these conditions been available prior to the making of the agreement. Inasmuch as the language of the original agreement was intended to cover work on Route 10, Section 3A, approval is recommended in the setting up of the additional amount of $617.69 for the extra work which amount is over and above the original amount of $1,100.82. (January 12, 1960)

-R-101

Utilities (New Jersey Bell Telephone Company)

6. Order Number PUO-8-101-4, issued to the New Jersey Bell Telephone Company, was approved for an estimated amount of $13,090.00. However, when the Telephone Company solicited bids for the contract portion of the work (C.W.O. #4677), it was found that the estimate was $3,600.00 below the best contract bid price which was received from J. R. Fusco, Incorporated (the low bidder). Bills already submitted by the Telephone Company came to $17,134.56 with (C.W.O. #4676) the estimated amount of $200.00 still to be billed. This will bring the total cost to nearly $17,340.00, which amount exceeds the amount set up in the original Order by 32.5%. As the increase in cost is due mainly to the increased cost of the contract work for the underground duct work and the bid prices received from the low bidder seem reasonable, it is recommended that an additional amount of $4,250.00 be set up to cover the cost of this work, bringing the total amount allotted under this Order to $17,340.00. (January 13, 1960)

No Parking Zones

7. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 88, Lakewood Township, Ocean County. (January 14, 1960)

9. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 168, Borough of Runnemede, Camden County. (January 14, 1960)

Construction Items

Route U.S. 1 (1953), Section 6A

10. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for Route U.S. 1 (1953), Section 6-A from Route U.S. 130 to College Farm Road, including Interchange at Milltown Road, Township of North Brunswick, Middlesex County, Federal Project U-95 (43). (January 14, 1960)

Route 35 (1953), Section 10A

11. Approval is recommended of the plans and specifications and for authorization to advertise for bids for the Reconstruction of Bridge Deck on the Bridge over Matawan Creek on Route 35 (1953), Section 10A, in Matawan Township, Monmouth County. Bids to be received February 10, 1960. This project will be financed by Maintenance Funds. (January 13, 1960)

Route 17 (1953), Section 2A

12. Samuel Braen's Sons, contractors for the construction on Route 17 (1953), Section 2A, Farview Avenue Ramp, Borough of Paramus, Bergen County, have satisfactorily completed the work under their contract as of November 16, 1959. It is recommended that this project be finally accepted and a final estimate issued the contractor pending receipt of the as-built quantities and that final payment be authorized the contractor upon receipt of the as-built quantities. (January 11, 1960)

Route 295, Section 1D

13. Approval is recommended in making Award of Contract to Public Constructors, Inc., for the Grading, Paving and Bridges on Route 295, Section 1D, from Route 47 to Route U.S. 130, in the Borough of Westville, Townships of Deptford and West Deptford, Gloucester County, Federal Project No. N.J.-I-295-1(21)25, at their bid, the lowest of 10 bids received on January 5, 1960 in the amount of $3,116,053.75. (January 13, 1960)

Route S40, Section 5D

14. Ole Hansen and Sons, Inc., contractor for the Grading and Paving on Route S-40, Section 5D, Hilliard to Ship Bottom, Ocean County, Township of Stafford, has satisfactorily completed the work on their project as of September 18, 1959, however, the contract completion date for all work on this project was July 31, 1959. An extension of time is recommended for this project from July 31, 1959 to September 18, 1959 because of the delays caused on this project by utility interferences beyond the control of the contractor and because of additional work under approved Change Orders (see reports attached). It is further recommended that this project be finally accepted and semi-final payment be authorized withholding 1% of the completed contract amount, and that final payment be made at a later date in accordance with as-built measurements and quantities without further commission action, withholding the amount of $1,500.00 to guarantee satisfactory completion of certain items which the contractor must correct, as mentioned in the report. (January 14, 1960)

Federal Aid Secondary Items

Federal Aid-Secondary Funds

15. On March 1, 1957 the Bureau of Public Roads approved our request to operate under the "1954 Secondary Road Plan". This plan applies to all projects financed with Federal Aid Secondary Funds. At that time a "Program and Project Procedure" to be followed on Secondary Projects was approved. The second sentence of Paragraph III, E 5(a) of this procedure states "All of the regulations and procedures of Federal Policy and Procedure Memorandum 40-6 and supplements thereto will be adhered to". At the request of the Bureau, and, in order to save time in processing agreements with consultants on Secondary Projects, it is recommended that the second sentence of Paragraph III, E 5(a) be deleted and the following sentence substituted, "All agreements with consultant engineering firms will be subject to the approval of the State Highway Department in accordance with their standard procedures for such work before the agreement is executed". (January 12, 1960)

5. It is recommended that the attached project agreement in duplicate be approved and executed for Preliminary Engineering (Utility) and Construction (Utility): Route 287, Section 2, River Road, Piscataway to West Viaduct over Raritan River, Bridgewater, Middlesex and Somerset Counties, Project No. I-287-1(6)10. The amount of Federal-aid Interstate Funds obligated is $677,880 which is 90% of the estimated cost for Federal participation. This project agreement is requested to prepare and advance for the necessary utility rearrangements in preparation for construction with authority to proceed with Preliminary Engineering. (January 21, 1960)

Utilities-Route 78, Section 2G

6. In connection with the construction of Interstate Route 78, Section 2G, in the Township of Union, County of Hunterdon, it will be necessary for the New Jersey Power and Light Company to perform some preliminary engineering relative to the rearrangement of their facilities to accommodate this construction which work will be part of Public Utility Order PUO-10-78-2 which order is now being drafted. It is recommended that the Utility Company be reimbursed for this preliminary engineering which is estimated at $3,700 to which approximately 10% should be added for contingencies making a total amount of $4,050. (January 21, 1960)

Utilities-Route 73, Section 2A

7. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Township of Maple Shade covering understandings in connection with the relocation of certain facilities of their existing water distribution system in Route 73 which is owned and operated by the Township which relocation is necessitated by the proposed construction of Route 73, Section 2A. (January 25, 1960)

No Parking Zones

8. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route U.S. 30, City of Absecon, Atlantic County. (January 25, 1960)

Construction Items

Route 35 (1953), Section 5A

9. It is recommended that the contract for Route 35 (1953), Section 5A, Shark River Bridge Extension, Belmar Borough, Monmouth County, be awarded to Brann & Stuart Company, 448 Whitehead Road, Trenton, New Jersey, in the amount of $84,409.05, being the lowest of seven bids received on January 20, 1960 for this project. (January 25, 1960)

Route 73 (1953), Section 2A

10. Approval is recommended in making award of contract to Gaskill Construction Company for the Widening & Dualization on Route 73 (1953), Section 2A, from South Branch of Pennsauken Creek to Route 38, Pennsauken & Maple Shade Townships, Burlington & Camden Counties, Federal Project No. U-183(8), at their bid, the lowest of 13 bids received on January 13, 1960 in the amount of $1,299,125.74. (January 25, 1960)

Route 25, Section 6G

11. The Middlesex Concrete Products & Excavation Corporation, contractors for the construction of turnarounds at Poor Farm Road, Ford Avenue & Parsonage Road on Route 25, Section 6G, have satisfactorily completed the work under their contract as of July 24, 1959. The adjusted contract time for completion of this project was 65 working days. The time used to June 8, 1959 was 78 working days and the completion of the project was 90 working days. The contractor experienced considerable difficulty in the construction of this project, namely a new shopping center which was constructed on Parsonage Road necessitating changes of work already completed andhe also encountered delays in the delivery of materials. The contractor was also held up by delays in traffic signal construction which were not his responsibility. All of the essential work was completed by June 8, 1959 (78 working days), and we are, therefore, recommending that the contractor be allowed an extension of time amounting to 13 working days to cover delays until that date. Further, because of these delays, the assessment of liquidated damages the period from June 8, 1959 to July 24, 1959 should be omitted. Concurrence has been received from the Bureau of Public Roads in the extension of time and in the omission of the assessment of liquidated damages. It is, therefore, recommended that this project be finally accepted and a final estimate issued the contractor in accordance with and subject to the final as-built measurements and quantities and that there be no further commission action for final payment upon the receipt of the as-built quantities. (January 21, 1960)

Route 101, Section 2A

12. Union Building & Construction Corporation, contractors for the grading, paving & bridges on Route 101, Section 2A, in the Borough of Rockaway, Townships of Rockaway & Denville, Morris County, have satisfactorily completed the work under their contract as of December 11, 1959. It is recommended that this project be finally accepted and semi-final payment authorized withholding 1% of the completed work on the road items only; 100% payment being recommended on all bridge items. Final payment is to be made to the contractor upon receipt of the as-built quantities and after the necessary formalities have been observed without further commission action. Furthermore, this acceptance is subject to the results of the analyses of the bituminous pavement, the data for which is now in thehands of the laboratory. (January 22, 1960)

Route 108, Section 1B

13. Gaskill Construction Company, Inc., contractors for the dualization on Route 108, Section 1B, from Hollywood Avenue to the New Jersey Turnpike, and bridges in Upper & Lower Penns Neck Township, Salem County, have satisfactorily completed the work under their contract as of October 16, 1959. It is recommended that this project be finally accepted and a final estimate issued the contractor upon completion of and in accordance with the final as-built measurements and quantities; and that final payment be authorized upon receipt of the as-builts without further commission action. (January 22, 1960)

Electrical Items

Route US 130 (1953), Sections 8C & 9B

14. (January 28, 1960)

Rt. U.S. 1 & 9 (1953), Sec. 1 & Rt. U.S. 9 (1953), Sec. 1

10. Middlesex Products and Excavating Corporation, contractors for the Center Island Closings and Turnarounds on Route U.S. 1 and 9 (1953), Section 1, from Inman Avenue to Greenwood Street, and Center Island Closings on Route U.S. 9 (1953), Section 1, from Oakwood Avenue to King Georges Post Road in Woodbridge Township, Middlesex County, have satisfactorily completed the work under their contract as of June 8, 1959. The contract completion date was May 27, 1959, making an over-run on this job of 12 calendar days. It is, therefore, recommended that this project be finally accepted and a final estimate issued the contractor subject to and in accordance with the final as-built quantities deducting therefrom the amount of $240.00 representing liquidated damages for 12 calendar days at $20.00 per day. It is further recommended that final payment be made to the contractor upon receipt of the as-builts without further Commission Action. (January 29, 1960)

Route S41, Section 1D

11. Under date of September 29, 1959, Commission Action of September 17, 1959 was rescinded and final payment authorized deducting the amount of $1,779.30 which represented the value of deficient thickness of bituminous concrete as shown in the Laboratory report dated June 29, 1959. Final payment was made to Gaskill Construction Company on November 12, 1959. Subsequent to the above noted Laboratory report and final payment the Laboratory had recored the project cutting additional cores in the area of deficiencies to establish the limits thereof. Under date of November 30, 1959 a revised record of cores was made which showed a deficiency in thickness amounting to $414.00. It is now recommended that final payment be made to the contractor and that the amount of $414.00 be deducted from the amount withheld under Commission Action of September 29, 1959 ($1,779.30). (January 28, 1960)

NO. 6 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - FEBRUARY 18, 1960

Administrative Items

Agreements-General Drafting
MAPS - State Highway

1. Approval and execution is recommended of the attached agreement between General Drafting Company, Incorporated, and the State of New Jersey covering understandings in connection with the revision and the correction of New Jersey's County General Highway Maps in order that they will be modern and useable. The subject work calls for performing work on 4 sheets of the Mercer County Map, namely, corrections marked by the State on revised sheets; and, the repair work as shown on the overlays attached to the State's drawings limited to the indications placed on same by the Company. The total cost of the work called for under this agreement is $3,750.00 and it is recommended that this amount be set up. (February 11, 1960)

Agreement-Port of N.Y. Authority-Geo. Washington Bridge

2. Approval and execution is recommended of the attached agreement between the Port of New York Authority and the State of New Jersey, covering understandings in connection with the establishment of limits of jurisdiction, control and maintenance in connection with the construction of a lower deck on the George Washington Bridge and of other improvements in the approaches and connection with said bridge on Route U.S. 1, 9 and 46, and New Jersey 4. The Port Authority will cause to make certain repairs and improvements, as mentioned in the agreement, for which the State's share is estimated at $125,000.00 to which should be added 10% for contingencies, making a total estimated amount to be allocated to cover the State's share in this agreement $137,500.00. (February 11, 1960)

Services-Engineering

3. Approval and execution is recommended of the attached agreement between Sherman, Taylor & Sleeper, consultant, and the State of New Jersey relative to the performance of engineering services in connection with the improvement of State Highway Route 35 between Eisenhower Avenue, Seaside Heights, and the Mantoloking Borough Line along the abandoned Philadelphia and Long Branch Railroad bed, a distance of about 5.5 miles. The consultant is to be paid on a force account basis limited to a ceiling of $55,000.00 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (February 8, 1960)

4. Approval and execution is recommended of the attached agreement between Sherman, Taylor & Sleeper, consultant, and the State of New Jersey relative to the performance of engineering services in connection with the improvement of State Highway Route 295, Section 1D, Delsea Drive to Hessian Avenue. The consultant is to be paid on a force account basis limited to a ceiling of $50,000.00 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (February 8, 1960)

No Parking Zones

5. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones where parking is prohibited at all times along Route 79, Borough of Freehold, Monmouth County. (February 11, 1960)

- - - - - - - -

6. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones along Route 208, Franklin Lakes Borough, Bergen County. (February 15, 1960)

Construction Items

Route 80, Section 2H

7. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Grading and Paving on Route 80, Section 2H, from Landing Road Interchange to Howard Boulevard, in the Township of Roxbury, Borough of Mt. Arlington, Morris County, Federal Project No. N.J. I-80-2(22)28. (February 11, 1960)

Route U.S. 30, Section 3A

8. It is recommended that an extension of time be approved from October 1, 1959 to November 16, 1959 on the F. A. Canuso and Sons Incorporated contract for the construction of Route U.S. 30, Section 3A, Camden County. Approval is recommended in making this extension due to the fact that the contractor's operations were hampered by other utilities in the area of construction and the contractor was cramped for space, which resulted in delays beyond his control. In addition, weather conditions delayed normal construction of the macadam base. Approval has been received from the Bureau of Public Roads in granting this extension of time. (February 11, 1960)

NO. 7 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - FEBRUARY 29, 1960

Administrative Items

Absecon Boulevard (Route US 30)

1. Approval is recommended of a uniform future right of way width of 190 feet along the Absecon Boulevard (Route U.S. 30). The additional property necessary to obtain this uniform width will be acquired at the discretion of the State Highway Commissioner if and when funds are available and the acquisition fits in with improvements planned to be initiated by the State Highway Department. Explanation - At the present time the Absecon Boulevard has varying right of way widths of 80 feet, 120 feet and 190 feet. The existence of this condition tends to work an economic hardship on the proposed business establishments along the Boulevard. This action is taken at the expressed request of major land owners along this highway so that new development will be constructed along a known uniform set back. (February 25, 1960)

Utilities-City of Burlington, Rt. US 130, Sec. 2

20. To accommodate the construction of Route U.S. 130, Section 2, it was necessary for the City of Burlington to relocate its water main. This work was done by Charles S. Moses of Edgewater Park, New Jersey, who is a qualified regular contractor for the Board of Water Commissioners and whose services are generally used for this type of work inasmuch as the Commissioners are not adequately staffed or equipped to accomplish this type of work. The total amount of the work performed was $304.21, as indicated on the attached invoice, and it is recommended that the City of Burlington be reimbursed for the water main work and that the City's contractor (Charles S. Moses) be paid directly for the cost of same in the amount of $304.21. (February 23, 1960)

- - - - - - - - -

116. There is presented again the matter of acquisition of drainage easement on Route FAI 101-2-(2), also known as 80-2-(2), Mount Hope-Rockaway Road to Route US 46, Parcel E190B, Herbert B. Carlton and wife on which an agreement in the sum of $200 was previously approved. Under the terms of this agreement, Deed of Easement has been delivered to the State. Subsequently, the owners contended that the failure of the septic system on their remaining property was caused by our highway construction. Investigation by our Engineers confirmed the owner's contention. Because this damage was not anticipated it was not included in either the appraisals or the agreement reached with theowner for Parcel E190B. Estimates were therefore secured as follows: Carl Gulick, Whippany, $1,082; Peach Brothers, Morris Plains, $1,070. It is recommended that the attached release of all claims for damages be accepted by the Commissioner and authority granted to pay the owners the additional sum of $1,070 therefor (based on the lowest estimate received); making the total settlement for the acquisition of Parcel E190B - $1,270.00. (February 18, 1960)

SCHEDULE OF APPROVALS - MARCH 7, 1960

Administrative Items

Highway Research Correlation Service

1. Approval and execution is recommended of the attached subscription to the Highway Research Correlation Service for the fiscal year from July 1, 1959 to June 30, 1960, in the amount of $5,129.00. (March 5, 1960)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (March 5, 1960)

Agreements-Borough of Seaside Heights, Route 35

3. Approval and execution is recommended of the attached agreement between the Borough of Seaside Heights and the State of New Jersey covering understandings in connection with the improvement of State Highway Route 35, Brick Township to Seaside Heights in Ocean County. It has been deemed advisable in the interest of efficiency and economy to allow the Borough to cause part of the construction work to be done in its name which work includes road pavement, curb construction and drainage at locations set forth in the agreement. The Borough is to be reimbursed for this work as follows: for the road pavement and curb construction an amount not to exceed $2,888.00, for the storm drainage appurtenances an amount not to exceed $3,400.00, making a total estimated amount to be set up to cover the work under this agreement $6,288.00. (March 2, 1960)

Speed Limits

4. In accordance with the provisions of R.S. 39:4-93 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route U.S. 46, Knowlton, White, Liberty and Independence Townships and Town of Hackettstown, in Warren County; Washington, Mount Olive, Roxbury, Mine Hill, Rockaway, Denville, Parsippany-Troy Hills and Montville Townships, Netcong, Wharton, Rockaway and Mountain Lakes Boroughs, and Town of Dover, in Morris County. It is further recommended that Regulation LS-57-10, adopted April 9, 1957 and approved April 15, 1957, be rescinded. (March 2, 1960)

Construction Items

Route 4, Section 3A

5. Approval is recommended of the plans and specifications and authority to advertise for bids for the construction of barrier curb, resurfacing and ramp construction at Jones Road from Lafayette Avenue to 1000' south of Kenwood Street on Route 4, Section 3A, in the Township of Teaneck, City of Englewood and Borough of Fort Lee, Bergen County. Bids to be received April 6, 1960. (March 7, 1960)

Route 206 (1953), Section 22A

6. Approval is recommended of the plans and specifications and authority to advertise for the pavement reconstruction on Route 206 (1953), Section 22A, from Lawnwood Avenue to Ryerson Avenue, in the Town of Newton, County of Sussex. Bids to be received April 6, 1960. (March 3, 1960)

Route U.S. 1 & 9, Section 3A

7. Ralph Barone and Sons, contractor for the center island closings and turnarounds on Route U.S. 1 and 9, Section 3A, City of Rahway, Union County, have satisfactorily completed the work under their contract as of January 7, 1960. It is recommended that this project be finally accepted and final payment authorized pending receipt of the as-built quantities and after the necessary formalities have been observed. (March 2, 1960)

NO. 8 - 1960

Route 3, Section 1

8. The Standard Bitulithic Company, contractor for the resurfacing on Route 3, Section 1, from Eighth Street to Route 20, Town of Secaucus, Borough of East Rutherford, Counties of Hudson and Bergen, have satisfactorily completed the work under their contract as of October 2, 1959. The adjusted time for completion of this project was 25 working days, however, the time used was 37 working days resulting in an overrun of 12 working days accumulated over a period of 35 calendar days which, according to the specifications, is used to establish liquidated damages. However, it would appear that the 25 working days set up for the contract time for completion was not practical and although consideration must be given to the fact that delays occurred on this project which were the responsibility of the contractor, we have endeavored to reach a fair assessment of damages considering the traffic situation under which the work was done, that the contractor be penalized a total of only 12 calendar days at $21.837146 per calendar day or a sum of $262.05. It is further recommended that this project be finally accepted and final payment authorized pending receipt of the as-built quantities and after the necessary formalities have been observed. (March 2, 1960)

Route 35, Section 4B

9. Under date of May 19, 1959, the above noted project (Route 35, Section 4B, Lewis Street and Broad Street Connection, Federal Project F-26(5)) was accepted by the Commissioner and a final payment authorized. Under date of September 3, 1959, the Commissioner further approved that the final payment be made subject to the deduction of $830.18, representing the value of bituminous concrete pavement thickness deficiencies, and the posting of a three (3) year performance bond in the amount of $4,951.50, representing the total value of pavement constructed on the project. The thickness deficiencies were established in accordance with the information contained in the Laboratory core record of July 21, 1959. * Subsequent thereto, the Laboratory has recut cores throughout the project which, in general, substantiates the thickness as previously estimated. The revised report under date of February 16, 1960, shows an average thickness of 2.8" for pavement Type FABC-2, and 5.4" for bituminous gravel base course. With a tolerance of 1/2" in thickness as now allowed, the value of the thickness deficiencies are as follows:

~~Rt. U.S. 40, Sec. 1, U.S. 322, Sec. 2 & Decatur Ave.~~

Item #22 - Bituminous Pavement FABC-2, 3" thick	93 SY @ $1.50 =	$139.50
Supplementary		
Bituminous gravel base course, 6" thick	101 SY @ $1.95 =	$196.95
	Total	$336.45

It is, therefore, recommended that the Commission Action of September 3, 1959, be rescinded and, in lieu thereof, that final payment be made deducting the amount of $336.45, representing the estimated value of the pavement thickness deficiencies. (March 2, 1960) * No tolerance for thickness was allowed.

Rt. U.S. 40, Sec. 1, U.S. 322, Sec. 2 & Decatur Ave.

10. D'Annunzio Bros. Incorporated, contractors for the drainage improvement on Route U. S. 40, Section 1, U. S. 322, Section 2, and Decatur Avenue, in the Township of Egg Harbor, City of Pleasantville, Atlantic County, have satisfactorily completed the work under their contract as of December 11, 1959. It is recommended that this project be finally accepted and semi-final payment be authorized pending completion of the top soiling and seeding in the Spring when weather conditions permit. Final payment to be made upon receipt of the as-built quantities and after the necessary formalities have been observed without further commission action. (March 2, 1960)

Route 46, Section 8A

11. Bancheri Construction Company, contractors for the widening and resurfacing on Route 46, Section 8A, in the City of Bridgeton, Cumberland County, have satisfactorily completed the work under their contract as of October 19, 1959. It is recommended that this project be finally accepted and final payment authorized pending receipt of the as-built quantities and after the necessary formalities have been observed. (March 2, 1960)

Route 101, Section 2C

12. George M. Brewster and Son, Incorporated, contractors for the grading, paving and bridges on Route 101, Section 2C, Morris County, have semi-finally completed the work on their contract as of December 23, 1959. There is approximately a value of $250,000.00 of uncompleted road work. There also exists on this project the following exceptions: According to present as-built measurements there has been an overpayment on rock excavation over which there would undoubtedly be a controversy. Further, no cores of the bituminous pavement have been taken. Finally, the Bridge Division recommends that $5,000.00 be retained to complete miscellaneous items of work on bridges. - It is, therefore, recommended that this project be semi-finally accepted and that a semi-final estimate be issued the contractor withholding 2% of the completed work (both road and bridge items). This retained percentage is believed to be sufficient to cover the exceptions mentioned above. Furthermore, this acceptance is subject to the results of the analyses of the bituminous pavement, which data is in the hands of the Laboratory. (March 7, 1960)

Route U.S. 130 & Route 73

13. Public Constructors, Inc., contractors for the construction of the Detour Road for Haddonfield Road Grade Separation on Route U.S. 130 and Route 73 in the Township of Pennsauken, Camden County, have satisfactorily completed the work under their contract as of October 15, 1959. It is recommended that this project be finally accepted and a semi-final payment authorized withholding $200.00 to guarantee paving of the bituminous concrete at the junction with Route 130, which work will be done when the weather is warm. Final payment to be made upon receipt of the as-built quantities and after the necessary formalities have been observed without further Commission Action. (March 5, 1960)

Route 29, Section 11B

14. Commission Action of October 13, 1959 approved of the final acceptance and semi-final payment of the Public Constructors Incorporated contract for the construction of Route 29, Section 11B, subject to the contractor's posting of a 3 year performance bond in the amount of $125,000.00 to cover the estimated cost of resurfacing the roadways if the failure of the low compressive strength concrete made it necessary. Subsequent to the above date the Laboratory completed a further investigation of the 8" reinforced concrete pavement which investigation disclosed, in general, the cores as now cut indicate that the concrete pavement has attained an average strength at the age of 11 and 12 months that would have been acceptable at the age of 28 days, except for some slabs having a strength less than 4,000 lbs. p.s.i. It is, therefore, recommended that the previous Commission Action of October 13, 1959 requiring a 3 year performance bond in the amount of $125,000.00, be rescinded and as recommended by the Laboratory in lieu thereof the contractor be required to furnish a 5 year performance bond in the amount of $23,384.80 representing 10% of the value of the 8" reinforced concrete pavement constructed on this project; this bond to cover any part of the concrete pavement constructed on this project found to be in distress during the life of the bond. Further, final payment is recommended to the contractor subject to the as-built measurements and quantities. (March 2, 1960)

N.J. State Teachers College, Jersey City, Grad. & Pav. Parking Areas

15. Michael LaMorgese, contractor for the grading and paving of parking areas, New Jersey State Teachers College at Jersey City, has satisfactorily completed the work under his contract as of December 15, 1959. It is recommended that this project be finally accepted and final payment authorized pending receipt of the as-built quantities and after the necessary formalities have been observed without further commission action. (March 7, 1960)

Route U.S. 1 (1953), Section 8A

16. Approval is recommended of the request of Halecrest Company, Metuchen, New Jersey, contractor for the construction of Route U.S. 1 (1953), Section 8A, island closing, turnarounds and intersection revisions at Plainfield Avenue and Old Post Road, Edison Township, Middlesex County and Route U.S. 9 (1953), Sections 4A and 25A Intersection Revision at Ernston Road and Connection to Route 34, Borough of Sayreville and Township of Madison, Middlesex County, to sublet Items 10, 13, 14, 24 and 49 of the proposal, consisting of Subgrade, Concrete Pavement, Concrete Base Course, Transverse Expansion Joint and Extra Cement in the amount of $109,789.50, representing 26.68% of the total contract amount less specialty items to L. Zimmerman and Sons, Inc., 270 Hillside Avenue, Hillside, New Jersey. (March 2, 1960).

NO. 8 - 1960

Right of Way-Route 4, Widening

49. There is presented again the matter of acquisition of property on Route 4, Section 4F and 5C Widening, Parcel 17, Oxford, Inc. The owners refused an offer of $11,100.00; adhering to their demand of $27,000.00. Condemnation proceedings were therefore authorized. At the pre-trial conference in preparation for the condemnation hearing in this case, our two real estate witnesses indicated that based on the theory that in effect the State is taking rear land, they felt they could testify to a valuation approximating $6,900.00. On this basis, the State's testimony before commissioners was in the sum of $6,900.00 and the owners' testimony was $27,500.00. The commissioners awarded $14,000.00 plus interest, from which the State appealed. At the trial of appeal, the owners attempted to get into evidence agreements between the State Highway Department and the Garden State Plaza Corporation, and upon objection by the State, this evidence was ruled out. The owners presented testimony approximating $20,000.00 and at this point an adjournment was called and a subsequent settlement was reached at $12,300.00. The owners have now executed Deed and agreements in this sum. It is recommended that these agreements be approved and that the appeal previously authorized be discontinued. (March 2, 1960)

Right of Way-Route 21 Freeway

50. There is presented again the matter of acquisition of property on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel 103, John H. Mueller and wife and Rose H. Christoph, single. Condemnation proceedings were previously authorized at which time the owners were demanding $79,200.00. Continued negotiations have resulted in the execution of an agreement in the sum of $54,400.00, including down payment of $13,600.00 PLUS conveyance of Parcel V53B on Route 6, Section 1M (owner to retain and remove outside display sign). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Confirmation of the disposal of buildings to the contractor (who demolished them in pursuance of his contract) is requested. (March 2, 1960)

Right of Way-Route 42 (1927), Widening

51. 58. There is presented again the matter of condemnation of property on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel R41A, Carlton Williams and wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $16,500.00. On behalf of the owner: an employee of the Socony Vacuum Mobil Oil Company was permitted to testify that on a gallonage basis, the gas station was worth $70,000.00; Mr. J. S. Halston qualified as a real estate appraiser but testified only as to damage to the remaining building, exclusive of the gas station and arrived at a figure of $4,020.00; Mr. M. B. Boals qualified as a real estate appraiser and testified to the value of the remaining property exclusive of the land or the gasoline station building, arriving at a damage figure of $11,100.00. This piece-meal method of presenting testimony was allowed over the objection of the State's trial attorney; but it was evident that no conclusion could be reached as to just what figure the owners were claiming for land taken and damages to the remainder. The commissioners made an award in the sum of $48,500.00. It is recommended that an appeal be authorized. (March 5, 1960)

Right of Way-Route 10 (1953)

59. There are presented report and appraisal with map and description on Route 10 (1953), Section 3, Tabor Road to Troy Hills Road, Whippany, Parcel 4, Florence Scott Bisson, divorced. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $10,000.00 which is considered excessive. (March 2, 1960)

Right of Way-Route 10 (1953)

60. There are presented report and appraisal with map and description on Route 10 (1953), Section 3, Tabor Road to Troy Hills Road, Whippany, Parcel 3, Mary M. and Mary J. Russin, both single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have not stated their demands. (March 2, 1960)

Right of Way-
Route 26 (1927), Route U.S. 1 (1953)

61. There are presented report and appraisal with map and description on Route 26 (1927), Section 2, Route U.S. 1 (1953), D & R Canal to Penns Neck, Parcel 60, A.B.C. Freight Forwarding Corporation. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $95,000.00 which is considered excessive. (March 2, 1960)

Right of Way-Route 71 (1953)

62. There are presented report and appraisal with map and description on Route 71 (1953), Section 1, Popular Avenue, Deal to Route 35, Parcel E6, Pro-Val Builders, Inc. (a New Jersey Corporation). It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. Owner cannot convey good title. (March 2, 1960)

Right of Way-Route U.S. 130 (1953)

63. There are presented report and appraisal with map and description on Route U.S. 130 (1953), Section 8, New Albany to Pennsauken Creek, Parcel 14, Richard Myers et ux. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $28,000.00 which is considered excessive. (March 5, 1960)

Right of Way-Route 287

64. There are presented report and appraisal with map and description on Route FAI 104-2-(2), also known as 287-2-(2), Route 22 to Easton Avenue, Parcels 8B and 8C, Philip Albanese and wife, Angelo Cali and wife and Edward Ehrenkranta and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners are demanding $40,000.00 which is considered excessive. (March 2, 1960)

Right of Way-Route 80

65. There is presented again the matter of acquisition of property on Route FAI 80-2-(14), Route U.S. 46 at Netcong to East Side of Landing Road, Parcel 88, Thomas Lotito and wife on which an agreement in the sum of $2,100.00 was previously approved. Our Title Officer reports that all of the terms of this agreement have been met with the exception of the execution of a release from the holders of an easement for a right of way affecting the southerly 40 feet of the premises in question. These lessees, Min & Jim, Inc., refuse to execute the release at this time because they feel it may jeopardize their case now pending in condemnation. The owners have cooperated in every way possible. It is therefore recommended that authority be granted to enter into a supplemental agreement with Thomas Lotito and wife whereby payment can be made in the sum of $1,200.00; and retain the balance of $900.00 until such time as the necessary release has been executed. (March 5, 1960)

Right of Way-Route 37

66. There is presented again the matter of acquisition of a Riparian Grant on Route 37, Section 16, Pershing Avenue, Dover Township to Seaside Height (Barnegat Bay), on which an application was previously approved. for Parcels T-12, B-C-D-A-F-G-H It is recommended that authority be granted to accept the Grant (in accordance with the form attached), subject to the rights of Peter S. Rubino and Barbara A. Rubino; and to pay the total consideration of $12,145.00 therefor. (March 2, 1960)

Right of Way-Route 78

67. There is presented report from the Title Officer together with Deed for conveyance of Parcel VR14A2 on Route FAI 102-2-(4), also known as 78-2-(4), from West of Clinton in the Vicinity of Clinton Farms to East of Clinton at the Westerly End of Route 69 Interchange, from the State of New Jersey to John B. Ramsey. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on June 17, 1959, under the terms of which John B. Ramsey and wife and Louisa G. Ramsey, widow, conveyed to the State Parcels 10A and 10B at a consideration of $8,000.00 plus conveyance of Parcel R14A2 (now designated as VR14A2). All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel VR14A2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction, or maintenance of any State highway. (March 5, 1960)

Right of Way-Route 4 Parkway

68. There is presented again the matter of Parcels X90S and X137A on Route 4 Parkway, Section 8. At a public auction held on February 23, 1960, a bid was received in the amount of $350.00, including $200.00 for the value of the Parcels and $150.00 to cover the cost of conducting the sale. It is recommended that the bid in the amount of $350.00, which was submitted by Robert C. Krueger be accepted, and that the Deed of Conveyance be delivered to Mr. Krueger upon payment of the full purchase price. (March 2, 1960)

70. There is presented report from the Title Officer together with a Deed (containing a Metes and Bounds description of Parcels V19B2 & V19B3 on Route 18, Section 1, Old Bridge to Freneau Road.) This conveyance from the State to Dominick J. Apicella and wife is in accordance with an agreement previously approved whereby the Apicellas conveyed to the State Parcel W19B at a consideration of $1.00 plus conveyance of Parcels V19B2 and V19B3; Dominick J. Apicella to pay to the State the sum of $9080. On January 11, 1960 the State Highway Commissioner executed a Deed to the Apicellas covering Parcels V19B2 and V19B3 which contained our usual form of description. However, the Attorney for the Apicellas has requested that this Deed of conveyance contain a Metes and Bounds Description. It is recommended that the attached Deed containing a Metes and Bounds Description of Parcels V19B2 and V19B3 be executed and authority granted to make delivery of same upon payment to the State of the sum of 9080. It is further recommended that the action of January 11, 1960 be rescinded and that the Deed previously executed by the State Highway Commissioner be declared void. The State Highway Commissioner does hereby determine that Parcels V19B2 & V19B3 are no longer required for the use of the State of New Jersey in theimprovement, betterment, reconstruction or maintenance of any state highway. (March 14, 1960)

NO. 10 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MARCH 22, 1960

Administrative Items   Routes U.S. 1 & 9 (1953)
General Property Parcel Map-Route 25(1927), Sec. 1,

1. Approval is recommended for filing in Middlesex County of the attached print of the General Property Parcel Map for Route 25 (1927), Section 7F, Routes U.S. 1 and 9 (1953), Middlesex County, Avenel Street Intersection Revision. (March 18, 1960)

Claims-Settlements

2. This claim arises out of an accident occurring on May 20, 1959 involving State Highway Department Pick-up bearing Reg. 5003 HY and a vehicle owned by Gross and Hecht Trucking. As the result of the aforesaid accident, the State vehicle was damaged and had to be repaired at a total cost of $139.40. The insurance company representing the above-named trucking company, upon receipt of the Highway Department's bill, refused to honor our claim on the grounds that the State driver was largely responsible for the accident in question. Subsequent negotiations by the Claims Bureau has now resulted in the insurance carrier agreeing to reimburse the State for 50% of its damage. Inasmuch as this claim arises out of an intersectional accident and there were no witnesses other than the two drivers involved, we do not feel the sum of $69.70 would warrant the institution of a suit as it would undoubtedly cost the State this amount to produce the necessary witnesses to obtain and collect a judgment assuming of course, that we were successful in obtaining a judgment. It is therefore our recommendation and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of the Deputy Attorney General William J. McCormack that the offer of 50% be accepted and the balance of the claim be cancelled. (March 21, 1960)

- - - - - - - -

3. This claim arises out of an accident occurring on October 1, 1959 involving a vehicle owned by the Victor Lynn Lines, Inc., Milford, Delaware. On the date in question, the vehicle owned by the Victor Lynn Lines was being detoured around a previous accident by the Upper Penns Neck Township Police Department and while being so detoured, the top of the trailer struck a traffic light pole, property of the New Jersey State Highway Department and pulled it loose from its base. The cost of making the necessary repairs totaled $265.69. The owner and operator of the vehicle involved disclaimed liability for the mishap inasmuch as they were deterred from their normal course of travel by an official police officer. Apparently the trailer was being maneuvered around the scene, titled, causing the corner of the trailer to hook into the traffic light pole. The vehicle at the time of the accident was traveling at a very slow rate of speed. During negotiations with the insurance carrier representing Victor Lynn Lines, it was pointed out that their assured was very much opposed to paying anything on this claim as they did not feel responsible for the occurrence. Further negotiations by the Claims Bureau resulted in the insurance carrier agreeing to pay $199.27 representing 75% of our original claim. In view of the circumstances under which the accident occurred, it might be difficult, if not impossible, to prove negligence upon the driver of the Victor Lynn Lines' vehicle in the event we attempted to collect the full amount of this claim by suit. In view of the foregoing, it would appear that the Department would be justified in accepting the sum of $199.27 in accordance with Mr. Levine's report attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General, and that the balance of the claim in the amount of $66.42 be cancelled. (March 21, 1960)

S. Code, Section 104(b) (5). The consultant is to be paid for this work on a force account basis, but in no event is the sum total of all payments to exceed $27,500. (March 22, 1960)

Utilities-Reimbursement, Boro of E. Paterson

9. To accommodate the construction of Route 20 - Route 3, Paterson, Section 4F, it was necessary to acquire property from the Borough of East Paterson across the Sewer Siphon Station. This acquisition was handled by the Bureau of Appraisals and Negotiations. This acquisition further necessitated the relocation of a fence owned by the Borough which relocation work was handled by the Utility Section. It is recommended that the Borough of East Paterson be reimbursed in the amount of $270 which is the amount for the relocation of the fence which includes an item of $75 for engineering. (March 18, 1960)

(March 15, 1960)

Route 33, Sections 17A & 18

14. Under date of September 29, 1959, final payment was authorized deducting the amount of $2,420.50, representing the estimated value of the bituminous pavement thickness deficiencies. This amount was based upon the record of bituminous pavement cores as compiled by the Laboratory under date of June 30, 1959. Subsequent to the above noted bituminous pavement report of June 30, 1959, the Laboratory has recored the project, cutting additional cores in areas of deficient thickness to establish the limits thereof. Under date of February 15, 1960, a revised record of cores was compiled and forwarded by the Laboratory. A review of this revised record shows deficient thickness in the following items and the estimated values thereof. A tolerance of 1/2" in thickness has been allowed for each respective item, (Rt. 33, Secs. 17A & 18, Fed. Proj. FU-66(5)).

Item #14 - Bituminous Gravel Base Course, 6" thick	389SY @ $2.00	=	$778.00
Item #20 - Pavement Type FABC-2, 3" thick	105SY @ $1.50	=	157.50
			$935.50

It is, therefore, recommended that the Commission Action of September 29, 1959, authorizing a deduction of $2,420.50 be rescinded, and a final payment authorized whereby a deduction of $935.50 shall be affected, representing the value of the deficient thickness of bituminous pavements constructed on this project. (March 15, 1960)

Route 208, Section 3

15. George M. Brewster and Son, Inc., contractors for the grading, paving, bridge and walls on Route 208, Section 3, Federal Project No. F-189(18), in the Borough of Hawthorne, Township of Wyckoff, Passaic and Bergen Counties, have satisfactorily completed the work under their contract as of January 8, 1960, with the following exceptions: It will be necessary to withhold sufficient funds to guarantee a satisfactory growth of grass, repair eroded slopes, provide for penalty for short cores which have not yet been taken, and incidental clean up work. Bridge items are 100% complete. It is, therefore, recommended that this project be finally accepted and semi-final payment made amounting to 98% of the completed road work only and that payment on the final estimate be made without further commission action pending coring of bituminous pavement and the receipt of as-built quantities. 100% payment to be made on all bridge items. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved and that authority be granted to acquire the additional right of way needed for the ramp revision. The estimated cost of this additional right of way is $35,000 and authority is requested to set up this amount from funds available under Item 39, of the 1959-60 Construction Program. (March 17, 1960)

Right of Way-Route 80 (General Property Parcel Map)

65. There is presented a sheet of the General Property Parcel Map on Route 80, Section 5E, Route 17 at Lodi to N. J. & N. Y. R.R. (Erie) at Hackensack, (showing Lots 22A, 23 and 24 in Block 113B, located on Summit Avenue in Hackensack, N. J.); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved and that authority be granted to negotiate for the property on Summit Avenue, designated as Lots 22A, 23 and 24 in Block 113B; the estimated cost of which is $6,000. There are sufficient funds in the Right of Way Account to cover the estimated cost of this property, therefore, no set up of funds is necessary. (March 17, 1960)

General Property Parcel Map-Route 129 Freeway, Sec. 3

66. There is presented General Property Parcel Map on Route 129 Freeway, Section 3, Federal City Road to Route U. S. 1, Federal Project U-203-(6); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. The State Highway Commissioner heretofore approved the General Property Parcel Map on this entire project; authorized negotiations for Parcels 21A and 21B; 23A and 23B and 23C; 24A and 24B; 26A and 26B; 27A, 27B, 27C and 27D; 29A, 29B and 29C; 30; 34A and 34B; and also authorized the setting up of $440,000 to cover their estimated cost. Authority is requested to negotiate for the acquisition of the remaining Right of Way, the estimated cost of which is $525,000. Authority is also requested to set up this amount from funds available under Item 37, of the 1959-60 Construction Program. (March 22, 1960)

General Property Parcel Map-Route 129,Freeway, Sec. 2

67. There is presented General Property Parcel Map on Route 129 Freeway, Section 2, Scotch Road to Federal City Road, Federal Project U-203-(5); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. The State Highway Commissioner heretofore approved the General Property Parcel Map on this entire project; authorized negotiations for Parcels E17C, 20A, 20B and 21; and also authorized the setting up of $60,000 to cover their estimated cost. Authority is requested to negotiate for the acquisition of the remaining Right of Way, the estimated cost of which is $475,000. Authority is also requested to set up this amount from funds available under Item 37, of the 1959-60 Construction Program. (March 22, 1960)

Right of Way-Route U.S. 1 (1953)

68. There is presented purchase agreement on Route U. S. 1 (1953), Section 6, Project U 95-(42), from Route 26 to Raritan River; Parcel 1, Joseph Mazellan, widower, consideration $50. Approval is recommended. (March 22, 1960)

Right of Way-Route U.S. 9 (1953)

Right of Way-Route FAI 80

76. There is presented purchase agreement for the conveyance of a slope easement on Route FAI 101-2-(2), also known as 80-2-(2), Mt. Hope-Rockaway Road to Route U. S. 46 at Denville; Parcel E203, Raymond Smith and wife, consideration $20. Approval is recommended. (March 17, 1960)

Right of Way-Route FAI 287

77. There is presented purchase agreement on Route FAI 104-2-(2), also known as 287-2-(2), Route U. S. 22 to Easton Avenue; Parcel 393, Elizabeth Jula (single) and Robert L. Hendricks, special guardian of Elizabeth Ann Jula, infant; consideration $1,800. Approval is recommended. (March 17, 1960)

Right of Way-Route FAI 295

78. There is presented a purchase agreement ~~again the matter of acquisition of property~~ on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel R119, Bertha R. Jordan, widow, consideration $2,750 plus conveyance of Parcel V2R118B. Approval is recommended. Authority is requested to dispose of the outhouse to the road contractor. (March 21, 1960)

~~78. There is presented again the matter of acquisition of property on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel R119, Bertha R. Jordan, widow, consideration $2,750 plus conveyance of Parcel V2R118B. Approval is recommended. Authority is requested to dispose of the outhouse to the road contractor. (March 21, 1960)~~

Right of Way-Route FAI 295

79. There is presented purchase agreement on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel R124, Philip Zinman et al, consideration $30,200. Approval is recommended. (March 17, 1960)

Right of Way-Route FAI 80

80. There is presented again the matter of acquisition of property on Route FAI 101-2-(2), also known as 80-2-(2), Mt. Hope-Rockaway Road to Route U. S. 46 at Denville. An agreement was previously approved with Grace D. Cram et al in the sum of $500 covering Parcels 100B and 100C. The title search revealed that Grace D. Cram et al did not own all of Parcel 100C. The parcel was therefore subdivided and negotiations re-opened. An agreement has now been executed and submitted in the sum of $100 covering Parcels 100B and 100C-1. It is recommended that this agreement be approved and that the previous agreement covering Parcel 100B and 100C be rescinded. (March 17, 1960)

- - - - - - - - - -

81. There is presented again the matter of acquisition of property on Route FAI 101-5-(2), also known as 80-5-(2), from West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck. Condemnation proceedings were previously authorized for Parcel 263, Palmer Food and Liquor, Inc. The plan was subsequently revised necessitating the acquisition of a smaller area now designated as Parcel R263. An agreement has been executed covering Parcel R263 in the sum of $90,000, including down payment of $22,500 (owner to retain and remove building). This agreement includes all right, title and interest in Parcels 251A and 251B. It is recommended that this agreement be approved and that condemnation proceedings previously authorized for Parcel 263, be rescinded. (March 17, 1960)

Right of Way-Route FAI 295

82. There is presented again the matter of acquisition of property on Route FAI 108-2-(5), also known as 295-2-(5), Warwick Road to Route 73, Parcels 2R72C2A, 5R80A and 81A, Barclay Homes, Inc. Condemnation proceedings were previously authorized at which time the owners were demanding $718,000. Continued negotiations have resulted in the execution of an agreement in the sum of $350,000. Considering the controversial nature of the damage claims of the owners as well as the fact that the State would, no doubt, be liable for interest from January 5, 1959 on any condemnation award rendered, it is considered in the best interest of the State to enter into this agreement. It is therefore recommended that the agreement in the sum of $350,000 be approved and that condemnation proceedings previously authorized be discontinued. (March 22, 1960)

- - - - - - - - - -

83. There is presented again the matter of acquisition of property on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga. A condemnation commissioner's award in the sum of $11,000 was previously approved for Parcel 73, William R. Ritchie and wife. The owners were contemplating filing an appeal, but have now executed and submitted an agreement covering their entire property (Parcel R73) in the sum of $10,000 including down payment of $750 (owner to retain and remove the dwelling). It is recommended that this agreement covering Parcel R73 be approved; and that the previous action approving the award on Parcel 73 be rescinded. (March 17, 1960)

Right of Way-Route 37

84. There is presented again the matter of condemnation of lands on Route 37, Section 15, from Toms River Relocation at Washington Street to Thomas A. Mathis Bridge Approaches at Pershing Avenue, Parcel 11, Grace M. Elley, widow. A jury verdict was rendered in the sum of $25,000 from which an appeal to the Appellate Division was authorized. As the Appellate Division has now affirmed the Judgment of the jury in this case, authority is requested to pay the judgment of $25,000 plus interest from June 22, 1959 (the date judgement was entered). (March 21, 1960)

Right of Way-Route 21 Freeway

85. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcels 86A and 86B, John Duplig et al. Condemnation proceedings were previously authorized at which time the owners were demanding $30,000. At the hearing before condemnation commissioners, the testimony on behalf of the owners was $42,000 and the testimony on behalf of the State was in the sum of $21,200. The commissioners rendered awards as follows:

Parcel 86A	$28,700 plus interest from September 14, 1959
Parcel 86B	$500 plus interest from September 14, 1959

It is recommended that these awards be approved. (March 17, 1960)

Right of Way-Route S26(1927),S26(1927),US 1 (1953)

86. There is presented again the matter of condemnation of property on Route 26 (1927), Section 5, Project F 95-(29), Route S26 (1927), Section 1, Route U.S. 1 (1953), Deans Road to Route 25 at Cranbury Turnpike, Parcel 70, Frank Orso and wife. At the hearing before condemnation commissioners, the testimony on behalf of the owner was $4,900 and the testimony on behalf of the State was $2,200. The commissioners rendered an award in the sum of $2,600, which will carry interest from the date of entry, July 1, 1959. It is recommended that this award be approved. (March 21, 1960)

Right of Way-Route FAI-287

87. There is presented again the matter of condemnation of lands on Route FAI 104-2-(2), also known as 287-2-(2), Route U. S. 22 to Easton Avenue, Parcels 413 and R414, Olga Avrich, widow. At the hearing before condemnation commissioners, the testimony on behalf of the owner was in the sum of $9,300 and the testimony on behalf of the State was in the sum of $4,630. The commissioners rendered an award in the sum of $6,200 which will carry interest from the date of entry, August 7, 1959. It is recommended that this award be approved. (March 21, 1960)

Right of Way-Route 21 Freeway

88. There are presented report and appraisal with map and description on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel R50, Delawanna Iron and Metal Company. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners' demand in the sum of $500,000 is considered excessive. (March 17, 1960)

Right of Way-Route 35 (1953)

89. There are presented report and appraisal with map and description on Route 35 (1953), Section 4, Project F 26-(9), Eatontown to Red Bank; Parcel E16, Charles F. Borden and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owners refuse to negotiate. (March 17, 1960)

Right of Way-Route 78 (1953)

90. There are presented report and appraisal with map and description on Route 78 (1953), Section 2G, Mulhockaway Creek to West of Clinton in the Vicinity of Clinton Farms, Parcels 15A and 15B, Kenneth Bird and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners refuse to state their demands. (March 17, 1960)

Right of Way-Route FAI 78

91. There are presented report and appraisal with map and description on Route FAI 102-2-(4), also known as 78-2-(4), from West of Clinton in the Vicinity of Clinton Farms to East of Clinton at the Westerly end of Route 69 Interchange, Parcel E38, Cyrus R. Fox. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owner is demanding $2,500 which is considered excessive. (March 18, 1960)

Right of Way-Route FAI 287

92. There are presented report and appraisal with map and description on Route FAI 104-2-(2), also known as 287-2-(2), Route U. S. 22 to Easton Avenue, Parcel 35, Hyman Kadesh and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $10,000 which is considered excessive. (March 17, 1960)

Right of Way-Route/FAI 295

93. There is presented again the matter of condemnation of lands on FAI 108-2-(5), also known as 295-2-(5), Warwick Road to Route 73. Condemnation proceedings were previously authorized, for the acquisition of Parcels R72C2, R80A and 81A, Barclay Homes, Inc., at which time the owners were demanding $718,800. Subsequently the plans were revised, requiring the acquisition of additional lands from the owner, which parcels are now designated as Parcels 2R72C2A, 5R80A and 81A. The owner is adhering to the original demand of $718,800. It is therefore recommended that the previous action covering Parcels R72C2, R80A and 81A be rescinded; and authority granted to institute condemnation proceedings for the acquisition of Parcels 2R72C2A, 5R80A and 81A, subject to any public utilities existing in the premises. (March 15, 1960)

Right of Way-Route FAI 80

94. There is presented again the matter of acquisition of Parcels 41A and UE41B, William Marsh and wife on Route FAI 80-2-(14), Route U. S. 46 at Netcong to East Side of Landing Road. Condemnation proceedings were previously authorized at which time the owners were demanding $600 for both parcels. Subsequently, we were notified by our Construction Division that because Parcel UE41B was involved in condemnation, the New Jersey Power and Light Company would have to install a temporary power line relocation so that construction could proceed. The estimated cost of this temporary installation is in excess of $3,000. Because of this development, negotiations were re-opened with the owner, which resulted in the execution of the following instruments:

Parcel		Consideration
41A - Agreement in the name of the State	Wm. Marsh & wife	$200
UE41B - Grant in the name of N.J. Power & Light Co.	Wm. Marsh & wife	300

In order to avoid the costly temporary installations, it is recommended that the agreement covering Parcel 41A in the sum of $200 be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that the consideration of $300 in the Grant of Easement covering Parcel UE41B be approved by the State Highway Commissioner; that authority be granted to transmit same to the New Jersey Power and Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7; and that the action of September 3, 1959 authorizing the condemnation of Parcel UE41B be rescinded. (March 17, 1960)

Right of Way-Route FAI 80

95. There is presented again the matter of acquisition of a power line easement required by the New Jersey Power and Light Company on Route FAI 80-2-(14), Route U. S. 46 at Netcong to East side of Landing Road; Parcel UE40B, Grace Willets, Floyd Steer and wife and Esther M. Willson. A Grant of Easement was previously submitted for approval of a $25 consideration. This Grant was executed by Grace Willets, executrix under the last will and testament of Flora Willets. The Legal Department for the Power Company subsequently informed us that Grace Willets does not have the power to execute this instrument. A Grant of Easement in the sum of $25 has now been executed by Grace Willetts, Floyd Steer and Ruth E. Steer, his wife, and Esther M. Willson. The Power Company has indicated willingness to accept this Grant without the signature of Harold Willson (husband of Esther M. Willson) who may have a curtesy right. Approval of the consideration in this latter Grant of Easement is recommended; and authority is requested to transmit same to the New Jersey Power and Light Company, with the understanding that the State will reimburse the Power Company under R.S. 27:7A-7. It is further recommended that the previous action of January 19, 1960, be rescinded. (March 17, 1960)

Right of Way-Route FAI 295

96. There is presented Agreement of Easement in the name of the Township of West Deptford on Route FAI 108-1-(12), also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel UER 122B, Laura E. Rase and husband, consideration $500, (for the relocation of a water main). Approval of the consideration provided for in the Agreement of Easement is recommended; and authority is requested to transmit this Agreement to the Township of West Deptford with the understanding that the State will reimburse the Township under R.S. 27:7A-7. (March 21, 1960)

Right of Way-Route 162 (1953)

97. There is presented Grant of Easement on Route 162 (1953), Section 1, at Cape May Canal; Parcels E1A, E1B, E1C and E1D, United States of America, no consideration involved. It is recommended that this Grant of Easement be accepted with thanks; and that the State Highway Commissioner's signature be affixed to the copy of letter dated March 1, 1960 from L. W. Piel, Chief, Real Estate Division, U. S. Army Engineer District, Philadelphia. (March 17, 1960)

Right of Way-Route 4 Parkway

98. There is presented again the matter of the sale at public auction of Parcels X90S and X137A on Route 4 Parkway, Section 8. On March 2, 1960, the sale of these two parcels to Robert C. Krueger, based on his bid of $350 was authorized. It is recommended that the attached Deed covering conveyance of these two parcels to Robert C. Krueger be executed by the State Highway Commissioner; and authority granted to make delivery of same upon full payment of the bid of $350. The State Highway Commissioner does hereby determine that Parcels X90S and X137A are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (March 21, 1960)

SCHEDULE OF APPROVALS - MARCH 31, 1960

Administrative Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (March 31, 1960)

Services - Engineering

2. Approval and execution is recommended of the attached agreement between DeLeuw, Cather and Company, consultant, and the State of New Jersey, covering understandings in connection with the performance of engineering services, namely, the furnishing of a complete cost estimate for completing that section of Interstate Route I-78 from I-287 to a point about 1,000' East of Plainfield Avenue in Berkeley Heights in conformance with Title 23, U. S. Code, Section 104(b) (5). The consultant is to be paid for this work on a force account basis, but in no event is the sum total of all payments to exceed $15,000.00. (March 24, 1960)

- - - - - - - -

3. Approval and execution is recommended of the attached agreement between Goodkind & O'Dea, consultant, and the State of New Jersey, covering understandings in connection with the performance of engineering services, namely, the furnishing of a complete cost estimate for completing this section of Interstate Route I-287 from the vicinity of Route U. S. I-80 to Route U. S. 202 at Montville in conformance with Title 23, U. S. Code, Section 104(b) (5). The consultant is to be paid for this work on a force account basis but in no event is the sum total of all payments to exceed $10,000.00. (March 25, 1960)

Right of Way Items

Right of Way-Route 69 Freeway

62. There is presented 6 sheets of the General Property Parcel Map on Route 69 Freeway, Section 1, from the vicinity of the Pennington Circle to Route U.S. 1 in the vicinity of Slackwood, showing property to be acquired from Briarcliffe (Blue Ribbon Builders, Inc.), Lillian E. Brophy et als, and Sherbrook Manor (Sylvan Construction Corp.); together with memorandum from Mr. F.LL Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. Heretofore the State Highway Commissioner approved 5 sheets of the General Property Parcel Map showing the property to be acquired from Briarcliffe (Blue Ribbon Builders, Inc.) and Sherbrooke Manor (Sylvan Construction Corp.) and also authorized the setting up of $80,000 to cover the estimated cost. It is recommended that the sheet of the right of way plan showing the Brophy property be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved and that authority be granted to acquire this property. Authority is also requested to set up the sum of $150,000 from funds available under Item 21, Non-Federal Projects, of the 1958-59 Construction Program. (March 28, 1960)

NO. 12 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - APRIL 12, 1960

Administrative Items

Federal Aid-AASHO Road Test Project

1. It is recommended that the attached project agreement be approved and executed: Authorizes the Bureau of Public Roads to withhold $83,580.00 from available Federal-aid highway funds as New Jersey's share in financing the A.A.S.H.O. Road Test Project. This action will provide a total of $234,023.00 available to date, for this project (Highway Planning Project HPS-1(70). The funds are available from the unprogrammed balances of Highway Planning apportionments. The Supplemental Agreement between the National Academy of Sciences (Highway Research Board) and the State of New Jersey Highway Department revising the schedule of contributions received Commission approval December 28, 1959 as Item 10 in the Schedule of December 31, 1959 (No. 42-1959). (April 7, 1960)

Federal Aid - Urban Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Right-of-Way: U.S. Route 1 at Milltown Road, Project U-95(42). The amount of Federal Aid Urban funds obligated is $106,300.00 which is 50% of the estimated cost for Federal participation. (April 12, 1960)

---

3. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route U.S. 1, Section 6A, Route U.S. 130 to College Farm Road, North Brunswick Township, Project U-95(43). The amount of Federal-aid Urban funds obligated is $488,600.00 which is 50% of the estimated cost for Federal participation. (April 12, 1960)

Federal Aid - Primary Funds

4. It is recommended that the attached modified project agreement in duplicate be approved and executed (Preliminary Engineering): Route 38, Church Road to Marter Avenue, Camden and Burlington Counties, Project F-106(6). The amount of Federal-aid Primary funds obligated is 36,398.44 which is 50% of the estimated cost for Federal Participation. This modification is necessary to obligate the increase of Federal funds requested in the final voucher to the Bureau of Public Roads. (April 12, 1960)

Federal Aid - Interstate Funds

5. It is recommended that the attached project agreement in duplicate be approved and executed for Preliminary Engineering (Utility) and Construction (Utility): I-80 from Route 46 (Netcong) to Mt. Arlington Road including Utility Relocations Project I-80-2(16)26. The amount of Federal-aid Interstate funds obligated is $357,543.00 which is 90% of the estimated cost for Federal participation. (April 12, 1960)

---

6. It is recommended that the attached project agreement in duplicate be approved and executed for Right-of-Way: I-95 Route, U.S. Route 4, Easterly to Fletcher Avenue, Project I-95-7(4)65. The amount of Federal-aid Interstate funds obligated is $2,700,000 which is 90% of the estimated cost for Federal participation. (April 12, 1960)

Federal Aid - Primary Funds

7. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Grade Separations at Grandview Avenue, Cedar Hill Road, Russell Avenue and Summit Avenue with Route 208, Project F-139(21). The amount of Federal-aid Primary funds obligated is $580,300.00 which is 50% of the estimated cost for Federal participation. (April 12, 1960)

Agreement - Engineering Services

8. Approval and execution is recommended of the attached agreement between the Aeroflex Corporation and the State of New Jersey covering understandings in connection with the performance of Engineering Services, namely, the preparation of an aerial planimetric map in connection with the preparation of widening plans for the State Highway Route 24, Section 15A, from Millburn Avenue, Maplewood Township to the Town of Irvington line, a distance of about 1.7 miles. The Corporation is to be paid a flat sum of $1,716.00 for all work items listed and the sum of $20.00 for each set of additional film positives if ordered simultaneously with the initial set. (April 6, 1960)

Flood Damage - Sussex County

9. Approval is recommended of plans and specifications submitted by the County of Sussex and authorization for the County to advertise for bids for the reconstruction of Bridge No. 505 and Approaches in Sandyston Township, Sussex County. This bridge was damaged by the floods of August 18 and 19, 1955. (April 6, 1960)

Claims - Settlements

10. This claim arises out of an automobile accident which occurred on October 2, 1959 at the Tilton Road Circle at its intersection with Route 322 and involved a vehicle owned by Quintino Perez and operated by George Haldeman. As a result of this accident two electrical signs were damaged and subsequently repaired by the Highway Department forces at a cost of $297.70. Investigation by the Claims Bureau disclosed that the vehicle involved in this accident was not insured and its owner Quintino Perez has returned to an unknown address in Puerto Rico since this occurrence. The driver of the vehicle, George Haldeman, was unemployed throughout the winter of 1959-60 but has recently secured temporary employment in a local service station. Several letters addressed to Mr. Haldeman were unanswered but eventually personal contact with him revealed that he was unable to pay this claim. He has, however, made an offer for a cash settlement in the amount of $150.00. This money was borrowed from an uncle through the assistance of his mother. Giving due consideration to Mr. Haldeman's financial status, and possibility for continued employment, it is the opinion of the Claims Bureau that the state would be justified in accepting the above offer for settlement rather than attempting to recover the full amount of the claim by means of a law suit and judgment which might very well be uncollectable. Taking in consideration the cost involved for the state in the event the Claims Bureau attempted to collect the full amount of the claim by the institution of suit, and also giving due consideration to the foregoing and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of Deputy Attorney General William J. McCormack, it is considered the Department would be justified in accepting the offer of $150.00 in full settlement and the balance of $147.70 be cancelled. (April 11, 1960)

Construction Items

Route U.S.22, Section 1A

11. Approval is recommended of the plans and specifications and authority to advertise for the intersection revision at Roseberry Street and Bates Street and island closures on Route U. S. 22, Section 1A, Town of Phillipsburg and Township of Lopatcong, in Warren County. Bids to be received May 5, 1960. (April 11, 1960)

Route U.S. 30, Section 14A

12. Approval is recommended of the plans and specifications and authority to advertise for the Resurfacing, Barrier Curb and Pedestrian Overpasses on Route U. S. 30 (1953), Section 14A, from Eleventh Street to Kaighns Avenue Overpass, in the City of Camden, Township of Pennsauken, Camden County. Bids to be received May 5, 1960. (April 11, 1960)

Route U.S.202, Section 8A

13. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Dualization on Route U. S. 202 (1953), Section 8A, from South Branch of Raritan River to Beechwood Drive, in the Townships of Raritan and Readington, Hunterdon County and Branchburg Township, Somerset County, Federal Project No. F-109(18). (April 7, 1960)

NO. 12 - 1960

Route 28, Sections 1A and 7A

14. Approval is recommended in making Award of Contract to Construction Service Company for the Railroad Bridge Reconstruction, Widening and Resurfacing, on Route 28 (1953), Sections 1A and 7A, from Coolidge Place to Bridge Street, in the Borough of Roselle Park, Union County, Federal Project No. U-125(5), at their bid, the lowest of 7 bids received on March 16, 1960, in the amount of $549,785.20. (April 6, 1960)

Route 4, Section 3A

15. Approval is recommended in making Award of Contract to George M. Brewster and Son, Inc. for the construction of Barrier Curb, Resurfacing and Ramp Construction at Jones Road on Route 4 (1953), Section 3A, in the Township of Teaneck, City of Englewood and Borough of Fort Lee, Bergen County, at their bid, the lowest of 7 bids received on April 6, 1960, in the amount of $232,621.94. (April 11, 1960)

Route U.S. 206, Section 22A

16. Approval is recommended in making Award of Contract to McConachy Construction Company for the Pavement Reconstruction on Route U. S. 206 (1953), Section 22A, from Lawnwood Avenue to Ryerson Avenue, in the Town of Newton, Sussex County, at their bid, the lowest of 4 bids received on April 6, 1960, in the amount of $39,946.48. (April 11, 1960)

Route 37, Section 16

17. Semi-final payment authorized by Commission Action dated March 28, 1960, relative to the Reid Contracting Company, Inc., contract for the construction of Route 37, Section 16, required the furnishing of bonds in the amount of twice the value of outstanding claims. One of these claims is in the amount of $10,100.00 owing to the Bureau of Navigation. It is further recommended that the above-mentioned Commission Action be amended to exclude the $10,100.00 owing the Bureau of Navigation and authorizing the retention of 1% of the completed work to cover same. (April 12, 1960)

Route 39, Section 2B

18. Claims made by the contractor, Villa Contracting Company, Inc., on the above project were presented and certain items were approved by Commissioner Palmer (January 27, 1959) as indicated in a letter dated January 22, 1959. Also the retention of $7,700.00 to protect the Department in the matter of four (4) cracked slabs was authorized. The contractor objected to this retention. As per a letter dated December 31, 1959, the contractor suggested that the amount of $3,272.00 be retained, which covered the actual cost of the defective pavement, together with funds to cover any maintenance costs in the near future. A review of the pavement condition at this time would seem to substantiate the change and it is so recommended. Also, a review of the last item of claim, Sawing Surface Joint, MABC-2, Lump Sum $3,480.86, indicates that no allowance was made by the contractor for a cheaper method of doing the work. This was called to his attention and by letter dated March 29, 1960, an itemized cost of $600.72 was submitted. It is recommended that the original amount of $3,480.86 be reduced by $600.72, which amounts to $2,880.14 and final payment be made on this basis. This project was finally accepted and semi-final payment was authorized on January 28, 1958. (April 6, 1960)

Route 80, Section 2-G

19. L. Zimmerman and Sons, Incorporated, contractors for the construction of Route 80, Section 2G, Ramps at Mount Hope - Dover Road, Interchange and Pedestrian Overpass at Ramp "K", Federal Project N.J. I-80(18)35, have satisfactorily completed the work under their contract as of December 31, 1959. It will, however, be necessary to withhold sufficient funds to guarantee painting of guard rail, topsoiling and seeding and incidental clean-up work. It is, therefore, recommended that this project be finally accepted and semi-final payment made amounting to 98% on the completed road work only, and payment of the final estimate without further Commission action pending receipt of the as-built quantities. This acceptance is also subject to the results of the cores cut from the bituminous concrete pavement. 100% payment to be made on all bridge items. (April 6, 1960)

Route 102, Section 2B

20. Villa Contracting Company, contractors for the construction of Route 102, Section 2B, Still Valley to Central Railroad of New Jersey, Grading, Paving and Bridges, Federal Project No. I-102-2(7), Townships of Greenwich, Franklin and Bethlehem, Borough of Bloomsbury, Warren and Hunterdon Counties, have satisfactorily completed the work under their contract as of October 30, 1959. It is recommended that this project be finally accepted and semi-final payment made amounting to 99% of the completed road work only and payment of the final estimate without further commission action pending receipt of the as-built measurements and quantities. 100% payment to be made on all bridge items. (April 6, 1960)

Condemnation proceedings were previously authorized for the acquisition of Parcels 8A, 8B and 41A, Helen Kaunitz. Subsequently the Title search revealed that the Township of Mount Arlington was the owner of Parcel 8A. Negotiations with the Township have resulted in the execution of an agreement in the sum of $1,560.00. It is recommended that the agreement covering Parcel 8A be approved; that the previous action authorizing condemnation of Parcels 8A, 8B and 41A be rescinded; and that negotiations be continued for the acquisition of remaining Parcels 8B and 41A. (April 6, 1960)

Right of Way - Rt. U.S. 130 ✓

79. There is presented again the matter of acquisition of property on Route U. S. 130 (1953), Section 9, Cooperstown Road to New Albany. An agreement in the sum of $19,500.00 was previously approved covering Parcel 15B, Lipinsky Enterprises, Inc. Subsequently our engineers indicated that an error in the plans made it necessary to slightly alter the location of the jughandle although the area to be acquired remained the same. Negotiations were re-opened with the owner. An agreement has now been executed covering Parcel R15B in the sum of $19,600.00 (which includes $100.00 for the relocation of an electrical conduit affected by our construction which was unforseen at the time the original negotiations were conducted. It is recommended that the agreement in the sum of $19,600.00 covering Parcel R15B be approved; and that the previous agreement covering Parcel 15B be rescinded. (April 6, 1960)

NO. 13 - 1960

STATE OF NEW JERSEY

STATE HIGHWAY DEPARTMENT

TRENTON

SCHEDULE OF APPROVALS - APRIL 20, 1960

Administrative Items

Federal Aid - Interstate

1. It is recommended that the attached modified project agreement in duplicate be approved and executed for Preliminary Engineering: Route No. 109, From Rt. 42 N-S Freeway to Route U.S. 130, Project No. I-80S-8(7). The amount of Federal-aid Interstate funds obligated is $16,745.51 which is 90% of the estimated cost for Federal participation. This modification is necessary to obligate the increase of Federal funds requested in the Final Voucher to the Bureau of Public Roads. (April 14, 1960)

Utilities - Rt. U.S. 1, Sec. 6A

2. To accommodate the construction of Route U.S. 1, Section 6A (including Milltown Road Interchange), in the Township of North Brunswick, County of Middlesex, it is necessary for the Public Service Electric and GasCompany to make some rearrangements of its gas facilities along the westerly side of Milltown Road between the northerly edge of existing Route U.S. 1 pavement and the southerly edge of Ramp "H" due to the grading required as caused by the grade separation and related interchange ramp. It will also be necessary to relocate an existing 3" gas main across the proposed Ramp "G" area between existing and proposed right of way lines. It is recommended that the Public Service Electric and Gas Company be reimbursed for the actual cost of relocating their gas facilities which, including approximately 10% for contingencies, is estimated at $4,350.00. (April 12, 1960)

Utilities - Rt. 80, Section 2-J

3. Approval and execution is recommended of the attached Order No. PUO-15B-80-2K; NJ-I-80-2(16)26, issued to the New Jersey Power and Light Company relative to the construction of Freeway Interstate 80, Section 2J, in the Township of Roxbury and Boroughs of Mt. Arlington and Netcong, County of Morris, which will necessitate the relocating and reconstructing of certain portions of their existing electrical facilities. The State will reimburse the New Jersey Power and Light Company for the actual cost of this work which including approximately 10% for contingencies amounts to $156,970.00. (April 18, 1960)

Utilities - Rt. U.S. 130, Secs. 7A & 8B

4. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Public Service Electric & Gas Company covering understandings in connection with the State's construction of a section of Route U.S. 130, Section 7A & 8B, through a portion of Pennsauken Township which construction will necessitate the relocation of certain facilities of the Company's existing electrical system which is owned and operated by the Company. The State will reimburse the Public Service Electric & GasCompany for the actual cost of all work performed which including approximately 10% for contingencies amounts to $9,614.00. (April 14, 1960)

Utilities - Route 208, Sec. 3A

5. To accommodate the construction of Route 208, Section 3A, in the Borough of Glen Rock, County of Bergen, it will be necessary for the Ridgewood Water Department to lower a 100' section of a customer service water connection, which line is located in the northerly sidewalk area of Harristown Road and extends from the main in Thornbury Avenue to Harristown Road. It is recommended that the Water Department be reimbursed for this work, which including approximately 10% for contingencies is estimated at $360.00. (April 19, 1960)

Agreement - West Jersey & Seashore R.R.
Route 295, Section 1

6. Approval and execution is recommended of the attached agreement between the State of New Jersey and the West Jersey and Seashore Railroad Company and the Pennsylvania-Reading Seashore Lines, lessee of West Jersey and Seashore Railroad Company covering understandings in connection with the construction of a bridge, roadways and drainage, and the rearrangement of Railroad communication and signal facilities, in the Township of Deptford, County of Gloucester, New Jersey, to provide for the construction of Freeway Interstate 295, Section 1. As the Railroad Company will derive no benefit from the proposed construction contemplated by this agreement they will be reimbursed for the work they must perform to accommodate the State's construction. This work which includes approximately 10% for contingencies is estimated at $9,990.00. (April 14, 1960)

Regulations - "No Parking Zones"

7. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39: 4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones where parking is prohibited at all times. Route 27, City of Linden, Union County. (April 18, 1960)

Construction Items

Route 3, Section 4A

8. Approval is recommended of the plans and specifications for the Repairs of Roadway Expansion Joints at Abutments of the Lincoln Tunnel Approach Viaduct on Route 3 (1953), Section 4A, in North Bergen Township, Hudson County, and for authority to advertise this project for bids. Maintenance funds will be used for this project and are available in Account R10-500, Maintenance by Agreement and Contract. Bids to be received May 11, 1960. (April 14, 1960)

Right of Way Items

Right of Way - Interstate Funds I-101 + 80.

45. The State Highway Commissioner previously granted authority to set up funds to cover the estimated cost of right of way required on Federal Projects IN-101-5-(2), West Shore Railroad to Teaneck Road; I-IN-101-4-(3), N.Y.S. & W.R.R. to a point East of Garden State Parkway and IN-101-4-(2), Passaic River to N.Y.S. & W.R.R. Subsequently, sound estimates were prepared based on completed property plans and it is requested that authority be granted to make the following transfers:

Project	Description	Total Transfer From	Total Transfer To
IN-101-5-(2)	Rt. 80 - West Shore R.R. Teaneck Rd.	$450,000	
IN-101-4-(2)	Rt. 80 - Passaic River N.Y.S. & W.R.R.	250,000	
I-IN-101-4-(3)	Rt. 80 - N.Y.S. & W.R.R.-East of Garden State Parkway		$700,000

The above transfer consists entirely of 1954 Highway Act Interstate Funds (60-40 Participation). These funds are earlier Federal apportionments and it is desired to expend them before using the 1956 Highway Act Interstate Funds (90-10 Participation). The right of way account on I-IN-101-4-(3) will now contain an excess of ~~725,755.53~~ $725,775.53 of 1956 Highway Act Interstate Funds (90-10). Therefore, authority is requested to transfer this amount to unprogrammed balances, with the understanding that they will be reobligated with the Bureau of Public Roads on existing Project I-101-5-(4), and the remainder to the right of way project for Route 80, Section 5M, when it is programmed. It is recommended that the authority for the transfers be granted. (April 13, 1960)

NO. 14 - 1960

STATE OF NEW JERSEY

STATE HIGHWAY DEPARTMENT

TRENTON

SCHEDULE OF APPROVALS - APRIL 30, 1960

Administrative Items

Abandonment
Route U.S.9(1953),Sec.2

1. Approval and execution is recommended of the attached determination and order abandoning that portion of Route U. S. 9 (1953), Section 2, no longer needed as part of the State Highway System, as shown in red on the attached plan and described as follows: Beginning at the southwesterly Right-of-Way line of Waterway at about Station 23+0 on Route 4 (1927), Section 45, and running in a northeastwardly direction along the said old Route 4 as far as about Station 37+80; being a portion of the taking for Route 14, Cape May - Rio Grande Section, taken over on January 8, 1920. (April 19, 1960)

Services - Aerial Surveys

2. Approval and execution is recommended of the attached Agreement between Aero Service Corporation and the State of New Jersey relative to the furnishing of photogrammetric and planimetric materials needed in order to make proper realignment studies for the proposed improvement of State Highway Route 15 from Wharton, Morris County, to Sparta, Sussex County, a distance of about thirteen (13) miles. The Corporation's fee for this work will be in an amount not to exceed $5,212.00. (April 28, 1960)

Agreement - Sika Chemical Corp.
Widening & Sealing Joints - Rt. 21

3. Approval and execution is recommended of the attached agreement between Sika Chemical Corporation and the State of New Jersey covering understandings in connection with services to be performed by the Corporation namely the widening and sealing of certain joints of a completed pipe culvert tunnel on State Highway Route 21 Freeway, Section 1B, at about station 94+34 which persists in leaking at joints at the incidence of high tides. The Corporation will be paid for this work as follows: (1) For all work items contemplated, the flat sum of $2,900.00. (2) An hourly rate of $6.00 for the equipment operating Engineer for each hour actually worked limited to a ceiling of $720.00. The total amount to be set up to cover the work called for under this agreement is $3,620.00. (April 22, 1960)

Agreement - L.V.R.R. (Rt. 28,Sec. 1A & 7A)

4. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Lehigh Valley Railroad Company, covering understandings in connection with the reconstruction of an existing bridge carrying the Railroad's Main Line tracks over State Highway Route 28 (1953), Sections 1A and 7A, in the Borough of Roselle Park, County of Union, including the construction of a temporary bridge. The Railroad Company will be reimbursed for the actual cost of the work that it must perform to accommodate the State's construction which, including 10% for contingencies, is in the estimated amount of $65,700.00. (April 27, 1960)

Agreement - Oceanport Boro (Sidewalk, Route 71)

5. Approval and execution is recommended of the attached Agreement between the Borough of Oceanport and the State of New Jersey, covering understandings in connection with the construction of a gravel sidewalk area for pedestrian use along the easterly side of State Highway Route 71 (Monmouth Road) between Iram Place and Eatontown Boulevard and also along the southerly side of Eatontown Boulevard between the said easterly side of Monmouth Road and a point opposite the southwesterly extension of Branch Avenue. The State's share in the cost of this work will be the flat sum of $2,500.00. (April 28, 1960)

Utilities - Route 35, Section 12B

6. To accommodate the construction of Route 35, Section 12B, from Smith Street to the New Jersey Turnpike, in the City of Perth Amboy, it is necessary for the City of Perth Amboy to rearrange their Police Call and Fire Alarm System. As the City's Electrical Department is not adequately staffed or equipped to perform work of any extent, it is their practice to contract out their work to the Edison Electric Company on a cost plus basis. It is, therefore, recommended that the City of Perth Amboy be reimbursed for this rearrangement work in the estimated amount of $4,730.00, which includes 10% for contingencies, and that the Edison Electric Company (the City's Contractor) be paid directly for this work and the City so notified. (April 21, 1960)

Approval is recommended. (April 25, 1960)

Right of Way - Rt. 295 (I-108)

83. There are presented purchase agreements on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga as follows:

Parcel	Owner	Consideration	Approved
85	Martin G. Lynam, Jr. & wife	$3,000.00	4/21/60
R100A	Margaret Cannon & husband	1,350.00	4/29/60

Approval is recommended.

Right of Way - Route 295 (I-108)

84. There is presented purchase agreement on Route FAI 108-1-(12) also known as 295-1-(12) North-South Freeway (FAI 109) to Verga; Parcels R125A & 2R125B, Charles Paul Dunham also known as Charles Paul Hill & wife and Anna C. Patterson and husband., Consideration $1,100. Approval is recommended. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (April 29, 1960)

Right of Way - Route 22

85. There is presented again the matter of acquisition of property on Route 22 (1953) Section 1, Still Valley to Phillipsburg Bridge Plaza, Parcel 6, H. Stewart Vetter and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $18,000. Continued negotiations have resulted in the execution of an agreement in the sum of $15,750 including down payment of $3500 (owner to retain and remove gas range and laundry tubs). It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. Authority is requested to dispose of the dwelling either to the road contractor, by public auction or sealed bids. (April 25, 1960)

Right of Way - Route 80

86. There is presented again the matter of acquisition of property on Route FAI 101-2-(6) also known as 80-2-(6), Union Turnpike, Wharton to Mt. Hope-Rockaway Road. An agreement was previously approved covering Parcels 5B, 5C, E5D, R5E, 5F and 8, Shahmoon Industries Inc. in the sum of $48,781. Subsequently, the title search revealed Parcel 8 was owned by Louis Krich. Negotiations were reopened and an agreement executed in the sum of $47,000 covering Parcels 5B, 5C, E5D, R5E and 5F. It is recommended that this agreement be approved; that the previous agreement which included Parcel 8 be rescinded; and that negotiations be continued with Louis Krich for Parcel 8. (April 29, 1960)

Right of Way - Route 6

87. There is presented Deed on Route 6, Section 1M, Main Street Relocation and Resurfacing, Hudson River Bridge, Parcels 50A, 50B, 50C, E50D & E50E, New York Central Railroad Company. Authority was previously granted to accept a Deed covering these parcels at a consideration of $7,000. It is recommended that this Deed be accepted subject to public utility easements previously granted; and that the consideration of $7000 be paid upon approval of title. (April 27, 1960)

Right of Way - Route 80

88. There is presented again the matter of acquisition of property on Route FAI 80-2-(14), Route U.S. 46 at Netcong to West Side of Landing Road; Parcel 29, James L. Puco and wife on which an agreement was previously approved in the sum of $2,450. The Title search revealed that Parcel 29 is crossed by a private water line which appears to service not only the dwelling on the remaining lands of Mr. & Mrs. Puco but also two adjoining properties not affected by highway acquisition. Under a future construction contract, the necessary changes in this service will be made making this water line no longer necessary. It is recommended that title to Parcel 29 be accepted subject to this water line to enable our Title Bureau to make final payment in accordance with the above agreement. (April 29, 1960)

---

89. There is presented again the matter of acquisition of property on Route FAI 80-2-(14), Route U.S. 46 at Netcong to West Side of Landing Road, Parcel 31, Thomas Romano and wife on which an agreement was previously approved in the sum of $18,500. The title search revealed that the Boro of Netcong has a grant for a storm sewer affecting these premises. Our Engineers have indicated that this sewer line must remain in service. It is therefore recommended that title to Parcel 31 be accepted subject to this sewer easement and that authority be granted to make settlement in accordance with the agreement. (April 29, 1960)

---

90. There is presented again the matter of acquisition of easement on Route FAI 101-2-(11) also known as 80-2-(11), Between East Side of Landing Road and 3000' West of Mt. Arlington Road, Parcel UE3L, Mt. Arlington Lake Development Company. Authority was previously granted to transmit this case to the New Jersey Power and Light Company for the institution of condemnation proceedings. Continued negotiations have resulted in the execution of a Grant of Easement in the name of the New Jersey Power and Light Company at a consideration of $1,300. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power and Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. It is further recommended that the previous action be rescinded. (April 29, 1960)

Right of Way - Route S4B

91. There is presented again the matter of condemnation of lands on Route S4B (1927) Section 2, Project F 189-(16), Route 208 (1953), Goffle Road to Oakland Avenue, Oakland, Parcel 99, John VandeGraaf and wife. An appeal was previously authorized from a condemnation commissioners' award of $6990. At the trial before a Jury, the testimony on behalf of the owners was $9700 and the testimony on behalf of the State was in the sum of $3500. A Judgment was entered in the sum of $5848.79 including interest at $348.79. It is recommended that this Judgment be approved plus interest to the date of payment. (April 20, 1960)

Right of Way - Route 42

92. There is presented again the matter of condemnation of lands on Route 42, Section 15, Project F 193-(10) North-South Freeway, Coles Road to Turnerville, Parcels R4B & R4C, James T. Murphy et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $2000; and the testimony on behalf of the owner ranged from $4565 to $5950. The commissioners made an award in the sum of $2500 plus interest from July 1, 1959, the date the State took possession. It is recommended that this award be approved. (April 28, 1960) kon

Right of Way - Route 287 (I-104)

93. There is presented again the matter of condemnation of property on Route FAI 104-2-(2) also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcel 399, Somerset Hills, Inc. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $70,245 and the testimony on behalf of the owners was in the neighborhood of $166,000. The commissioners made an award in the sum of $97,500. It is recommended that an appeal be authorized. (April 25, 1960)

Right of Way - Route U.S. 1

94. There are presented report and appraisal with map and description on Route U.S. 1 (1953) Section 8, Main Street to Raritan River, Parcel 7, Metuchen Realty & Investment Co., a corporation of New Jersey. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $12,000 which is considered excessive. (April 20, 1960)

Right of Way - Route U.S. 9

95. There are presented report and appraisal with map and description on Route U.S. 9 (1953) Section 4, Ernston Road to Route 18, Parcel 2R7, Frank M. DuBush and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $20,000 which is considered excessive. (April 22, 1960)

Right of Way - Route 10

96. There are presented report and appraisal on Route 10 (1953) Section 3, Tabor Road to Troy Hills Road, Whippany, Parcel E1C, Mary M. Russin and Mary Jane Russin, both single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owners are demanding $1,050 which is considered excessive. (April 29, 1960)

Right of Way - Route 35

97. There are presented report and appraisal with map and description on Route 35 (1953) Section 4, Project F 26-(9), Eatontown to Red Bank, Parcel 53B, Alphanso Tomaino and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $35,000 which is considered excessive. (April 20, 1960)

Right of Way - Route U.S. 130

98. There are presented report and appraisal with map and description on Route U.S. 130 (1953), Section 8, New Albany to Pennsauken Creek, Parcel 12, Pennwood Realty Company. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $40,000 which is considered excessive. (April 21, 1960)

Right of Way - Route 80

99. There are presented report and appraisal with map and description on Route FAI 80-2-(14), Route U.S. 46 at Netcong to East Side of Landing Road, Parcel R46, Estate of Della Hennessy. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Title is involved. (April 29, 1960)

Right of Way - Route 80

100. There are presented report and appraisal with map and description on Route FAI 101-2-(2) also known as 80-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, Parcel 100C-2, I. Hugh Boinest. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner demands that the State acquire the entire property. (April 29, 1960)

Right of Way - Route 3

101. There is presented Deed for conveyance of Parcel 32 on Route 3 (1927), Section 3, Randolph Ave. (Clifton) to Market St. (Paterson), together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on January 11, 1960, under the terms of which Brogan Cadillac-Oldsmobile Company has conveyed to the State Parcel 7B on Route 80, Section 4D, Project I 80-4-(4), Glover Avenue to Passaic River, at a consideration of $19,000 plus conveyance of Parcel 32 on Route 3 (1927) Section 3. It is recommended that the Deed from the State to Brogan Cadillac-Oldsmobile Company covering Parcel 32 be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel 32 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (April 27, 1960)

Right of Way - Route 6

102. There is presented Deed for the conveyance of Parcel V53B, Route 6 (1927) Section 1M and Route U.S. 46 (1953) Main Street Relocation and Resurfacing Hackensack River, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on March 2, 1960, under the terms of which John H. Mueller and wife and Rose H. Right of Way Items

Right of Way - Route 69

65. There is presented 5 sheets of the General Property Parcel Map on Route 69 (1953), Section 5, Route U.S. 202, Ringoes to Mercer County Line; together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that these sheets be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $43,500.00 and authority is requested to set up this amount from funds available under Item 35, Non-Federal Project, of the 1959-60 Construction Program.
(May 3, 1960)

Right of Way - Route 31

66. There is presented purchase agreement for the conveyance of a slope and drainage easement on Route 31 (1927), Section 10, Route U.S. 206 (1953), Harlingen to Bolmers Corner; Parcel E4, Howard W. J. Baines & wife, consideration $1,500.00. Approval is recommended. (May 3, 1960)

Right of Way - Route 38

67. There are presented purchase agreements on Route 38 (1953), Section 1, Project U-106-(8), from Route U.S. 130 to Route 73;

Parcel	Owner	Consideration	Approved
3	John W. Lindstrom & wife	$1,025.00	5/5/60
12A, 12B & 12C	John B. Mathews & wife	9,700.00	5/3/60

Approval is recommended.

Right of Way - Route U.S.30

68. There is presented again the matter of acquisition of property on Route U.S. 30 (1953) Section 2, Wellington Avenue to Bell Avenue, Parcel R1A, Henry Williams and wife. Condemnation proceedings were previously authorized at which time owners would not make known their demand. Continued negotiations have resulted in the execution of an agreement in the sum of $3800. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. (May 4, 1960)

Right of Way - Route 108(295)

69. There is presented again the matter of acquisition of property on Route FAI-108-1-(12), also known as 295-1-(12), North-South Freeway(FAI 109) to Verga; Parcel 2R96, John W. Green & wife. Condemnation proceedings were previously authorized, at which time the owners were demanding $95,000. Condinued negotiations have resulted in the execution of an agreement in the sum of $58,000, including down payment of $14,500 (owner to retain and remove buildings). It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 3, 1960)

---

70. There is presented again the matter of acquisition of property on Route FAI-108-2-(5), also known as 295-2-(5), Warwick Road to Route 73, Parcels 2R72C2A, 5R80A & 81A, Barclay Homes, Inc., on which an agreement was previously approved in the sum of $350,000. The title search reveals that title to Parcel 2R72C2A is unmarketable. Parcel 2R72C2A is appraised at about $3,000. Barclay Homes, Inc. has offered to provide the State with a policy of title insurance by the West Jersey Title and Guaranty Company covering Parcel 2R72C2A, indemnifying the State against loss in the amount of $5,000. It is recommended that authority be granted to accept the title of Barclay Homes, Inc. to Parcel 2R72C2A and the policy of the title insurance by West Jersey Title and Guaranty Company indemnifying the State against loss in the amount of $5,000. (May 3, 1960)

Right of Way - Route 101 (80)

71. There is presented again the matter of condemnation of lands on Route FAI-101-4-(2), also known as 80-4-(2), Passaic River to New York, Susquehanna & Western Railroad; Parcel 10A, Pietro Matera, Widower. At the hearing before condemnation commissioners, testimony on behalf of the State was $39,600 and the testimony on behalf of the owner was $46,000. The commissioners made an award in the sum of $43,125. The State has not yet taken possession of this property. It is recommended that the award be approved. (May 3, 1960)

---

72. There is presented again the matter of acquisition of property on Route FAI 101-5-(2) also known as 80-5-(2), From West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcels 251A and 251B, Harry Weissman et al. An appeal was previously authorized from a condemnation commissioners award in the sum of $39,874. At the trial before a Jury, the testimony on behalf of the owner was in the sum of $51,483 and the testimony on behalf of the State was in the sum of $31,900. A verdict was rendered in the sum of $36,000. Since we have not entered upon the property, the payment of interest is not being considered. It is recommended that the Judgment in the sum of $36,000 be approved. (May 9, 1960)

Right of Way - Route 35

73. There is presented a report, together with letter from the Lehigh Valley Railroad Company dated April 15, 1960, on Route 35 (1953) Section 12, Project U-20-(4), From Route U.S. 9 and South Amboy to New Jersey Turnpike; Parcels R3A, R3B, R3C, RE3A, RE3B, R3D, R3E and R3F. The letter of April 15, 1960 specifies a consideration of $21,250 for all of the above indicated parcels. It is recommended that this letter be signed in duplicate by the State Highway Commissioner, indicating his approval of this consideration, with the understanding that payment shall be made upon delivery of deed and approval of title, and after completion of an accurate survey, which could involve only minor changes, if any. (May 3, 1960)

Right of Way - Route 26

74. There are presented report and appraisal with map and description (Project F95-(38) on Route 26 (1927) Section 2, Route U.S. 1 (1953), D & R Canal to Penns Neck, Parcel E72B, Anthony Gambino and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owners have not made known their demands. (May 5, 1960)

Right of Way - Route 29

75. There are presented report and appraisal with map and description on Route 29 (1927) Section 11A, Project F 109-(17), Route U.S. 202 (1953), South Branch Raritan River to Centerville, Parcel E41, Joan Michlin et al and Mary Michlin, single. The owners (who are minors, 18 and 16 years old respectively) are willing to settle for our offer of $200. However, because no guardian has been appointed they cannot convey title. It is therefore recommended that authority be granted to institute friendly condemnation proceedings for the acquisition of this slope easement subject to any public utilities existing in the premises. (May 4, 1960)

Right of Way - Route 129 Freeway

76. There are presented report and appraisal with map and description on Route 129 Freeway, Section 3, Project U 203-(6), Federal City Road to Route U.S. 1, Parcels 23A, 23B & 23C, Andrew J. Kriscoe, Sr. and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owners are demanding $90,000 which is considered excessive. (May 4, 1960)

Right of Way - Route U.S. 130

77. There are presented report and appraisal with map and description on Route U.S. 130, Section 7, Project U 69-(21), Pennsauken Creek to Woodland Avenue, Parcel 5, Pennsauken Motel Co. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $65,000 which is considered excessive. (May 3, 1960)

78. There are presented report and appraisal with map and description on Route U.S. 130 (1953) Section 9, Cooperstown Road to New Albany, Parcel 14, James H. Lippincott and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $1,000 which is considered excessive. (May 9, 1960)

NO. 18 - 1960

STATE OF NEW JERSEY

STATE HIGHWAY DEPARTMENT

TRENTON

SCHEDULE OF APPROVALS - MAY 31, 1960

Administrative Items

Federal Aid - Emergency Relief Funds

1. It is recommended that the sum of $124,153.81 of Federal Emergency Relief Fund balances be released, in accordance with Section #11 of P.P.M. 23-1. The Emergency projects are completed and final payment from the Federal Government has been received. (See Details Attached). These funds were authorized under Section 118 of the Federal Aid Highway Act of 1956, approved June 29, 1956. The administering of the Emergency Funds is governed by Policy & Procedure Memorandum 23-1, dated August 6, 1957. The excerpt from P.P.M. 23-1 Section #11 that applied to this recommended action follows: 11. Increase or Release of Emergency Funds Allocation. "----- On the other hand, if it is clearly indicated that the expenditure of all funds allocated for a particular program will not be necessary, it is expected that the State highway department will request that the amount of the allocation be decreased so that the funds may be released for emergency purposes elsewhere as occasion may arise." (May 25, 1960)

Federal Aid - Primary Funds

2. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way on Route No. 46 Section 36, Vicinity of Manunka Chunk, Warren County, Project No. F-56(2). The amount of Federal-aid Primary Funds obligated is $11,090.75 which is 50% of the estimated cost for Federal participation. This modification is necessary to obligate the increase of Federal Funds requested in the Final Voucher to the Bureau of Public Roads. (May 28, 1960) KOR

Federal Aid - Interstate Funds

3. It is recommended that the attached project agreement in duplicate be approved and executed for Construction on Route 80, Section 2H, From Landing Road Interchange To Howard Blvd., Morris County, Project No. I-80-2(22)28. The amount of Federal-aid Interstate Funds obligated is $2,077,200.00 which is 90% of the estimated cost for Federal participation. (May 28, 1960)

4. It is recommended that the attached project agreement in duplicate be approved and executed for Construction on Route No. 295 Section 1D, From Route 47 to Route U. S. 130, Gloucester County, Project No. I-295-1(21)25. The amount of Federal-aid Interstate Funds obligated is $3,038,940.00 which is 90% of the estimated cost for Federal participation. (May 28, 1960)

Agreement - LawrenceTownship - Rt. U.S. 1

5. Approval and execution is recommended of the attached Agreement between the Township of Lawrence and the State of New Jersey, relative to the apportionment of jurisdiction, control and maintenance in connection with the improvement of Route U. S. 1 at Johnston Road, Lawrence Township, Mercer County, New Jersey. (May 25,1960)

Utilities - Route 208, Sec. 2

6. Under date of February 11, 1959, the State Highway Commissioner approved of making reimbursement to the Rockland Electric Company in the total estimated amount of $5,500 for the rearrangement of their electrical facilities to accommodate the construction of Route 208, Section 2. However, the actual cost of the relocation work, as shown on their invoice dated April 22, 1960 (attached hereto), amounts to $7,539.65, which amount is 37% over the estimated amount or $2,039.65. The reasons for the excess of cost over the original estimated amount, as set forth by the Company in their letter of May 9, 1960, which is attached, appear to warrant the increase. It is, therefore, recommended that we approve of making the additional payment of $2,039.65 and that the attached bill in the amount of $7,539.65 be paid. (May 24, 1960)

Utilities - Route 208, Secs. 2A, 1A & 3B

7. To accommodate the construction of Route 208, Section 2A, 1A and 3B, in the Township of Wyckoff, County of Bergen, more particularly the construction of a 5' x 7' concrete box culvert across Cedar Hill Avenue, it will be necessary for the Village of Ridgewood to lower its 16" water main. This work will be done jointly by the Village of Ridgewood and Ridgewood's contractor, Joseph Lembo. The contractor is to supply labor and equipment and the Village of Ridgewood will supply the materials plus the engineering, operating and inspection charges. It is, therefore, recommended that the Village of Ridgewood be reimbursed for this work in the total estimated amount which including 10% contingencies amounts to $4,900. (May 31, 1960)

Regulations - "No Parking" Zones

8. In accordance with the provisions of s. 78, c. 23, L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing legal "no parking" zones along Route 166, Dover Township (Toms River), Ocean County. (May 24, 1960)

Regulations - "Slow Moving Traffic"

9. In accordance with the provisions of R.S. 39:4-88 (as amended), it is recommended that the attached regulation designating specific lanes for slow moving traffic, be adopted on Route 208, Hawthorne Borough, Passaic County; Franklin Lakes Borough, Wyckoff Township, Bergen County. (May 25, 1960)

Construction Items

Rts. U.S1, 9 and 46, Sec. 1B, and Rt. U.S.46, Sec. 16A

10. Approval is recommended of the plans and specifications and authority to advertise for the Resurfacing and Barrier Curb on Route U.S. 1, 9 and 46 (1953), Section 1B and Route U.S. 46 (1953), Section 16A, Overpeck Creek to JonesRoad, in the Boroughs of Ridgefield, Palisades Park and Fort Lee, Bergen County. Bids to be received June 22, 1960. (May 31, 1960)

Route 69, Section 5A

11. Approval is recommended of the plans and specifications and authority to advertise for the Pavement Widening and Resurfacing on Route 69 (1953), Section 5A, From Back Brook to Rocktown, in the Townships of East Amwell and West Amwell, Hunterdon County. Bids to be received June 22, 1960. (May 31, 1960)

Route 20, Section 4A

12. Approval is recommended in making award of contract to Public Contracting Corporation for the construction of Route 20, Section 4A, from South Drive to Broadway, paving and bridge, in the City of Paterson, Passaic County, Federal Project U-139(10), at their bid, the lowest of twelve bids received on May 11, 1960, in the amount of $211,598.67. (May 25, 1960)

Route U.S.30, Section 14A

13. Approval is recommended in making award of contract to Union Paving Company for the overpass resurfacing, barrier curb and pedestrian overpasses on Route U.S. 30, Section 14A, from 11th Street to Kaighns Avenue, in the City of Camden, Township of Pennsauken, Camden County, at their bid, the lowest of six bids received on May 5, 1960, in the amount of $340,570.32. (May 25, 1960)

Route U.S. 611, Section 1A

14. It is recommended that an Extension of Time be granted to Peter W. Kero, Inc., for the completion of their contract on Route U. S. 611, Section 1A, Delaware Water Gap, Slope Protection, in the County of Warren. Change Order #1 granted an Extension of Time from the contract date of December 15, 1959 to May 1, 1960, however, by a further Change Order #2 the contract was revised to include an additional 13,500 cubic yards of excavation, earth and boulders without a further time extension. It is, therefore, recommended that due to the increased amount of contract work as provided in Change Order #2, and forconditions beyond the contractor's control, the completion date for all work be extended to June 1, 1960. (May 25, 1960)

Route U.S. 30, Section 3A

15. F. A. Canuso & Sons, Incorporated, contractors for the Channelized Intersection at Clements Bridge Road on Route U.S. 30, Section 3A, in the Boroughs of Barrington and Haddon Heights, Camden County, have satisfactorily completed the work on their project as of November 13, 1959. It is recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (May 28, 1960)

Route 4, Section 3A

16. Approval is recommended of the request of Geo. M. Brewster & Son, Inc., 275 Fort Lee Road, Bogota, New Jersey, contractor for the construction of Route 4 (1953) Section 3-A, from Lafayette Avenue to 1000 feet south of Kenwood Street, Barrier Curb, Resurfacing, and Ramp Construction at Jones Road, in the Township of Teaneck, City of Englewood and the Borough of Fort Lee, Bergen County, to sublet Item #48 and #49 of the Proposal, consisting of Wood Traffic Guides and Standard Beam Guard Rail, in the amount of $2,875.60, representing 1.236% of the total amount to Whitmyer Bros., Inc., R.F.D. #3, Hammonton, New Jersey. Right of Way - Route 78 ✓

65. There is presented a sheet of the General Property Parcel Map on Route 78 (1953), Section 5A, Shunpike Road to Main Street, Springfield, Federal Project E.I.-78-5-(2), (showing Parcel 9 and Parcels 11 to 19 inclusive); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and authority be granted to negotiate for the acquisition of the aforementioned parcels. The estimated cost to acquire these parcels is $250,000.00, therefore, authority is requested to set up this amount from funds available under Item 49, of the 1959-60 Construction Program. (May 23,1960)

Right of Way - Route 80

66. There is presented General Property Parcel Map on Route 80, Section 2J, From Route U.S. 46 to Route 53, Federal Project EI-80-2-(20); together with memorandum from Mr. F. L. Gerard which hasbeen approved by Mr. Giffin and Mr. Fritzsche. The State Highway Commissioner heretofore approved a sheet of the plan and authorized the negotiations for Parcels 1A & B; and also authorized the setting up of $30,000.00 to cover the estimated cost. It is recommended that this General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this entire project is $500,000.00 and authority is requested to set up this amount from Item 50 "E" Project, Supplemental Program, of the 1959-60 Construction Program; and also to transfer the sum of $30,000.00 of State funds previously set up to Miscellaneous Unprogrammed Balances. (May 25, 1960)

67. On May 25, 1960 the State Highway Commissioner authorized the setting up of $8,500,000.00 to cover the balance of acquisitions on the remaining portions of Route 80, Section 4D, Glover Avenue to Passaic River. These funds were available under Item 54 "E" Project, Supplemental Program of the 1959-60 Construction Program. The Federal Project number was then known as EI-80-4-(11). It has now been determined that this entire project will be financed with reimburseable funds, therefore, all references to "E" Projects must be deleted and the Federal Project I-80-4-(4) inserted in its place. It is requested that all references to "E" Funds or "E" Projects be deleted from the Commission Action of May 25, 1960 and that Federal Project I-80-4-(4) be inserted. (May 31, 1960)

68. The State Highway Commissioner on January 28, 1959 approved the General Property Parcel Map on this project and authority was granted to acquire those parcels needed for the construction of the bridge over Passaic River, as well as improved properties, particularly business and commercial properties and also authorized the setting up of $4,000,000.00 from Item 1 of the 1958-59 Construction Program leaving a balance of $10,500,000.00 to be set up when funds become available. The $4,000,000.00 was allocated to acquire the following portions of this project: (Route 80,Sec. 4D,Glover Ave. to Passaic River, Fed. Project I-80-4-(4).

1. West side of Pine Street to East side of New Street
2. West side of Beckwith to East side of Straight Street
3. West side of Wabash Avenue to East side of Pennsylvania Avenue
4. East side of Lakeview Avenue to Passaic River

Under Item 18 of the 1959-60 Construction Program the sum of 2,000,000.00 was made available for the acquisition of additional right of way on this project. Of this amount, the sum of $150,000.00 was set up on November 18, 1959 to acquire certain parcels leaving a balance of $1,850,000.00 in the current program. Authority is now requested to set up the balance of $1,850,000.00 from Item 18 of the 1959-60 Construction Program, and to negotiate for the acquisition of right of way from the West side of Lakeview Avenue to the East side of Wabash Avenue andfrom the West side of Pennsylvania Avenue to the East side of 21st Street. (May 24, 1960)

69. The State Highway Commissioner heretofore approved the General Property Parcel Map on Route 80, Section 4D, Glover Avenue to Passaic River; authorized negotiations for the necessary right of way; and authorized the setting up of $6,000,000.00 which was allocated to acquire the following portions of this project:

1. East side of New Street to West side of Pine Street
2. East side of Straight Street to West side of Beckwith Avenue
3. East side of 21st Street to Passaic River

Prior to the above, the State Highway Commissioner authorized the acquisition of Parcel 575 as an advance acquisition and authorized the setting up of $100,000.00 to cover the estimated cost. State Funds were used when this set up was made. Funds have now been made available to acquire the remaining portions of this project estimated at $8,500,000.00; therefore, authority is requested to set up this amount from funds available under Item 54 "E" Project, Supplemental Program, of the 1959-60 Construction Program. These funds will be allocated to acquire the remainder of this project as follows:

1. Glover Avenue to West side of New Street
2. East side of Pine Street to West side of Straight Street
3. East side of Straight Street to West side of 21st Street

The above will be designated as Federal Project EI-80-4-(11). Authority is also requested to transfer the sum of $100,000.00 of State Funds previously set up to Miscellaneous Program Balances. (May 25, 1960)

Right of Way - Route 80

70. There is presented General Property Parcel Map on Route 80, Section 5L, Saddle River Road to Market Street, Federal Project EI 80-5-(8); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this General Property Parcel Map be approved, subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $325,000.00 and authority is requested to set up this amount from funds available under Item 52 "E" project, Supplemental Program, 1959-1960. (May 25, 1960)

---

71. There is presented five sheets of the General Property Parcel Map on Route 80, Section 5M, East of Garden State Parkway to Saddle River Road; Federal Project I-80-5-(13); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that these sheets be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of which is $575,000.00. The State Highway Commissioner on April 13, 1960 authorized the transferring of the necessary funds to cover the acquisition on this project, therefore, the sum of $575,000.00 will be transferred in accordance with this action. (May 23, 1960)

Right of Way - Route I-101

72. There is presented General Property Parcel Map on Route FAI 101-5-(3), Market Street to Route 17; together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. Heretofore the State Highway Commissioner approved a portion of the General Property Parcel Map; authorized negotiations for certain parcels; and also authorized the setting up of $712,000.00. It is recommended that this General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the necessary right of way. The estimated cost of the remaining right of way is $1,600,000.00 and authority is requested to set up this amount from Item 53 "E" Project, Supplemental Program, of the 1959-60 Construction Program. The Federal Project number will now be designated as EI-101-5-(3). (May 25, 1960)

Right of Way - Route I-104

73. There is presented General Property Parcel Map on Route FAI 104-2-(3), Easton Avenue to Stelton Road; together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. The State Highway Commissioner previously approved a portion of this project from Easton Avenue to Station 353; authorized negotiations for the necessary right of way and also authorized the setting up of funds to acquire the right of way for this portion of the project. Funds have now been made available to acquire the remaining portion of this project, therefore, it is recommended that this General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to acquire the necessary right of way, the estimated cost of which is $750,000.00. Authority is also requested to set up the sum of $750,000.00 from funds available under Item 56 "E" Project, Supplemental Program of the 1959-60 Construction Program. The Federal Project number will now be designated as EI 104-2-(3). (May 25, 1960)

---

74. There is presented a sheet of the General Property Parcel Map on Route FAI 104-2-(4), Stelton Road to U.S. 1 (Route 287), (showing property to be acquired from Clifford Doan, designated as Parcel 394); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of Parcel 394. The estimated cost of which is $16,000.00. There are sufficient funds in the right of way account to cover the acquisition of this property, therefore, no set up of funds is necessary. (Mary 24, 1960)

Right of Way - Rt. I-108

75. There is presented General Property Parcel Map on Route FAI 108-2-(5), Warwick Road to Route 73, Federal Project EI 108-2-(5); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. The State Highway Commissioner heretofore approved portions of the General Property Map on this project; authorized negotiations for the acquisition of the necessary right of way; and also authorized the setting up of $786,000.00. On July 17, 1958 the entire General Property Parcel Map was approved; authority was granted to negotiate for the necessary right of way; and authority was also granted to set up the sum of $2,055,000.00. Due to the lack of funds, this amount was never set up. Funds have now been made available, therefore, authority is requested to set up the sum of $2,000,000.00 to cover the estimated cost of the remaining right of way on this project. Funds are available under Item 57 "E" Project, Supplemental Program of the 1959-60 Construction Program. The Federal Project number will now be designated as EI 108-2-(5). (May 25, 1960)

Right of Way - Route 4

85. There is presented again the matter of acquisition of a drainage easement on Route 4, Section 4, Project U 189-(11), from Arcola to Hackensack River, Parcel E137, Alexander Summer, as surviving Venture Agent under agreement dated October 31, 1956, among Alexander Summer et als. Condemnation proceedings were previously authorized at which time the owners refused to state their demands. Continued negotiations have resulted in the execution of an agreement in the sum of $125. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 31, 1960)

Right of Way - Route S4B

86. There is presented again the matter of acquisition of property on Route S4B (1927), Section 2, Route 208 (1953), Project U 189-(16), Goffle Road to Oakland Ave., Oakland, Parcel 124, Elizabeth E. Spencer and husband. Condemnation proceedings were previously authorized at which time the owners were demanding $14,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $10,000.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 31, 1960)

Right of Way - Route 4

87. There is presented again the matter of condemnation of lands on Route 4, Section 4, Project U 189-(11), Arcola to Hackensack River, Parcel 130, Camloc Fastener Corporation. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $8,700.00 and the testimony on behalf of the owners was in the sum of $30,163.00. The commissioners made an award in the sum of $13,500.00 plus interest from October 13, 1958, the date of entry. It is recommended that an appeal be authorized. (May 24, 1960)

Right of Way - Route U.S.9

39. There is presented again the matter of condemnation of lands on Route U.S. 9 (1953) Section 2, Project F-9-(3), Cape May Canal Bridge and Approaches, Parcel 1, Tony Cirrinicione, et al, T/A Tony's Marine Railway. At the hearing before condemnation commissioners, the property owners were unrepresented but endeavored to place a value of $1,800 on the parcel. The testimony on behalf of the State was $550. The commissioners made an award in the sum of $700. The State has not entered upon this property. It is recommended that this award of $700 be approved. (June 6, 1960)

Right of Way - Route 29

40. There is presented again the matter of condemnation of lands on Route 29 (1927) Sections 8D & 9K, Project F 178-(16), Route U.S. 22 (1953), Washington Ave., Rock Ave., West End Ave., Wilson Ave., North Drive; Parcel 4, Victor C. Tonioli et al. At the hearing before condemnation commissioners, no one appeared on behalf of the owner and the testimony on behalf of the State was in the sum of $350. The commissioners made an award in the sum of $350 which will carry interest from November 27, 1957, the date the State took possession. It is recommended that this award be approved. (June 6, 1960)

Right of Way - Route 29

41. There is presented again the matter of acquisition of property on Route 29 (1927) Sections 8D & 9K, Project F 178-(16), Washington Ave., Rock Ave., West End Ave., Wilson Ave. and North Drive, Parcel 6, Stephen A. Gorda, et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was $7,200. The owners testified on their own behalf stating they purchased the property in 1954 for $11,000 and subsequently improved it with a 18-hole miniature golf course at a cost of approximately $33,000. A designer and consultant on miniature golf courses testified for the owners placing a value of $35,000 on the existing improvements and contended that the highway construction renders the property valueless as a miniature golf course. The commissioners made an award in the sum of $10,250 which will carry interest from 4/15/58, the date the State took possession. It is recommended that this award be approved. (June 6, 1960)

NO. 20 - 1960

STATE OF NEW JERSEY

STATE HIGHWAY DEPARTMENT

TRENTON

SCHEDULE OF APPROVALS - JUNE 14 20, 1960

Administrative Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (June 8, 1960)

Federal Aid - Urban Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction on Route 28 (1953), Sections 1A & 7A, From Coolidge Place To Bridge Street, Union County, Project No. U-125(5). The amount of Federal-aid Urban Funds obligated is $335,150.00 which is 50% of the estimated cost for Federal participation. (June 14, 1960)

Federal Aid - Interstate Funds

3. It is recommended that the attached modified project agreement in duplicate be approved and executed for Preliminary Engineering on Route I-80 Route 23 to Easterly Terminus of Garden State Pkwy. Interchange, Bergen & Passaic Counties, Project No. I-IN-80-4(1)53. The amount of Interstate Funds obligated is $2,058,000.00 which is 90% of the estimated cost for Federal participation. This modification is due to the approval of an increased working estimate, December 4, 1959. It will permit additional reimbursement on progress vouchering. (June 14, 1960)

4. It is recommended that the attached modified project agreement in duplicate be approved and executed for Construction on Route No. 108, Section 2B, Camden County, Project No. I-295-2(7)30. The amount of Federal-aid Interstate funds obligated is $2,257,878.01 which is 90% of the estimated cost for Federal participation. This modification is necessary to obligate the increase of Federal Funds requested in the final voucher to the Bureau of Public Roads. (June 8, 1960)

Utilities - Rt. U.S. 1, Sec. 6A

5. On March 30, 1960, Commission Action was approved for making reimbursement to the New Jersey Bell Telephone Company for the rearrangement of their telephone facilities to accommodate the construction at Route U.S. 1 (1953), Section 6A (including Milltown Road Interchange), in the Township of North Brunswick, County of Middlesex, in the total estimated amount of $7,400. However, as a result of further studies made by the Telephone Company they have elected to change their plans for the construction of a 2-duct subway and now elect to construct a 12-duct subway system at a much higher cost to which the Company is relinquishing its entitlement for reimbursement. Other work will be performed as planned. It is, therefore, recommended that the original action of March 30, 1960 in the amount of $7,400 be rescinded and that the New Jersey Bell Telephone Company be reimbursed for the other work caused by the grade separation and related ramps in connection with the State's construction in the estimated amount of $4,804.00 plus approximately 10% for contingencies making a total amount of $5,250.00. (June 13,1960)

71. There is presented deed for conveyance of Parcel 8B on Route U.S. 130 (1953) Section 8, New Albany to Pennsauken Creek, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on December 4, 1959 under the terms of which William S. Conover & James O. Carter have conveyed to the State Parcels 7A & 7B at a consideration of $300.00 plus conveyance of Parcel 8B including the 2 car garage located thereon. It is recommended that the Deed from the State to William S. Conover and James O. Carter covering Parcel 8B be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel 8B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (June 9, 1960)

Right of Way - Route 10

72. There is presented again the matter of acquisition of a slope easement on Route 10 (1953) Section 3, Tabor Road to Troy Hills Road, Whippany, Parcel E56, Brooklawn Farms Water Co. on which an agreement in the sum of $25.00 was previously approved. Examination of title discloses that the said Water Company does not have title to any lands whatsoever but has only the right to lay and maintain a water main in a 10 foot wide strip of land. This strip does not lie in the area designated as Parcel E56 but is located in and is along the easterly line of Parcel E49, which is the property of Hans George Jaeger. Inasmuch as the slopes required at this point have a maximum extent of 2 feet, there will be no interference with the rights of the Water Company. It is therefore recommended that this agreement be rescinded and that Parcel E56 be deleted from the General Property Parcel Map. (June 13, 1960)

66. There are presented purchase agreements on Route 95 (1953) Section 1F, Project I 95-7-(4), From Route 4 to a Point East of Fletcher Avenue, Fort Lee:

Parcel	Name	Consideration	Approved
24	James F. Costello, widower	$ 27,700.00 (including down payment of $6,500.	6/21/60
31	Richard Rutter & wife	19,000.00 (including down payment of $3,500)	6/16/60
61	Aloysius W. Flynn, single	9,950.00	6/21/60

Approval is recommended. Authority is requested to dispose of the dwelling and/or garage either to the road contractor, by public auction or by sealed bids.

Right of Way-Route 287

67. There is presented purchase agreement on Route FAI 104-2-(2) also known as 287-2-(2), Route 22 to Easton Avenue; Parcel 40, Bridgewater, a municipal corp., consideration $400.00. Approval is recommended. (June 16, 1960)

Right of Way-Route 129

68. There is presented purchase agreement on Route 129, Section 2, Project U 203-(5), Scotch Road to Federal City Road; Parcel 10, John E. Smiley & wife, consideration $550.00. Approval is recommended. (June 15, 1960)

Right of Way-Route 18 (1953)

69. There is presented again the matter of acquisition of property on Route 18 (1953), Section 2, Project U 112-(6), Clifton Avenue to New Jersey Turnpike, Parcel 2, Louis A. Mezey and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $50,000. Continued negotiations have resulted in the execution of an agreement in the sum of $20,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (June 21, 1960)

Right of Way-Route 29 (1927)

70. There is presented again the matter of acquisition of property on Route 29 (1927) Sections 8D & 9K, Project F 178-(16), Route U.S. 22 (1953) At Washington Avenue, Rock Avenue, West End Avenue, Wilson Avenue and North Drive, Parcel 32, D. Katz and Sons, Inc. An appeal was authorized from a condemnation commissioners' award in the sum of $27,000 plus interest from October 14, 1957. At the hearing before a Judge andJury, the testimony on behalf of the owner ranged from $38,791 to $46,100. During presentation of the owners' testimony, the question of access to the turn-around section in front of the remaining property was raised. Testimony was presented to the effect that there is a 7 inch curb in front of all the taking; no curb cuts having been provided. After the State's trial attorney objected to the theory that the State was denying access, the Court called a recess and at the conference of the Court and Counsel, the Judge stated that he would not accept the representation that the State would provide access to that section of the remaining property and would rule that access was denied in view of the condition of the property after completion of the improvement. Before conclusion of this conference, an agreement was reached in the sum of $26,000. It is recommended that the agreement executed in that amount be approved and that the appeal previously authorized, be discontinued. (June 16, 1960)

Right of Way-Route 80

71. There is presented again the matter of acquisition of property on Route FAI 101-5-(2) also known as 80-5-(2), West Shore Railroad in Ridgefield Park to Teaneck Road in Teaneck, Parcel 264C9, The Neighborhood Reformed Church. Condemnation proceedings were previously authorized at which time the owners refused an offer of $1,000. Continued negotiations have resulted in the execution of an agreement in the sum of $1,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (June 16, 1960)

Right of Way-Route 21 Freeway

72. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel 109, Anna Sabo et al. At the hearing before condemnation commissioners, the testimony on behalf of the owners was $34,000 and the testimony on behalf of the State was $25,570. The commissioners made an award in the sum of $30,500. The owners are still in possession of this property. It is recommended that this award be approved. (June 21, 1960)

Right of Way-Route 21 Freewsy

73. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton, Parcel 108, Anna Sabo et al. At the hearing before condemnation commissioners, the testimony on behalf of the owners was in the sum of $15,794 and the testimony on behalf of the State was in the sum of $8,415. The commissioners made an award in the sum of $10,000. The owners are still in possession of this property. It is recommended that this award be approved. (June 21, 1960)

Right of Way-Route S4B (1927)

74. There is presented again the matter of condemnation of lands on Route S4B (1927), Section 2, Project F 189-(16), Route 208 (1953), Goffle Road to Oakland Avenue, Oakland, Parcels 121A, 121B and 121C, Frederick B. Ashplant, widower. At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $2,068 and the testimony on behalf of the owner was in the sum of $11,000. The condemnation commissioners made an award in the sum of $5,220 which would carry interest from February 24, 1959. It is recommended that an appeal be authorized. (June 16, 1960)

Right of Way-Route U.S. 9 (1953)

75. There is presented report and appraisal with map and description on Route U.S. 9 (1953) Section 4, Ernston Road to Route 18, Parcel 9, Jane L. Perrine, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. Title is involved. (June 15, 1960)

Right of Way-Route 26 (1927), Route U.S. 1 (1953)

76. There are presented report and appraisal with map and description on Route 26 (1927) Section 2, Route U.S. 1 (1953), D & R Canal to Penns Neck, Project F 95-(38), Parcel R53, Anthony Gambino and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have refused an offer of $700 and have not made known their demands. (June 21, 1960)

Right of Way-Route 29 (1927), Route U.S. 202 (1953)

77. There are presented report and appraisals with map and description on Route 29 (1927), Section 12, Route U.S. 202 (1953), Project F-109-(17), Centreville to Freylinghuysen Avenue; Parcel 57B, Joseph J. McAndrew and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners have not made known their demands. (June 15, 1960)

Route 35 (1927) & Routes 4 & 35 (1927)

78. There are presented report and appraisal with map and description on Route 35 (1927) Section 10A and Rts. 4 & 35 (1927) Section 11C, From South of Main St. to North of Raritan St., Parcel W7, Alfred C. Schmidt and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $50,000 which is considered excessive. (June 21, 1960)

Right of Way-Route 70

79. There are presented report and appraisal with map and description on Route 70 (1953), Section 14, Garden State Parkway to Herbertsville Road, Parcel 1, Lillian K. Lockwood and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $45,000 which is considered excessive. (June 16, 1960)

Right of Way-Roufe 73 (1953)

80. There are presented report and appraisal with map and description on Route 73 (1953), Section 2, Project U-183-(7), From U.S. 130 to Route 38, Parcel 3, Frederick E. Dell and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $10,000, which is considered excessive. (June 15, 1960)

Right of Way- Route 295

81. There are presented report and appraisal with map and description on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga, Parcel R104, Board of Education of West Deptford Township. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The monetary consideration in this appears to be secondary with the owners. They are more interested in securing a traffic light at this intersection but a survey made by the Supervising Engineer, Bureau of Planning and Traffic, does not warrant the installation of this light. (June 15, 1960)

Right of Way-Route 78

82. There is presented again the matter of condemnation of lands on Route FAI-102-2-(15), also known as 78-2-(15), From a Point East of Central Railroad of New Jersey to Mulhockaway Creek. Condemnation proceedings were previously authorized for the acquisition of Parcel R37, Peter Lesczynski & wife. However, the title search revealed that a portion of Parcel R37 was owned by Peter Lesczynski and Anna, his wife, while the remainder was owned by Peter Lesczynski. Parcel R37 was therefore subdivided into R37A and R37B. Subsequently, Peter Lesczynski died and under his last will and testament both Parcels R37A and R37B are now owned by Anna Lesczynski, widow. The area comprising Parcels R37A and R37B is identical with the area of the original Parcel R37. It is therefore recommended that the previous action authorizing condemnation of Parcel R37 be rescinded and that authority be granted to institute condemnation proceedings for the acquisition of Parcels R37A and R37B, Anna Lesczynski, widow, in fee simple subject to any public utilities existing in the premises. Mrs. Lesczynski's demands are in excess of $9,000, which is considered excessive. (June 15, 1960)

Right of Way-Route 23

83. There is presented again the matter of acquisition of property on Route 23, Section 15, High Point Park at Steeny Kill Lake to Clove Road, Parcels 15A & 15B, Joseph Galea and wife on which an agreement in the sum of $75.00 was previously approved. Deed has been delivered and payment made in accordance with this agreement. Subsequently, due to grade and other problems encountered by the Contractor, it was necessary to revise the original plan for the driveway relocation. After completion of this work, the owners claimed that a drainage condition had developed which caused erosion and flooding. An estimate in the sum of $1,000 was secured from the Contractor for the correction of this condition. The owners have signed a release of all claims for damages by reason of erosion or flooding. It is recommended that this Release be accepted and authority granted to pay the sum of $350 therefor; which will make the total payment $425.00 for the acquisition of Parcels 15A & 15B. (June 21, 1960)

Right of Way-Route 4 Parkway

84. There is presented again the matter of the sale at public auction of Parcels V8B, V9B, V11A2 and V13B, on Route 4 Parkway, Section 6, which sale was held on June 12, 1960. On April 13, 1960, the State Highway Commissioner authorized the sale of parts of Parcels 9, 8, 11A and 13 on Route 4 Parkway, Section 6, at a minimum bid of $2,250. The high bid in the amount of $2,250. was submitted by Mr. Angelo Villa. It is recommended that the attached deed from the State, to Mr. Angelo Villa, covering the above parcels, be executed; and authority granted to deliver same upon payment of the balance due in the sum of $1,575. The State Highway Commissioner does hereby determine that these parcels are no longer required for the use of the State of New Jersey, in the improvement, betterment, reconstruction or maintenance of any State Highway. (June 21, 1960)

Sale of Property-Route 95

85. There is presented a report of the public sale held on June 9, 1960, for the sale of buildings located on Route 95, Section 1B, Teaneck Road to Route 4, as follows:

Parcel	High Bidder	Amount
49	Edward Rembish	$100.
51	Edward Rembish	75.
67	Harold Veith, Jr.	500.
68	Harold Veith, Jr.	500.

It is recommended that the bids submitted by Mr. Veith for Parcels 67 and 68 be accepted and that he be authorized to remove the buildings immediately upon payment of the full purchase price and that the bids for Parcels 49 and 51 be rejected. (June 16, 1960)

Appraisal Orders

86. There are presented the following Appraisal Orders:

Date	Order No.	Appraiser	County	No. of Parcels	Fee
6/14/60	1960-A-200	John Filippello	Gloucester	1	$ 50
6/15/60	201	Vincent J. Hubin	Bergen	1	500
"	202	Seymour Simon	Morris	1	75

Route 101, Section 2B ✓

14. S.J. Groves and Sons Company, contractors for the grading, paving, and bridges from Union Turnpike to Mount Hope-Rockaway Road, Borough of Wharton, Morris County, have satisfactorily completed the work under their contract on May 11, 1959, with the **exception of a value of** $323.20 representing a small deficiency in thickness in the bituminous concrete pavement, as shown on the laboratory record of January 15, 1960. Semi-final payment and semi-final acceptance was authorized under date of January 9, 1959. Before expiration of the performance bond dated January 9, 1959, covering the semi-final payment, certain lengths of concrete curb were found to be defective and later were repaired by the contractor (estimated value - $2,500.00). It is, therefore, recommended that this project be finally accepted and a final payment authorized in accordance with the as-built measurements and quantities, deducting $323.20 representing the estimated value of the deficient pavement. Further, that the performance bond furnished to cover the final payment include also the additional amount of $2,500.00 to guarantee the repaired concrete curb. One Hundred Per Cent (100%) payment has already been made on all bridge items. (June 22, 1960)

Right of Way-Route 4

81. There is presented again the matter of acquisition of property on Route 4, Section 4, Project U-189-(11), Arcola to Hackensack River, Parcel R132, Mary B. Ehret, widow and Charles W. Ehret and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $150,000. The gasoline station building formerly located within the limits of Parcel R132 has been removed by the contractor. The State entered upon this property August 7, 1958 and the State would be liable for interest from that date on any award rendered in condemnation. Continued negotiations have resulted in the execution of an agreement in the sum of $115,300. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (June 21, 1960)

Right of Way-Route S4B (1927), Route 208 (1953)

82. There is presented again the matter of acquisition of a slope easement on Route S4B (1927) Section 2, Route 208 (1953) Project F 189-(16), Goffle Road to Oakland Ave., Oakland, Parcel E95, Woodside Homes, Inc. Condemnation proceedings were previously authorized at which time a satisfactory agreement could not be reached. A review of our appraisals in this case disclosed the fact that a subdivision map had been approved by the Boro of Hawthorne in 1958 and further that the 10 foot cut which, in effect, deprives the owner of the use of 20 to 25 feet of depth, in the opinion of the appraisers, causes a more extensive damage than was considered in the original appraisals. Based on these revised appraisals, negotiations were reopened and an agreement reached in the sum of $2,000. It is recommended that this agreement be approved, and that condemnation proceedings previously authorized, be discontinued. (June 21, 1960)

Right of Way-Route 95 (1953)

83. There is presented again the matter of acquisition of property on Route 95 (1953) Section 1B, Project I 95-7-(2), Teaneck Road to Route 4, Parcel 44, Samuel Eden and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $21,000. Continued negotiations have resulted in the execution of an agreement in the sum of $18,850. It is recommended that this agreement be approved and that condemnation proceedings previously authorized, be discontinued. Authority is requested to dispose of the dwelling either to the road contractor, by public auction or by sealed bids. (June 21, 1960)

Right of Way-Route 287

84. There is presented again the matter of condemnation of lands on Route FAI 104-2-(2) also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcel 396, Joseph Golis et al on which an appeal was previously authorized from an award by condemnation commissioners in the sum of $4,500. At the trial before a Judge and Jury, the testimony on behalf of the State was $2,000 and the testimony on behalf of the owner was $10,000. A Judgment was rendered in the sum of $4,000 (which did not include interest because the State has not entered upon this property). It is recommended that the Judgment in the sum of $4,000 plus interest from the date the Judgment was entered to the date of payment be approved. (June 27, 1960)

Right of Way-Route 295

85. There is presented again the matter of acquisition of property on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel 63, Waugh Beverage Company. An appeal was previously authorized from a condemnation commissioners' award in the sum of $77,550. Continued negotiations have resulted in the execution of an agreement in the sum of $73,000 including a down payment of $18,250. It is recommended that this agreement be approved, and that the appeal previously authorized be discontinued. Authority is requested to dispose of the buildings to the road contractor, by public auction or by sealed bids. (June 29, 1960)

Right of Way-Route 42 (No.-So. Freeway)

86. There is presented again the matter of condemnation of lands on Route 42, Section 12, (North-South Freeway) Morgan Boulevard to Route 45 (1927), Parcel 2R74, Thomas E. Casey & wife. A condemnation commissioner's award in the sum of $19,522 plus interest from 4/27/55 was previously approved. The owners, however, filed an appeal. At the trial before Judge Mitchell, the testimony on behalf of the State was in the sum of $19,500 and the testimony on behalf of the owner was in the sum of $38,500. A verdict was rendered in the sum of $26,200 to which interest in the sum of $7,860 was added, making a total Judgment of $34,060. It is recommended that this Judgment in the sum of $34,060 plus interest to the date of payment be approved. (June 27, 1960)

Sale of Buildings-Route 37, Section 15

87. There is presented again the matter of the sale at public auction of Parcel VR3B on Route 37, Section 15, which sale was held on June 14, 1960. On May 31, 1960, the State Highway Commissioner authorized the sale of this property at a minimum bid of $450., which included $300 for the land and $150 for the cost of conducting the sale. The high bid was submitted by Mr. Fred Brindly, Agent. It is recommended that the attached deed from the State to Mark H. Harley and Alfred Herman Benjamin Lehmann, covering the above parcel be executed and delivered to the purchasers, the full purchase price having been paid. The State Highway Commissioner does hereby determine that this parcel is no longer required for the use of the State of New Jersey in the improvements, betterment, reconstruction or maintenance of any state highway. (June 27, 1960)

Right of Way-Route 42 (No.-So. Freeway)

88. There is presented report from the Title Officer together with Deed for conveyance of Parcels V6B and V7A6 on Route 42, Section 12 (North-South Freeway), Morgan Boulevard to Route 45 (1927), from the State of New Jersey to Hardot Incorporated. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on April 14, 1960 under the terms of which Hardot Incorporated conveyed to the State Parcel 9 on Route U.S. 130 (1953) Section 8 at a consideration of $1,750 plus the conveyance to Hardot Inc. of Parcels V6B and V7A6 on Route 42, Section 12. All the other terms of this agreement have been consummated. It is recommended that this Deed be executed and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcels V6B and V7A6 on Route 42, Section 12 are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any state highway. (June 27, 1960)

Right of Way-Route 73 (1953)

89. There are presented report and appraisal with map and description on Route 73 (1953) Sedtion 2, Project U 183-(7), From Route U.S. 130 to Route 38, Parcel 8, Max J. Bitzer. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner cannot be located. (June 27, 1960)

Right of Way-Route 95 (1953)

90. There are presented report and appraisal with map and description on Route 95 (1953) Section 1B, Project I 95-7-(2), Teaneck Road to Route 4, Parcel 38, Albert M. Ruiz and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $27,000 which is considered excessive. (June 23, 1960)

- - - - - - - - -

91. There are presented report and appraisal with map and description on Route 95 (1953) Section 1B, Project I 95-7-(2), Teaneck Road to Route 4; Parcel 50, Mary C. Kleiner and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $28,000 which is considered excessive. (June 23, 1960)

- - - - - - - - -

92. There are presented report and appraisal with map and description on Route 95 (1953) Section 1B, Project I 95-7-(2), Teaneck Road to Route 4, Parcel 55, Staton James Peele and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $35,000 which is considered excessive. (June 21, 1960)

Right of Way-Route 42 (No.-So. Freeway)

93. There is presented again the matter of acquisition of riparian lands required from the Department of Conservation and Economic Development on Route 42, Section 12 (North-South Freeway) Morgan Blvd. to Route 45 (1927), Parcels 2RT3J1, 2RT3J2, RT3J3, RT3J4, 1WT3B, WT3E and 2WT3A, on which applications were heretofore approved and executed by the State Highway Commissioner. The matter of issuance of grants has been in controversy since November 1954. The Department of Conservation and Economic Development originally demanded payment at the rate of $1,000 per acre but later reduced their demand to 500 per acre. The Highway Department was of the opinion that the grants should be issued at the rate of $250. per acre. The Department of Conservation and Economic Development now advises that the Council of the Division of Planning and Development at a recent meeting denied our request for reduction in price to $250 and reaffirmed its quotation of $500 per acre. The Delaware River Port Authority under agreement with the Highway Department dated November 10, 1953, is to share in the cost of these grants and is desirous of concluding the terms of the agreement. At the rate of $500 per acre the Delaware River Port Authority would be obligated to pay approximately $27,833 of the over-all cost of approximately $46,602 for the 93.204 acres required. In order to conclude this controversial matter, it is recommended that authority be granted by the State Highway Commissioner to accept grants at the rate of $500 per acre for the lands required under the above mentioned parcels. (June 30, 1960)

Right of Way-Route S3

94. There is presented a report together with an appraisal for the property located on Route S3, Section 3, Parcel 2X25C, formerly Brighton Mills, Inc., together with a communication from Mr. John C. Holmes, who guarantees to bid the amount of $2,700 for the property, together with $150 which is the estimated cost of conducting the sale. Authority is requested to sell this property at public sale based on a minimum bid of $2,850. (June 23, 1960)

Sale of Property-Route 80

95. There is presented the matter of bids received on June 7, 1960, at a public sale, for the sale of buildings located on Route 80, Section 4D, Glover Avenue to Passaic River as follows: Parcel 153, Joseph Baldini, $1,600.; Parcel 163, Paul Brydelski, $50.; Parcel 164, Paul Brydelski, $175. It is recommended that authority be granted to sell the building located on Parcel 153 to the high bidder, and that the bids for the buildings located on Parcels 163 and 164 be rejected. (June 22, 1960)

- - - - - - - -

96. There is presented the matter of the public sale of buildings held on June 24, 1960, on Route 80, Section 4D, Glover Avenue to Passaic River as follows: Parcel 140, Edward Rembish, $100.; Parcel 142, Lena Labagnaro, $350.; Parcel 165, Thomas Copolete, $2,050. Authority is requested to dispose of the buildings located on Parcels 142 and 165, to the high bidders upon payment of the full purchase price, and that the bid for Parcel 140, in the amount of $100. be rejected. (June 29, 1960)

- - - - - - - - -

97. There is presented the matter of bids received for the sale of the building located on Route 80, Section 5E, Parcel 50, formerly owned by Michael Fraser. A bid in the amount of $550 was submitted by Victor Beigel of Lodi, New Jersey. It is recommended that the bid be accepted and that the successful bidder be notified to remove the building upon payment of the full purchase price. (June 22, 1960)

- - - - - - - -

98. There is presented the matter of the public sale for the building located on Route FAI 101-4-(2), From Passaic River to New York Susquehanna and Western Railroad, Parcels 22A & 22B, formerly owned by East Paterson Welding, Inc., on which a bid in the amount of $50 was received from Mr. Pat Perrelly of East Paterson, New Jersey. This building must be demolished, and it is estimated that the cost of demolishing this building would be from $800 to $1,000. Authority is requested to dispose of this building to Mr. Perrelly upon payment of the full purchase price. (June 29, 1960)

Demolition of Buildings-Route 80

99. There is presented a report and estimates for the cost of demolishing the building located on Route FAI 101-4-(2), Parcel 11, formerly owned by Julius Di Sinto, et al, as follows:

BIDDER	AMOUNT OF BID
Walter Moritz	$751.00
Edward Rembish	810.00

Because of the hazardous condition of the building, it is recommended that the bid in the amount of $751 submitted by Walter Moritz be accepted and that he be notified to proceed with the demolition of the building at once. (June 22, 1960)

Sale of Property-Route 80

100. There is presented the matter of bids received at a public sale held on June 7, 1960, as follows:

No. 23 - 1960

STATE OF NEW JERSEY

STATE HIGHWAY DEPARTMENT

TRENTON

SCHEDULE OF APPROVALS - JULY 11, 1960

Agreements-Allstate Design & Development Co.,Inc.

Administrative Items

1. It is recommended that the State Highway Department terminate its agreement dated December 12, 1958 with the Allstates Design and Development Company, Inc., of 25-29 North Warren Street, Trenton, New Jersey, for services to provide a computer program to design bridge piers and foundations and to provide the production runs of the computer program for any design problems requested by the State. Letter from Allstates Design and Development Company, Inc., dated June 21, 1960, requesting this termination is attached. It is expected that the Bridge Division will be in a position to handle this work with their own forces by utilizing the IBM calculator available at the State House. (July 5, 1960)

Federal Aid-Urban Funds

2. It is recommended that the attached project agreement in duplicate be approved and executed for construction: Route No. 20 (1953), Section 4A, from South Drive to Broadway (Route 4), Passaic County, Project No. U-139(10). The amount of Federal-aid Urban Funds obligated is $110,800.00 which is 50% of the estimated cost for Federal participation. The road work to be performed under this contract consists of grading for bridge approaches, ramps and roadway widening; construction of macadam base course, concrete base and surface courses, construction of bituminous concrete surface courses, drainage, concrete curb and incidental work as provided in the contract. The bridge included in this contract consists of the construction of an overpass bridge carrying Northbound Ramp of Route 20 over Southbound Route 20 to Route 4 (Broadway). (July 5, 1960)

Federal Aid-Interstate Funds

3. It is recommended that the attached project agreement in duplicate be approved and executed for Preliminary Engineering (Utility) and Construction (Utility): Route 295, Verga to N.S. Freeway, Bellmawr, Camden and Gloucester Counties, Project No. I-295-1(15). The amount of Federal-aid Interstate Funds obligated is $298,039.50 which is 90% of the estimated cost for Federal participation. This project agreement is requested to prepare and advance for the necessary utility rearrangements in preparation for construction with authority to proceed with Preliminary Engineering. (July 5, 1960)

Utilities-Route 35, Section 12B

4. Approval and execution is recommended of the attached agreement between the State of New Jersey and the Lehigh Valley Railroad Company covering understandings in connection with the construction of Route 35, Section 12B, in the City of Perth Amboy, Middlesex County, which construction will necessitate the rearrangement of railroad facilities owned by the Lehigh Valley Railroad Company. Right of Way Items

General Property Parcel Map
Route 28, Section 3

68. There is presented a sheet of the General Property Parcel Map on Route 28 (1953), Section 3, Bridge Street to Green Brook; together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this sheet be approved subject to such changes as may be necessary in order to conform with construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this project was included in the $200,000.00 previously set up on Route 28 (1953), Section 4, Green Brook to Bonegat Brook, therefore, no set up of funds is needed. (July 7, 1960)

Right of Way - Route 35

69. There are presented the following purchase agreements on Route 35 (1953), Section 4, Project F 26-(9), Eatontown to Red Bank:

Parcel	Name	Consideration
67	John Sagurton and wife	$525.00
95	Tommie C. Rosevelt (widow)	1,020.00

(July 7, 1960) Approval is recommended.

70. There is presented purchase agreement for the conveyance of a slope easement on Route 35 (1953), Section 4, Eatontown to Red Bank, Project F 26-(9); Parcel E39C, Monroe G. Marx and wife, consideration $198.00. Approval is recommended. (July 7, 1960)

71. There is presented Deed of Easement on Route 35 (1953), Section 4, Project F 26-(9), Eatontown to Red Bank; Parcel E39A, George C. Marx and wife, Milton I. Marx and wife, and Monroe G. Marx and wife; consideration $1.00. It is recommended that this Deed of Easement be accepted. (July 7, 1960)

Right of Way - Route 38

72. There is presented purchase agreement on Route 38 (1953), Section 1, from Route U.S. 130 to Route 73, Project U 106-(8); Parcels 18A and 18B, George Shemeld and wife, consideration $440.00. Approval is recommended. (July 5, 1960)

Right of Way - Route 80

73. There is presented purchase agreement on Route 80 (1953), Section 5E, Project I 80-5-(11), from Route 17 at Lodi to New Jersey and New York Railroad (Erie) at Hackensack; Parcel 97, Sylvester Grieco and wife, consideration $6,250.00. Approval is recommended. (July 11, 1960)

Right of Way - Route 95

74. There is presented purchase agreement on Route 95 (1953), Section 1B, Project I 95-7-(2), Teaneck Road to Route 4; Parcel 30, Frank L. Hawkes and wife and Sylvia H. Christopher and husband, consideration $22,900.00. Approval is recommended. Authority is requested to dispose of the building to the road contractor, by public auction or by sealed bids. (July 11, 1960)

75. There is presented purchase agreement on Route 95 (1953), Section 1B, Project I 95-7-(2), Teaneck Road to Route 4; Parcel 47, Sigrid Hansen, widow, consideration $20,000.00, including down payment of $5,000.00. Approval is recommended. Authority is requested to dispose of the buildings to the road contractor, by public auction or by sealed bids. (July 11, 1960)

Right of Way - Rt. I-101

76. There is presented purchase agreement on Route 101-5-(3), Market Street to Route 17; Parcel 109, Donald Donegan and wife, consideration $19,900.00, including down payment of $4,800.00. Approval is recommended. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (July 11, 1960)

Right of Way - Rt. I-108(295)

77. There is presented purchase agreement on Route FAI 108-1-(12) also known as 295-1-(12), North-South Freeway (FAI 109) to Verga; Parcel 84B, Corporal L. E. Jones, Post #2174 Veterans of Foreign Wars, Incorporated, consideration $600.00. Approval is recommended. (July 5, 1960)

Right of Way - Route 208

78. There is presented purchase agreement on Route 208 (1953), Section 2, Project F 189-(16), Ewing Avenue to Ramapo Valley Road; Parcel 54, Anna Pavlishyn (single), consideration $15,000.00, including down payment of $3,700.00. Approval is recommended. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (July 11, 1960)

Right of Way - Route 21

79. There is presented again the matter of acquisition of property on Route 21 Freeway, Section 1, Project U 126-(7), Rutgers Street, Belleville to Route 3, Clifton. An agreement was previously approved in the sum of $2,900.00 covering Parcels 126A and 126B, D. L. S. Enterprises, Inc. Subsequently, the title search revealed that Parcel 126B containing 408 square feet is owned by Bayer and Jankoff. Negotiations were therefore reopened for the acquisition of Parcel 126A only containing 0.412 Ac., and an agreement has been secured in the sum of $2,700.00. It is recommended that this agreement in the sum of $2,700.00 for Parcel 126A be approved; that the previous agreement covering Parcel 126A and 126B be rescinded; and that negotiations be continued for the acquisition of Parcel 126B as well as adjacent Parcels 122A and B with Bayer and Jankoff. (July 8, 1960)

Right of Way - Route 26

80. There is presented again the matter of acquisition of drainage easements on Route 26 (1927) Section 1, Project F 95-(38), Route U.S. 1 (1953), Trenton to D & R Canal, Parcels E138A and RE138B, Sidney Kaplan and Hyman Kaplan. On September 21, 1959, an agreement covering these easements was approved in the sum of $1.00 plus construction work estimated to cost $916.25. Under the terms of this agreement the State was obligated to maintain the rip-rap slope which maintenance was later determined to be inadvisable. Therefore, a new agreement has been executed eliminating the obligation of the State to maintain the rip-rap slope. All of the other terms and conditions remain the same. It is recommended that this agreement be approved and that the previous agreement be rescinded. (July 8, 1960)

80

Right of Way - Rt. I-101

81. There is presented again the matter of acquisition of property on Route FAI 101-4-(2) also known as 80-4-(2), Passaic River to New York Susquehanna and Western Railroad, Parcel 69, Tri City Corporation. Condemnation proceedings were previously authorized at which time the owners were demanding $8,000.00. The condemnation complaint in this case was filed on July 30, 1959. Continued negotiations have resulted in the execution of an agreement in the sum of $5,800.00. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (July 8, 1960)

Right of Way - Rt. U.S. 9

82. There is presented again the matter of condemnation of lands on Route U.S. 9 (1953) Section 2, Project F 9-(3), Cape May Canal Bridge and Approaches; Parcels 13C, 13D and 23, Harry Mogck et al. At the hearing before condemnation commissioners, the testimony on behalf of the State was $12,090.00 and the testimony on behalf of the owner was $40,000.00. The commissioners made an award in the sum of $15,750.00 which will carry interest from June 22, 1959, the date of entry by the State. It is recommended that this award be approved. (July 8, 1960)

Right of Way - Rt. I-102 (78)

83. There is presented again the matter of condemnation of lands on Route FAI 102-2-(15) also known as 78-2-(15), from a point East of Central Railroad of New Jersey to Mulhockaway Creek; Parcels 27A and 2R27B, Camp Marudy Inc. At the hearing before condemnation commissioners, the testimony on behalf of the owner was $17,677.50 and the testimony on behalf of the State was in the sum of $5,275.00. The commissioners made an award in the sum of $9,000.00. It is recommended that an appeal be authorized. (July 8, 1960)

Right of Way - Route 10

84. There are presented report and appraisal with map and description on Route 10 (1953) Section 4, Troy Hills Road, Whippany to Livingston Avenue, Parcel E36, Mrs. Katie Giblock, widow. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this easement subject to any public utilities existing in the premises. The owner refuses to enter into an agreement until construction of this route is completed. (July 8, 1960)

Right of Way - Route 29

85. There are presented report and appraisal with map and description on Route 29 (1927) Section 11A, Project F 109-(17), Route U.S. 202(1953), South Branch Raritan River to Centerville, Parcel 19B, heirs of John Saums. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owners are demanding $7,500.00 which is considered excessive. (July 7, 1960)

Right of Way - Route 29

86. There are presented report and appraisal with map and description on Route 29 (1927) Section 11A, Route U.S. 202 (1953), Project F 109-(17), South Branch Raritan River to Centerville, Parcel 19A, heirs of John Saums. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $4,000.00 which is considered excessive. (July 7, 1960)

Right of Way - Route 35

87. There are presented report and appraisal with map and description on Route 35 (1953) Section 4, Project F 26-(9), Eatontown to Red Bank, Parcel 82, Russell T. Hodgkiss. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner refuses to conclude negotiations because he is not convinced that our proposed drainage construction will eliminate the water condition of which he complains. (July 7, 1960)

Right of Way - Route S4B

88. There is presented again the matter of acquisition of land on Route S4B (1927) Section 2, Project F 189-(16), Route 208 (1953), Goffle Road to Oakland Ave., Oakland, Parcel 127, Dorothy R. Lutz and husband, on which an agreement in the sum of $1,700.00 was previously approved. During the course of construction, the plan was changed reducing the grade of the driveway at the Lutz property. The owners complain that there is a continual wash-out from the adjoining property and investigation by our Engineers have confirmed this condition, which could be corrected by the construction of a wall at an estimated cost of $660.00. The owners have executed a release of all claims for damage by reason of this condition. It is recommended that this Release be accepted and authority granted to pay the sum of $600.00 therefor; which will make the total payment $2,300.00 for the acquisition of Parcel 127. (July 7, 1960)

Right of Way - Route 10

89. There is presented a report concerning a slope easement designated on the General Property Parcel Map as Parcel E20, Edward Turago, et ux, Route 10 (1953) Section 3, Tabor Road to Troy Hills Road, Whippany. An agreement was previously approved in the sum of $125.00. Further investigation by our Engineers has disclosed that this easement is not required for present construction and the owners have been so advised. It is recommended that the previous action be rescinded and that this easement be not acquired; and that Parcel E20 be deleted from the General Property Parcel Map. (July 7, 1960)

90. There is presented a report concerning a slope easement designated on the General Property Parcel Map as Parcel E13, Frank Payack, Jr., et ux, Route 10 (1953) Section 3, Tabor Road to Troy Hills Road, Whippany, on which an agreement was previously approved in the sum of $140.00. Further investigation by our Engineers has disclosed that this easement is not required for present construction and the owners have been so advised. It is recommended that the previous action be rescinded and that this easement be not acquired; and that Parcel E13 be deleted from the General Property Parcel Map. (July 7, 1960)

Right of Way - Route U.S. 30

91. There is presented again the matter of application to the Department of Conservation and Economic Development for Riparian Grant on Route U.S. 30, (1953), Section 14, Camden Bridge Plaza to Lee Avenue, Parcel T-2. Our Title Officer reports that the area comprising Parcel T-2 on Route 30, Section 14 is included within the area of Parcel 68B on the Camden Entrance Road, Section 2, conveyed to the State of New Jersey through its State Highway Department. It is therefore recommended that the previous action making application for a Grant on Route 30, Section 14, Parcel T-2, be rescinded as this grant will not be required. (July 7, 1960)

Services-Engineering

2. Approval and execution is recommended of the attached Agreement between the State of New Jersey and Madigan-Hyland Consultant, covering understandings in connection with the performance of engineering services relative to the construction of a connection from State Highway Route 20 to the Garden State Parkway and State Highway Route 46 in the Paterson Area, beginning at Maple Avenue then going southwestwardly along the westerly leg of Passaic River through the City of Paterson, the Borough of West Paterson and the City of Clifton to the said Garden State Parkway and Route 46, a distance of about 5.6 miles. The proposed service consists of anyalyzing location studies plus estimates of construction costs to be integrated in a directed overall final report. The Consultant is to be paid for this work on a force account basis but in no event is the sum total of all payments to exceed $40,000. (July 13, 1960)

- - - - - - - - -

3. Approval and execution is recommended of the attached Agreement between the State of New Jersey and Edwards and Kelcey, Inc., and Deleuw, Cather & Company Consultants, covering understandings in connection with the performance of engineering services relative to the development of a network of State Highways integrated with a coordinated plan for efficient transportation, complementing the general plans and development of the City of Newark, and such a composite plan shall show the location and general characteristics of proposed freeways, a city street plan, mass transit and apporpriate terminal facilities, city traffic movements, parking and the adaptability of all transportation facilities to the proposed urban redevelopment plan. The Consultants are to be paid for this work on a force account basis but in no event is the sum total of all payments to exceed $150,000. (July 13, 1960)

Limited Time Parking, Borough of Deal

4. In accordance with a request of the municipal governing body of the Borough of Deal, it is recommended that the attached regulation of concurrence with provisions of their ordinance establishing limited time parking along Route 71 be adopted and permission granted for the erection of appropriate signs. (July 14, 1960)

No Parking Zones

5. In accordance with the provisions of Section 78, Chapter 23 Public Laws 1951 (c.39:4-138.1), it is recommended that the attached regulation be adopted establishing "no parking" zones where parking is prohibited at all times along Route U.S. 30, Borough of Oaklyn, Camden County. July 14, 1960)

Route U.S. 130 (1953), Sections 1A,11A & 12A

10. J. Vinch & Sons, Inc., contractors for the drainage Improvements on Route U.S. 130 (1953), Sections 10A,11A & 12A, in the City of Burlington, Townships of Florence, Bordentown and Burlington, Burlington County, have satisfactorily completed the work under their contract as of December 4, 1959. There is an overrun of 8 working days on this project. It is recommended that this project be finally accepted and a final payment be made after the necessary formalities have been observed and upon receipt of the "as built" quantities. It is further recommended that an extension of time of 8 working days be granted to the contractors because of delays incurred through underground utilities encountered, which necessitated additional work and time which were beyond the contractor's control. (July 14, 1960)

Detours-Matawan Creek Bridge, Rt.35, Sec.10A

17. There is presented herewith print showing the detour which it is proposed to establish over week-ends during the reconstruction of the bridge deck on the Matawan Creek Bridge on Route 35, Section 10A, in Matawan Township, Monmouth County. It was originally planned to maintain traffic during the course of construction but experience over the past week-end clearly indicates that a detour will be required over week-ends to prevent serious traffic tie-ups and congestion. The detour will be in effect for a period of about six week-ends, or until approximately August 26th. The entire cost of the project, including an estimated cost of $2,400 for signing and maintaining the detour, will come out of Maintenance funds. It is recommended that the detour be officially adopted. (June 14, 1960)

NO. 25 - 1960

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JULY 25, 1960

Administrative Items

Claims - Settlements

1. This claim arises out of an accident occurring on January 12, 1951 on Route 56, Absecon Boulevard, Atlantic City, New Jersey, involving a vehicle owned and operated by Lewis Whitaker. As a result of the aforesaid accident, highway guard railing was damaged and had to be repaired at a cost of $79.77. The debtor moved shortly after this mishap occurred and we were unable to locate him until just recently at which time he informed us that he had never received any billing on our claim. The debtor now claims to be experiencing financial difficulties and has sent us a money order in the amount of $40.00 as an offer in full settlement of our claim. In view of the age of this claim in addition to the financial difficulties claimed by the debtor, it is my recommendation that this offer of $40.00 be accepted in full settlement of this claim in the amount of $79.77 and the balance of $39.77 be cancelled. (July 20, 1960)

Federal Aid - Urban

I-80S-8 to Copley Road, Camden County, Project No. I-295-2(16). The amount of Federal Aid Interstate Funds obligated is $228,150.00, which is 90% of the estimated cost for Federal participation. The work to be done under this contract consists of furnishing all labor, materials, equipment, accessories and appurtenances necessary to install five complete underground wired, multiple fed ornamental roadway lighting systems, as shown on the Plans and called for in the specifications. These systems are not interconnected. Each system is fed from the utility company's lines through its own service and meter. Service for all five systems will be single phase, 3 wire, 120-240 volts. (July 21, 1960)

Federal Aid - Primary

15. It is recommended that the attached project agreement in duplicate be approved and executed for Right of Way. Route U.S. 322, Weymouth North to County Spur 561, Atlantic County, Project No. F-105(12). The amount of federal Aid primary funds obligated is $27,500.00, which is 50% of the estimated cost for Federal participation. This project agreement is being advanced to obligate Federal Funds for authorization to purchase the necessary Right of Way for construction (July 21, 1960).

Agreement-Del. River Toll Br. Commission

16. Approval and execution is recommended of agreement between the State and Delaware River Joint Toll Bridge Commission covering understandings in connection with the construction of the New Jersey Approach (Route U.S. 22) to the Bushkill Street Bridge at Phillipsburg. (July 21, 1960).

Agreement-Palisades Park Boro, re Fifth St. (U.S.46)

17. Approval and execution is recommended of the attached agreement between the Borough of Palisades Park and State of New Jersey covering understandings in connection with construction improvements on Fifth Street which serves as a marginal road for State Highway Route U.S. 46 in the Borough of Palisades Park. Since municipal improvements are usually effected by existing abutters, it is equitable in the subject case for the State to pay its share of the work. (July 21, 1960)

Utilities - Route U.S. 1 & 9, Sec. 6

18. To accommodate the construction of Routes 1 and 9 (1953), Section 6, Tonnele Avenue Circle to Route 3, it will be necessary for the Western Union Telegraph Company to perform some pole line relocation work on their own right-of-way. The cost of this relocation work, as estimated by the Western Union Telegraph Company, amounts to $1,130.35 to which a contingency item of $109.65 should be added, making a total amount of $1,240.00. It is recommended that the Western Union Telegraph Company be reimbursed for this work. (July 21, 1960)

Agreement-Ewing-Lawrence Sewer Authority re Sale of Lands

19. Approval and execution is recommended of the attached agreement between the Ewing-Lawrence Sewerage Authority and the State of New Jersey covering understandings in connection with the sale of lands no longer needed in the Highway System, and which are to be sold to the Authority for $403.00 for public use only; namely, for the location and relocation of its trunk sewer. (July 21, 1960)

Agreement - Erie R.R.Co. re Route 95, Sec. 1E

20. Approval and execution is recommended of the attached Railroad Agreement, Number RRA-1-95-1E, between the State of New Jersey and the Erie Railroad Company, covering understandings in connection with the rearrangement of railroad facilities to accommodate the construction of Freeway Interstate Route 95, Section 1E, in the Borough of Leonia and City of Englewood, County of Bergen. The Railroad Company is to be reimbursed for the rearrangement of their facilities which, including approximately 10% contingencies, is estimated at $79,800.00. (July 20, 1960)

Flood Damage - Sussex County

21. Approval is recommended of acceptance and authorization of final payment of $2,275.37, as State's share to Sussex County, for repairs by contract to damages to Bridge No. 243, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, PL-1955. Approval is further recommended of increasing the agreement for this work from $24,300.00 of State funds, which is the amount now allocated for this project to $28,982.93 so the State may pay a full 90% of the total allowed cost. (July 21, 1960)

Construction Items

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JULY 29, 1960

Administrative Items

Claims - Settlements ✓

1. This claim arises out of an accident occurring on September 1, 1959 in Mansfield Township, Burlington County, involving a vehicle owned by Edward H. Groze, Sr. and operated by Edward H. Groze, Jr., and a vehicle owned by the New Jersey State Highway Department. As the result of the aforesaid accident, the State vehicle was damaged and had to be repaired at a cost of $562.97. Upon presenting the debtors with the Highway Department's charges, we were contacted by their insurance carrier regarding settlement of the claim. It was the insurance company's contention that both drivers contributed to the accident and for this reason felt that the claim should be settled on the basis of 50%. Subsequent negotiations by the Claims Bureau resulted in the insurance company agreeing to pay the lump sum of $350.00 in full settlement of this claim. The State Trooper who investigated this accident indicated on his report that both drivers were responsible for the happening, charging one with "inattentative driving" and the other with operating his vehicle "too fast for conditions". In view of the circumstances under which this accident occurred and the fact that the insurance carrier representing Mr. Groze, Sr. made an initial offer of 50% of the claim, it is my opinion that the State would be justified in accepting the above offer of settlement, and it my recommendation, in accordance with Mr. Levine's memorandum dated July 14, 1960 attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General, that the offer be approved. (July 25, 1960)

---

2. Reference is herewith made to the claim of the New Jersey State Highway Department against the Garden State Constructors and Associates in the amount of $5,224.60, covering the cost of making necessary repairs to the roadway at the intersection of Route 1, Secaucus Road, North Bergen, New Jersey, which collapsed as the result of a storm sewer back-up due to construction operations being performed by the Garden State Constructors and Associates. The County of Hudson also has a claim in the amount of $8,083.00 arising out of the same incident. It is the contention of both the County of Hudson and the State Highway Department that the damage to the roadway would not have occurred were it not for the work being performed by the above named contractor. The insurance company representing the Garden State Constructors and Associates originally turned down both the County and State claims on the grounds that the construction work being performed by their assured conformed with proper standard construction practices and procedures and that the unusual heavy flash rainstorm which occurred just prior to the road collapse was the sole cause of the incident. The work being performed by the contractor was at a considerable elevation above the roadway and when the unusual heavy rainstorm occurred, the existing sewer line was inadequate to handle the deluge of water. The insurance company claimed that the damage sustained by both the State and County was the result of an "Act of God". Subsequent negotiations by the Claims Bureau with the insurance company has now resulted in a lump settlement of $7,500.00 to be apportioned between the County of Hudson and the State of New Jersey. The proposed settlement of $7,500.00 is to be divided as follows: The State of New Jersey is to receive the sum of $3,461.53 in full settlement of its claim amounting to $5,224.60, and the County of Hudson is to receive the sum of $4,038.46 in full settlement of its claim amounting to $8,083.00. The proposed settlement favors the State of New Jersey slightly from a percentage standpoint. It is the intention of the Claims Bureau to communicate with the authorities of Hudson County in order to ascertain whether the settlement hereinabove outlined will meet with their approval, but before doing so, we should like to obtain at least tentative approval of the State Highway Department of the proposed division of $7,500.00 offer of settlement. Giving all due consideration to the circumstances under which the damages were sustained, and in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of Deputy Attorney General William J. McCormack, it is my opinion that the offer of settlement is reasonable and it is my recommendation that it receive favorable consideration. (July 25, 1960)

Services - Engineering

3. Approval and execution is recommended of the attached agreement between Parsons, Brinckerhoff, Quade and Douglas, and the State of New Jersey, covering understandings in connection with preliminary engineering studies for a sound relocation for Route 47 in the Millville-Cumberland County area. Right of Way - Rt. U.S. 1 ✓

77. There is presented again the matter of acquisition of property on Route U.S. 1 (1953), Section 8, Main Street to Raritan River, Parcel 2R5, Evelyn Higley, on which an agreement was previously approved in the sum of $12,200.00, plus conveyance of Parcel V52B on Route 25, Section 5. The Title Officer reports that Parcel 2R5 is affected by a sidewalk assessment levied by Edison Township in the amount of $819.18. Mrs. Higley is questioning the propriety of this assessment and has started suit in Superior Court to sustain her contention. As this litigation may require considerable time, Mrs. Higley is requesting payment of part of the consideration due her under the agreement. Therefore, authority is requested to enter into a supplemental agreement with Mrs. Higley providing for: (1) Payment of $10,600.00 on account of the consideration due; (2) The retention by the Highway Department of the balance of $1,600.00, pending disposition of the assessment litigation; (3) In the event Mrs. Higley does not pay such assessment as the Court may determine to be due, then the Highway Department will make such payment from the $1,600.00 deposit and refund the balance to Mrs. Higley. (July 27, 1960)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - AUGUST 15, 1960

Administrative Items

Federal Aid - Primary

1. It is recommended that the attached modified project agreement in duplicate be approved and executed for Right of Way: Route No. ~~26~~ 46, Section 36, Vicinity of Manunka Chunk, Warren County, Project No. F-56(2). The amount of Federal-aid Primary Funds obligated is $11,138.26 which is 50% of the estimated cost for Federal participation. This modification supersedes the action of May 28, 1960. Mr. H. N. Kramer's review of Bureau of Public Roads citation on the final voucher justified a decrease of $47.51 of Federal funds. The previous action was for $95.03 reduction. Therefore this modification increases the Federal participation by $47.51. (August 11, 1960)

Federal Aid - Urban

2. It is recommended that the attached project agreement in duplicate be approved and executed for Construction: Route 35 (1953), Section 12B, Smith Street to New Jersey Turnpike, Project No. U-20(3). Utilities - Moorestown Township-Rt. 38,Sec. 2A

7. Under date of December 11, 1959, the State Highway Commissioner approved making reimbursement to the Township of Moorestown in the estimated amount of $1,100 for the lowering of a portion of the 12" cast iron pipe water main to accomodate the construction of Route 38, Section 2A in the Township of Moorestown, County of Burlington. However, the attached bill submitted by the Township is in the total sum of $1,518.70, which is $418.70 over the approved amount. The reason for this increase was the heavy rains and ditch wash-outs during construction which necessitated pumping operations and extra excavation. It was also later found necessary to lower an extra length of pipe at each end of the project. These extra costs appear reasonable and justified, and it is, therefore, recommended that an additional amount of $418.70 be set-up and that the attached bill in the amount of $1,518.70 be approved for payment. (August 5, 1960)

Condemnation proceedings were previously authorized, in order to insure the stoppage of construction operations on a large garden apartment project. The owners originally demanded $706,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $637,500 including a down payment of $100,000. The agreement further provides that the State shall receive all of the on-premises inventory including 188 air conditioners. It is recommended that this agreement be approved, and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings either to the road contractor, by public auction or by sealed bids. (August 12, 1960)

Right of Way - Rt. 287 (I-104) ✓

139. There is presented again the matter of acquisition of property on Route FAI-104-2(2), also known as 287-2-(2), Route U.S. 22 to Easton Avenue, Parcel 2R8A, J.M. Club, Inc. Condemnation proceedings were previously authorized at which time the owners were demanding $60,000. Subsequent to the swearing in of the condemnation commissioners preparatory to the hearing in this case, the Attorney for the owners requested permission to discuss the matter in an effort to reach an amicable settlement. The State has been in possession of thisproperty for eleven months and would be liable for interest for that period of time on any condemnation award rendered. After discussing all of the elements involved, the owners agreed to accept $58,000 and agreements in that amount were executed. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (August 4, 1960)

At the hearing before condemnation commissioners this case was uncontested, and the testimony on behalf of the State was $25.00. The commissioners made an award in the sum of $25.00. It is recommended that this award be approved. (August 11, 1960)

Right of Way - Rt. 80 (I-101) ✓

143. There is presented again the matter of condemnation of easement on Route FAI-101-2-(2) also known as 80-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, Parcels RE186A & RE186B, Stapling Machine Company. At the hearing before condemnation commissioners, the testimony by the State for the easement was $100 and the testimony on behalf of the owner was $10,469. The commissioners made an award in the sum of $1,250 plus interest from the date of entry, November 4, 1957. It is conceded that there would be some damage to the remaining property by reason of the severance of the property by an open ditch and the probability of a flooding condition. It is therefore recommended that the award be approved. (August 8, 1960)
